beth, son of Col. John Macbeth, clerk

DEATH OF OLD RESIDENT.

John Prodger, sen., one of the oldest residents of London, died this street, at the age of 81 years, of paralysis. He had resided in London for about 60 years. The funeral notice will be announced later.

GOING TO ENGLAND.

Hon. David Mills, minister of jusence of representatives of the colonies with the law officers of the crown in reference to a change in the constitution of the judicial committee of the privy council. There will be two other colonial representatives, one from the Australian Commonwealth and the other representing the South African

LONDON AUXILIARY "ALMA'S DAUGHTERS."

At a special meeting of 'Alma's Daughters at St. Thomas Monday, writes a correspondent, Mrs. A. A. Campbell, London, and Miss Fuller, Leamington, suggested that an auxiliary be formed in London, to assist the parent society; this is very gratifying. We hope in the near future other branches may be formed. Mrs. Campbell and Miss Fuller's visit was very encouraging and greatly enjoyed. Among other names added to the membership roll were the following: Mrs. Courtwright, Inwood; Mrs. (Dr.) Archer, Chicago, Ill.; Miss Fuller, Leamington; Mrs. Campbell, London; honorary members, Dr. Archer, Chicage, Ill., and Mr. Francis, Fingal.

FOUND THE DIAMOND.

Mr. Fisher, of Meredith & Fisher, London, one of the administrators of the deceased's farm in East Oxford yesterday afternoon, says the Woodstock Times. The lawyer discovered that the late Mrs. Hogg, among her personal proporty, possessed a fine diamond ring and a valuable gold watch. The ring is now in the possession of McNair, who was employed by Mrs. Hogg to manage her farm.

"For over six years I suffered intensely. I could do no work. I used five boxes of Dodd's Kidney Pills and I am cured completely.

"I believe Dodd's Kidney Pills will cure any case of Heart Trouble."

ONLY THOSE who have had experience or the tensely. I could do no work. I used five boxes of Dodd's Kidney Pills and I am cured completely.

"I believe Dodd's Kidney Pills will cure any case of Heart Trouble."

ONLY THOSE who have had experience or the stomach and bowels free from deleterious matter. Taken according to direction they will overcome dyspepsia, eradicate biliousness, and leave the discovered to the servetions. Their merits are well known to thousands who know by experience how beneficial they are in giving tone to the system. the late Margaret Hogg, drove out to

The gold watch could not be found, but it is understood that another employe of the deceased has the missing article, and that it will be forthcoming at the proper time. It appears that the deceased was unable to speak for a short time previous to her death, and that she motioned to McNair to take her diamond ring as a dying bequest. The employe, who has the watch, was at the bedside of the dying woman with McNair and witnessed her testamentary action to the bestowal of her yellable ring to the trusted steward in valuable ring to the trusted steward in reward for his long and faithful services. The administrator, however, says that the articles in question will have to be produced by those who have them in their presession, for such is

POLICE COURT.

Many colored residents were present n this morning's police court to learn the outcome of the case against Samuel Miles, the young colagainst Samuel Miles, the young colored man from Washington, D. C., who ored man from Washington, money unis charged with obtaining money under false pretenses from Mrs. Henderson, of Horton street. Mr. Graydon, Miles' counsel, asked for a week's additional money will be complied with.

Chicago, May 29.—The administrative counsel, asked for a week's additional money will be complied with. journment, which was granted. The lust of warfare was again responsible for the infliction of several fines. John Druce and Donald Ross, both South Londoners, were each fined \$3 or 10 days for fighting. The fight arose out of Druce's attempt to administer chastisement to Ross's son. John Claxton was mulcted in the sum of \$2 or 5 days' imprisonment for assaulting a lad named Taylor. George McDonald, of Woodstock, who, while drunk and disorderly, assaulted P. C. ortill, was fined \$5 or 20 days on each charge. Two drunks were let go.

