CANON DANN ON ESAU AND JACOB

Interesting Lecture Before St. Paul's
Club Last Night.

At the regular meeting of St. Paul's
Club last night, Canon Dann spoke
upon "Esau and Jacob," discussing
them as types of men that are to be
found in modern life. Esau represents
the easy-going, undisciplined man,
who finds it difficult to resist tempta-
tion and who does not try particularly
hard to do so.

Jacob, notwithstanding that he was
greedy and crafty, had that in his
nature which would easily make him
great, and was really capable of great
spiritual achievements.

The speaker rather favored the lat-
ter type of man, because of the great
results that might be obtained when
he was properly directed by religious
influences.

over the dam at Springbank this afternoon, according to the figures of Pumping Engineer Simmie. The water has gone down fourteen inches since yesterday morning.

Revival Services.
The revival services in the Hyatt Avenue Methodist Church are attracting a great deal of attention, and large audiences are present every evening.

Last night Rev. J. J. Teasdale spoke on "The Sons of God," and at the close of the sermon many signified their desire to become Christians. During the evening Miss J. Russell rendered a solo very acceptably.

Enjoyable Evening.
A most enjoyable time was spent Wednesday evening at the home of Miss Ethel Johnson, 185 Wharncliffe road, when she was taken by surprise by the employees of Gorman, Eckert & Co. The evening was spent in music, games, etc., and after everybody had partaken of a hearty midnight lunch, they left for home by a special car.

Port Stanley Breakwater.
The new breakwater on the shore of the lake at the foot of Main street, Port Stanley, has been completed. The crib is 180 feet long, 10 feet wide and 6 feet deep, built of chestnut. The village council have issued tenders for filling at the back, 180 feet long, average width 19 feet and 5 feet deep, which will take 665 cubic yards of earth. The cribwork is done in a very substantial manner and reflects great credit on Geo. L. Gray, who was the superintendent.

Elliott-Armour.
A quiet wedding was solemnized on Tuesday evening last in All Saints' Church, when Miss Ella Armour, of Adelaide street, was united in marriage to Mr. Cyril O. Elliott, of this city. The ceremony was performed by Rev. C. C. Walker, in the presence of a few intimate friends. After the ceremony a reception was held at the home of Mr. Alex. Cattnach, where a splendid wedding breakfast was served. Remains Interred.

The remains of Mrs. Frank Campbell, who died in Toronto recently, were brought to this city yesterday, and the funeral took place this afternoon from the residence of her daughter-in-law, Mrs. Frank Campbell, 422 Dundas street, to Woodland Cemetery. Very Rev. Dean Davis conducted the services. The pallbearers were Messrs. William Clark, Charles Sumner, J. W. Humphrey, Francis Love, Joseph Scandrett, W. Thompson and Fred Wheeler.

Lake Erie Shipping.
The car ferry M. and B. No. 2, arrived at 11 o'clock Wednesday night from Conneaut with 30 cars of coal for the Lake Erie Coal Company. The captain reports heavy ice twelve miles from the shore, also six miles off Conneaut. The steamer Collier No. 1 is making her regular trips from Conneaut to Rondeau. The tugs Gordon Brown, Frank McCauley, Maxie, and Governor Morton, have all been launched and set their gill nets on Wednesday.

Faulds-McLachlin.
A very pretty event took place at the manse, Delaware, on Wednesday, March 25, when Miss Dela McLachlin was united in marriage to Mr. Bruce Faulds, of Muncey, the ceremony being performed by Rev. Mr. Leitch. The bride, who is one of Muncey's most popular young ladies, looked very charming in a gown of white silk de chine, with trimmings of pleated chiffon. She wore a large picture hat and carried a shower bouquet of bridal roses and was unattended. After the ceremony Mr. and Mrs. Faulds left by the G. T. R. for Detroit and other cities. They will be at home to their new friends after April 10, at their new home near Forest.

ONE WAY TO RESTORE LOST OPPORTUNITIES
Increasing Numbers Attend Special Services in East End Church.

With the exception of Sunday night, the attendance at the special services in Adelaide Street Church last evening was the largest yet, including a number from St. Thomas. Dr. Townner was in good voice and sang three solos—much to the gratification of the great assemblage. As the choir and audience are becoming more familiar with the music and words of "Famous Gospel Hymns," the singing increases in quality and power, and the preliminary song service is much enjoyed

ed by those who are early enough to take it in. Miss Marriott, of St. Thomas, again proved most efficient by at the organ; Mr. E. Johnston was pianist, Mr. Fred Gillies and Mr. Percy Cook playing their cornets. Dr. Townner repeated his solo, "Paul and Silas," in which the compass, flexibility and power of his splendid voice are shown to great advantage.

Rev. J. W. Hoyt, M. A., of Center Street Baptist Church, St. Thomas, made the opening prayer, and Rev. Mr. Carew, of Maitland Street Baptist Church, was also in attendance.

Rev. T. T. Shields took for his text the words in Joel, II, 25: "And will restore unto you the years that the locust hath eaten." These words were spoken by the Lord, through his prophet, Joel, to the people of Israel, whose land had been desolated by a plague of locusts, which had fallen upon them as a punishment for their sins, the conditions of their relief being that they should repent and turn to God with their hearts.

