Citizens of London I Ask You To 'Work With the Construction Gang and Not the Wrecking Crew'

—E. S. LITTLE.

Mr. Meighen may not intend to be a wrecker of Canadian Unity, but he knows, as he said when he was in power, that the West must not be burdened with heavier tariff charges. It is vital to the welfare of the West, from which comes the great flow of trade to Old Ontario and London, that the farmer should pay no more for his manufactured goods, because he works on a narrow margin.

Mr. White, who is joining the London CONSTRUCTION GANG by erecting a large addition to his plant, does not realize that he is

lined up, politically, with the WRECKING CREW, or we know he would never permit the association to continue. But he is following the destructive appeal of his leader somewhat blindly.

Mr. White cannot seriously contemplate tariff changes that would alienate the Maritimes and the West, and DISRUPT THE CANADIAN NATION AT ITS MOST CRITICAL HOUR.

The "Wrecking Crew" is composed of those who would scuttle the ship, and let the country sink, NOT FOR PROTECTION, BUT MORE PROFITS.

Liberalism Has Brought Prosperity During Every Term

Laurier and his cabinet of giants opened the West, and made our manufacturing plants fairly hum with prosperity. During the period between 1896 and 1911 the great awakening of Canada took place—millions of people poured in. The country became known to the world.

We Are Now at the Second Quarter of Canada's Greatest Century

Let the policies of Laurier be carried on. Do not permit a dislocation and a disunity of purpose to stand between Canada and Prosperity.

AND EVERY VOTE FOR LITTLE TOMORROW WILL BE A VOTE for LIBERAL 'GOOD TIMES' and CANADIAN UNITY

It is most vital to the welfare of the country that every thinking man and woman should poll his or her vote. A half holiday has been granted, and no longer is anyone kept from voting because of lack of time. Consequently the largest vote in the history of London is anticipated, and the Liberals have made arrangements to

carry thousands of voters to the polls, thanks to the scores and scores of volunteer motor cars that have been tendered Mr. Little, not only by Liberals, but by friends of the candidate and his supporters. Many calls have been arranged by subdivision chairmen, but there will be cars at Hyman Hall during the day for all who may need them.

Call 781 or 762 For One of the Liberal "Flying Squadron" Cars

Every effort will be made to handle all calls promptly, but you can greatly assist by putting in your call tonight, if possible, and our staff will see that arrangements are made to take you or your friends to the polling place.

Why not take a few Liberal voters to the polls in your own car?

A Message of Thanks to My Friends Who Have Given Me Such Magnificent Support

I have just come to realize the enormous amount of work that has been done to help elect a Liberal candidate in London. Every Liberal has been loyal, and many friends have come forward from the other side. Let us keep up this spirit until the last vote is polled.

NOW LET US HAVE A MEMBER FOR LONDON ON THE GOVERNMENT SIDE OF THE HOUSE, WHO WILL NOT BE "HELPLESS"