#### HE WILL MANAGE THE NEW GRAND.

Mr. J. F. Cairns, of the Chatham Grand Opera House, Will Be the Local Representative of London's New Theater.

It is stated on reliable authority that the local manager of the magnificent new opera house in this city is to be Mr. J. F. Cairns the present local manager of the Grand Opera House, Chatham. Mr. Cairns is an accurate business man, and has been a popular and successful manager at Chatham. He was formerly on the staff of the Chatham Collegiate

Institute. This announcement has been awaited with much interest, especially among theater-goers, who will be pleased to know that the management of the new opera house has been placed in the hands of an experienced and thorough-

## About Sugar Beets.

The cultivation of sugar beets re quires far more labor than ordinary hoe-crops. When the plants have four leaves they should be thinned to from London police with reference to a six to eight inches in the row, care behouse belonging to him in that city. He stated that he had learned that since his removal here, his house had if there are no weeds. It is necessary to hoe them often, the oftener the bet-The Boys' Brigade of the Memorial ter, as it means the sugar in the beets. Stanley, who informed the committee In a dry time, stir the soil often, but not deep, in order to retain moisture; cultivate till the leaves are so large there is danger of breaking them. as the sugar is gathered from the air through the leaves. There is as much soil. A rich, deep, loamy soil is the best. The seed supplied last year was all the same quality. The best sample of beets that were tested yielded over 16 per cent sugar and over 91 of purity, but they were well cultivated, and the ground kept clean. The poorest sample only yielded a little over 11 per cent sugar and a little over 71 purity, but they were poorly cultivated and woody. At four dollars a ton for stan-London; for alterations and additions dard beets the former would be worth to Mr. Alex. Anderson's residence on over five dollars a ton, while the latter 'illiam street; to the two stores at would hardly be taken by a factory at and 209 Dundas street; to any price. As prizes from \$1 to \$15 offices of the City Gas Company, are to be given for the best beets grown for a brick residence at the corner in the county of Middlesex, this year, of Central avenue and Wellington it will pay to attend well to their cultivation. We hope each will keep an exact account of the cost per acre for growing them. As far as tests have been made this section of the country is well adapted to the sugar beet cul-ture, and it is likely to become the of the surrogate court, will be pleased standard crop. It will pay farmers to to learn that he has been appointed grow beets and less wheat. It is hard manager of the Molson's Bank at to acknowledge that Michigan is any Revelstoke, B. C. Mr. Macbeth was better adapted for growing any kind of to acknowledge that Michigan is any formerly accountant at the Winnipeg agricultural products than Ontario, but they have shown a little more of the spirit of enterprise and are ahead of us on the sugar beet industry. Last year they grew over 37,000 acres of sugar beets, and had invested \$4.013.743 in beet sugar factories, and a total of morning at his residence, 428 South \$24,758,519 in beet sugar factories in the United States. Farmers claim they made good money last year by growing sugar beets. There will be far more grown this year. Foreign gold mines are losing their attraction for the mine of wealth in growing sugar beets, payng off the mortgage on the farm, and the old frame house is being replaced tice, leaves tomorrow for Ottawa, prior by a good brick one. The genial beet to his departure for England. He will grower is happy in the thought that he has found the secret of success, and is there represent Newfoundland as well on the straight road to worldly prosas Canada at the forthcoming confer- perity. The Canadian farmer may be little slow in catching hold of anything new, but if the 100 samples sugar beets that are being grown in the county of Middlesex this year come up to expectations, no doubt there will be a big boom in sugar beet growing next year, and a large beet sugar fac tory erected in the city of London.

H. C. GREEN, 307 William street. London, Ont., May 28, 1901.

## SIXTY FEET OF SITUATION!

New York Machinists' Trouble Drillers at Victoria Hospital at Amicably Settled.

National Metal Trade Association Abrogates Agreement With International Machinists.