From this striking object lesson the preacher showed how God is prepared to restore to those who repent and believe, the years that they have lost by the "locusts of sin." Men waste their time by not doing, and by wrongdoing. Sin strips a life of all that is good and beautiful. Sin robs God as well as man. We cannot in ourselves recover the lost years. "The only way you can live your life over again," said the preacher, "is to live it in Christ. He will make up your deficiency out of the inexhaustible wealth of his righteousness. 'Jesus died for me' is only half the gospel. He lived a perfect life for you, satisfying all that God's law can demand."

The preacher closed, urging his hearers to put their trust in the crucified and risen Lord, and "be gloriously saved by sovereign Grace."

Those remaining for the after-meeting filled the main floor of the auditorium, and quite a number expressed their desire to surrender themselves to the Sinner's Friend.

20TH ANNIVERSARY MIDDLESEX COURT
Members Spent a Very Pleasant Time Last Night.

The members of Court Middlesex, A. O. F., celebrated their twentieth anniversary last night by a smoker which was held in Sherwood Hall.

A very large number of the members and their friends were present. The early portion of the evening was spent in playing cards, the prizes, two splendid pipes, being won by Mr. A. Anderson, of Mary street, for high score at Pedro, and by Mr. Clark, of Walnut street.

A case pipe was also won by Mr. W. Stone.

A dainty lunch was served, after which the presentation of past chief rangers' badges was made to Bros. C. Colerick, F. Harding, W. Jarvis, A. Evans, J. McCormick, W. Baskerville, C. Smith, A. Bennett, A. Aree, C. S. Taylor, R. Thomas and B. Reed.

Bros. A. Galpin, of Court Defiance, and Ald. J. H. Saunders made the presentations.

A programme consisting of numbers by Bros. McFadden and G. H. Zwicker, and several addresses brought a most enjoyable evening to a close.

LAD TRIPPED ON WALK PAINFULLY INJURED
Accident to Little Son of Mr. David Armstrong, of South London.

The 6-year-old son of Mr. David Armstrong, of 6 Beaconsfield avenue, met with a painful accident, while playing in front of his home yesterday afternoon. The little fellow tripped on the sidewalk, and fell, cutting his head very badly. A physician was called and dressed the injury, and the boy is doing nicely.

LABOR CONDITIONS ARE IMPROVING
Ottawa, March 26.—According to reports published in the March number of the Labor Gazette just issued, the number of unemployed during February was less at several points than in January owing largely to the heavy snowfalls which necessitated the employment of large numbers of men in the work of removal.

In Western Canada and in Nova Scotia, the weather continued exceptionally mild.

Extensive Arrangement for Railway Construction.
The announcement of arrangements for a new line for railway construction during the present year had a favorable effect, the outlook being that expenditures in this connection will exceed those of previous years. Arrangement for the supply of labor were already being made.

The money stringency, however, continued, being chiefly felt in the manufacturing industry, and in the building trades, in both of which the

T. A. ROWAT & CO.

outlook was less favorable than at the corresponding period of 1907.

Collieries Are Busy.
In the mining industry, the Nova Scotia collieries were very busy, and there was an improvement in the metal mining camps of British Columbia. Lumbering and fishing continued dull, the effect being particularly felt in British Columbia and in the Maritime Provinces. The storing of ice was completed under exceptionally favorable conditions, the quality of the product being excellent and the supply abundant.

Cost of Living.
Butter was higher in price at many points than in some years, but eggs declined somewhat compared with January. Wheat was unsettled, with an upward tendency at the close of the month. White oats were scarce in price. Hog products remained depressed. On Feb. 1, an advance of 2½ cents in the price of canned fruits and vegetables went into effect. At Montreal, Que., the price of bread was advanced one cent per loaf.

Lumber Lower.
The price of British Columbia lumber was reduced \$3 per thousand feet for rough, \$2 for clear, and 75 cents for shingles; the new prices are lower than have prevailed for the past 18 months.

Metals were unsettled, some decline on the recent advances having taken place in copper and tin. Paints were dull, but oils and turpentine were upward in price. Wool and yarn prices were somewhat weak. Rents were upwards in Montreal and Quebec. Quebec.

In the annual report of the inspector of hospitals and charities for Ontario, it was stated that the average cost per patient in Ontario hospitals had increased from \$2½ cents per day in 1900 to \$1.08 in 1906, and \$1.16 in 1907.

Fewer Lost Days.
The number of trade disputes in existence during February was one less than in January, and there was a decrease of about 16,895 in the number of working days lost.

Compared with February, 1907, there was a decrease of 14,731 in the number of working days lost.

MAYOR FEARS THAT COMMISSION'S ASLEEP
Wants the Power Lords to Get Busy—Toronto Is Waiting for Them.

Toronto Star: Mayor Oliver wants to know what the hydro-electric power commission is doing.

"Toronto is waiting on the commission now," said he. "It was announced last week that a meeting of the municipalities interested would be held on Tuesday or Wednesday of this week. Here it is Thursday, and no meeting has been called yet."

"I wish you would wake up the commission," he concluded.