New York, May 28.—Several hundred machinists, who have been on strike, having reached an agreement with the

Chicago, May 29.—The administrative council of the National Metal Trades Association, at a meeting in the Great Northern Hotel yesterday, adopted re-solutions abrogating the New York agreement with the International Association of Machinists. The council decided that it would have no national arbitration of the wage question. committee will be appointed to confer with the local officers of the Machinists' Union to arbitrate wages in Chicago, provided President O'Connell shall appoint a committee from the union for the purpose. A telegram was sent to O'Connell asking him to appoint a candidate.

INTERNATIONAL MINERS' UNION London, May 28 .- Prior to adjournment of the international miners' conference, standing orders were suspended and a resolution was introduced and carried unanimously, inviting the American miners to send delegates to future international congresses. was pointed out that in view of the threatened competition of American coal in the markets of the world, and the possibility that American miners would be used against the miners of Europe for the purpose of lowering the latter's wages, the miners of the United States ought to be represented at future conferences.

DETROIT STREET CAR MEN. Detroit, May 29 .- Detroit street car men will demand 2 cents extra an hour from the Detroit United Railway, notwithstanding the flat refusal last week, by Supt. Stanley, to consider a raise in wages. Two-thirds of the members of the union were present at the meeting in Bamlet Hall, and the vote was unanimous to stand by the proposed new agreement in the matter of the raise, of a return to book passes, and having the day's work done inside of twelve hours, instead of 12½, as now. A raise of 2 cents an hour for all the employes will cost the company, it is estimated, about \$60,000 a year. As the company reports that it is making over \$1,000,-000 a year clear, it is not considered by the men that the increase in wages is out of proportion to the profits of

the company. An enlarged agreement committee of the Employes' Association, with instructions from the men to demand 23 cents an hour, the return of the old pass book system of transportation, and as far as possible to have the runs completed within twelve hours, was met by General Superintendent that Mr. Hutchins was out of the city and the conference will be held this morning.

WHAT THE LABOR GAZETTE HAS

TO SAY. Ottawa, May 29.-The Labor Gazette, issued yesterday, says: "With the exception of two or three important strikes, the trade disputes of the month of April, although more numerous than those of the previous month, were for the most part comparatively unimportant, the numbers affected being small and the time lost short. A number of those miner disputes were still unsettled at the end of the month. They have been caused mostly by the refusal on the part of employers to accede to demands for an increase in existing rates of wages or improvement of cenditions. The strikes referred to were the Moncigarmakers' and the Quebec treal

shipbuilders'. WAGES INCREASED. Youngstown, Ohio, May 29. wages of the skilled and unskilled day men of the Youngstown, Girard, Warren and Greenville plants of the American Steel Hoop Company, one of the companies of the United States Steel Corporation have been voluntarily increased from 10 to 20 per cent. The increase is effective at once. About two thousand workmen are ben-

NOTHING IN IT.

Toronto, Ont., May 29.-President O'Connell, of the International Machinists, this morning said he had no information at all as to the alleged action of the Metal Workers' Association at the Chicago meeting yesterday abrogating the new agreement with the machinists and refusing to have a national arbitration en wage question. Mr. O'Connell said there was no news in the item as heretofore all agreements have been made with individual firms.

NOTES. Buffalo, N. Y., has been selected as permanent headquarters of the United Switchmen of North America, and the Switchmen's Journal, now published at Omaha, shortly will be removed to

At a meeting of the Hamilton (Ont.) Journeymen Tailor's Union last night, a number of the members were fined \$25 each for working for a city firm last summer, while its employes were on strike.

#### 'Corns! Corns! Corns!

Tender corns, painful corns, soft corns, bleeding corns. The kind of corns that other remedies have failed to cure—that's a good many—yield quickly to Putnam's Painless Corn Extractor. Putnam's Corn Extractor has been a long time at the business, experiences in fact just know to do it. At druggists.

Four more cases of smallpox are reported at Hamilton. RHEUMATISM CURED QUICKLY And surely with Trask's Magnetic Oint-

ment. 25 and 40 cents at C. McCallum

& Co. The first cargo of sealskins ever brought to the port of Halifax arrived when the schooner Edmond Sunday, Roy, Capt. Gilbert, which left eight months ago with a crew of fourteen men, brought back a cargo estimated to be worth \$25,000.

# SPRING WATER

Last Rewarded.

Plentiful Water Supply Will Mean Material Reduction in Maintenance Expenses.

Success has terminated the efforts of the water-seekers at Victoria Hospital, and the well recently sunk is now filled 60 feet deep with pure water. As soon as the necessary pumps are put in, it will form a large portion of the hospital's supply. What this means to the expense account will be readily appreciated, for the quantity of water consumed there for various purposes is enormous. Its purity, and especially its freedom from lime, will be invaluable in the boiler and heater department, where, in the past, the deposits of lime have been expensive and injurious. Because of the scale formed on the heaters by the water now used, their efficiency has been impaired, and not only will this be remedied, but the amount of fuel required will be reduced.

The well is situated at an easily accessible spot back of the main building, and is 160 feet deep.

## UNION'S POWER WOULD BE FELT.

Local Union Machinists Say They Would Wield an Influence

In the Event of Strike-Non-Unionists Claim Union Is Weak-No Agitation Expected.

Although local machinists are deeply interested in the present agitation and the strike situation in Canada. there appears to be no probability of it affecting this city. Practically, the important demands of the machinists are that a nine-hour day with the same pay be instituted and that the shops be made all union. A 55-hour week prevails pretty generally in Canada, but here the shops run the full ten hours a day. The machinists' union in London is not very strong, but according to one of its leading officers, there are enough of the 75 men employed at the trade belonging to the union to control matters should anything arise. In this regard, however, he would express no opinion. Non-union men here say that the union here is too weak even to contemplate action; while, on the contrary, union men claim that in the event of their being ordered out, the apprentices, of whom there are many, would be with them, and they would win. The present agreement that the machinists have with the International Metal Workers' Association, the union of the employers, does not expire until June 20, and the rule is not to break existing agreements.

#### CONTRACTS FOR ANNUAL CAMP.

Names of Successful Tenderers for the

Carling's Heights Camp. The contracts for the supplies of the annual militia camp have been awarded as follows: Meat, L. J. Lockyer; groceries and potatoes, J. cock; wood, Wm. Heaman; bread, Parnell-Dean Steam Baking Company; forage, J. B. Smith; transporting baggage, B. G. Clampitt; cleaning latrines, etc., Philip Edwards.

## SPORTING NEWS.

BASEBALL. FLYS.

Guelph Mercury: It is amusing to read in the Canadian press about the probable Canadian League winner. London says the chances favor them, while Berlin and Waterloo are each giggling up their and Waterloo are each giggling up their sleeves over their prospects, and not a word about Guelph or Woodstock, or even Galt. The season is early yet, gentlement, but before very long they will all be watching Guelph's smoke.

Berlin Telegraph: As these who have followed the events of the baseball world no doubt know, Galt actually won a game the other day. It now beloaves other

the other day. It now behoeves other teams to look sharp. There must be something radically wrong when Galt wins. By the way, in this game, Pickard, who was rounded off in Berlin, made a three-bagger, a two-bagger and a single. Jack is a baseball player from

single. Jack is a baseball player from the ground up.
"Butt' Saunders' Galt ponies have been down in their luck, and "Butt" has threatened to jump in to the Grand. After the London game at Galt, the Reformer the London game at Galt, the Reformer than the price of admissions.

the Lendon game at Galt, the Reformer says, "it was worth the price of admission to see that careworn look pass of 'Butt's' face."

Jack Handiboe and Clint Martin are both playing good ball with the Memphis team of the Southern League. The team has climbed from the bottom to third place, and is now making a bid for the leadership. Pete Haggerty and McKevitt, formerly of Hamilton, have been released by New Orleans, and signed by Memphis. Memphis.

Mathewson, of New York, the pitching phenomenon of the year, had the following wonderful record up to May 24:

B.H.

game. SATURDAY'S GAME.

SATURDAY'S GAME.

Nothing but a continuation of the present Arctic weather can mar Saturday's ball game at Tecumseh Park between the Londons and Waterloos. The game should be the best of the season. The Waterloos are the present league leaders, but it remains to be seen whether they will keep that proud position after Manager Sippi's hearties have finished with them. Among the Waterloo players who will appear on the Tecumseh Park diamond are several old players well known to London fans. Andy Reid, who caught for the Londons in 1897, is catching for Waterloo, and Thompson, one of the pitchers of last year's London champions, will probable handle the sphere for Waterloo. Billy Rodden, a former London player is covering second base for the league leaders.

The London team is in excellent shape for Saturday's game. Gibson is in fine fettle again, and either he or Killien will pitch.

If the weather should prove favorable der the law it is either the bridegroom's

pitch.

If the weather should prove favorable the stands will no doubt be filled.

## SOCIALISTIC WEDDING

Professor Puts in Practice His Own Theories.

Declares Himself Married to an lowa Lady.

Has It Understood That "No Ceremony Is Necessary"-A "Rev." Dr. Brown Lends His Countenance to the Affair-The Couple Will Labor for Socialism.

New York, May 29 .- (Special to the Chicago Tribune.)-Rev. George D. Heron and Mis Carrie Rand, the only daughter of Mr. E. R. Rand, of Burlington, Ia., were married at 7 o'clock on Saturday evening in the apartments oof Charles Brodie Patterson, in the Schuyler, 59 West Forty-Fifth street, by the Rev. William Thurston Brown, pastor of the Plymouth Congregational Church, of Rochester.

Dr. Herron is the founder of the "New Social Apostolate," and is a Socialist of a peculiar type. His bride and her mother are converts to the gospel he preaches. Rev. Mr. Brown, the officiating

clergyman, is what might be called a partial convert. Charles Brodie Patterson is a men-

al science healer. Dr. Herron has been living at the Schuyler for some time. Mrs. Rand lives at the Hotel Empire. Dr. Herron and Miss Rand have been thinking of getting married for a long while, and since March 21 there has been no obstacle to the union. On that day Dr. Herron's first wife got a divorce from him at Algona, Ia., on the ground of desertion. The suit was un-defended, and the court gave to the wife the custody of her four children.

DECIDES TO MARRY MISS RAND. With Dr. Herron's first marriage reation dissolved he and Miss Rand decided on the date of their marriage. Mr. Patterson-who is living apart from his wife-asked the privilege of making a wedding party for friends, and it was arranged that the wedding should take place in his apartments on the fifth floor. rooms were decorated with vases of

roses. The bride and her mother drove down from the Empire, reaching the Schuyler a few minutes before 7 o'clock. The few guests who had been bidden to the wedding were seated in the parlors when the bride and bridegroom, each unattended, walked in. There was no wedding march, nothing to announce their wedding. Neither Dr. Herron nor his bride believes in conventional marriages.

In speaking of marriage the doctor

"People who love each other, and who, therefore, ought to live with each other, need no laws to bind them together. The coercive family will pass away with the coercive economic system. Even when love exists on the part of one and not on the part of the other there can be no possible good in the two being kept together by

NOT CONVENTIONAL. With a bride and bridegroom hold ing such notions of marriage their wedding might be expected to be somewhat unconventional. entered the room the doctor in substance said:

"My friends, I have chosen Miss Rand to be my companion." Then Miss Rand said:

"I have chosen Mr. Herron to be my companion. That was all there was of the marriage ceremony so far as the parties regard the essentials. That it seem more like an ordinary wedding however, Mr. Brown arose and said: 'I cannot but feel-as all of us must today-the impotence of words fittingly to express or announce to the world that which this occasion means.

NO NEED FOR WORD OF PRIEST. "Nowhere has the religious institution so nearly approached the fron-tiers of vital truth as in conceiving marriage to be a sacrament. But nowhere has it departed so far from al that is divine and ennobling as in supposing that any word of priest or prelate can be sacramental. Neither statute nor official, civil or religious, an ever create this sacred thing. Neither has it the smallest sanction to give to that which is sacred, if at all, by the supreme flat of a pure and

perfect love. "We are not here to establish a re lationship which otherwise would not have been. We are not here to inaugurate a marriage. \* \* \* We are here today simply to announce to the world the oneness of two human souls in a love that reflects, and manifests, and reproduces somewhat of the essence of that infinite love which sways and ani-

mates the universe. "Let the fleeting years bring what they may, it cannot matter. Love holds all the years that have been, or are to be. It is supremely a gospel. No note of peace, or power, or purity is want-

"These friends of ours announce to day their marriage. They do so not primarily, because our faulty laws require it at their hands, but for a deep er and diviner reason. They do not assume that their life belongs to them alone. They announce a fuller, deeper, richer harmony with that divine lif which is emergent in the unfolding aspirations of the world than could have been theirs as separate individuals. "Inasmuch, therefore, as George D. Herron and Carrie Rand are thus unit

ed together by the bond of a reciprocal love, I announce that they are band and wife by every law of right and truth, and I bespeak for them the has been tropical during the last two fervent benediction of all true souls and the abiding gladness that dwells in the heart of God forever. The last sentence raised a question in the minds of some of those present whether Mr. Brown or Dr. Herron and Mrs. Herron would certify to the board of health that he had performed the marriage, as mere vital statistics. Un

business or that of the officiating cler gyman to see that the record is turned attested by the latter. Dr. Herron is a clergyman and may attest that he married himself. INDORSE HERRON'S DOING. Each of the guests said what Dr. Herron's secretary said today was "an appropriate word." The supper table was decorated with white lilacs. Toasts

## ORIGINAL OR COPIED!

Rev. Thomas McKay, of New Haven, in Trouble With His Congregation Over His Sermons.

New Haven, Conn., May 29 .- The Rev. Thomas McKay, who has been paster of the Taylor Congregation Church of this city since last June, is in trouble with his congregation over whether his sermons are original or are reproductions from the published works of the Rev. T. DeWitt Talmage. The Taylor Church is an offshoot of the Center Church on the New Haven tion, is pastor. Mr. McKay came here from Plymouth, Luzerene county, Pa., and his sermons have been highly praised by his parishioners for depth of thought, finish and soundness. He was regarded as a brilliant man. Four weeks ago stories were put in circulation that his sermons were not

his own. Then Gordon Williams, parishioner, backed by Deacon Kraft, prepared a paper, to be signed by members of the church, requesting their pastor to explain whether his sermons were the genuine article. signed the paper but Williams and Kraft. Mr. McKay heard of the movement

3 in New Haven since. All that Williams has for a foundation for his charges is the fact that he has read many of the serme

The Case of Judge Robertson—He Can Get His Retiring Allowance Any Time.

[Special to The Advertiser.] Ottawa, Ont., May 28.-The attention of your correspondent was called today to a statement which is going the rounds of the press in regard to Justice Robertson, of the Ontario bench, who is suffering from deafness to such an extent that counsel who plead before him have been complaining to the department. Sir Laurier made reference to this in the house during the last days of the ses-

It is said in the press that if Justice Robertson retired now he would not be entitled to the annuity of the two-thirds his present salary because he has not been fifteen years on the bench. It is learned that

THIS IS A MISTAKE. The statute provides that a judge may have not less than fifteen years' ser-The Great English Remedy.
