RUSSIA IN CHINA.

Only Visiting for the Winter and Por Arthur Open to British Trade.

London, Jan. 31.—It is announced on the best authority that the talk of an Anglo-Japanese plan of campaign in certain eventualities is unfounded. No such matter has occupied the attention of the two countries, and no engagement has been agreed upon to secure foreign development in China. As regards Port Arthur, the Russian fleet, according to the same authority, is only there for winter quarters, and the statements as to a Russian occupation are unfounded. China is willing that the English war-ships should anchor there if required.

The Manchester Guardian hears that be difficulty in the Far East has been solved by the opening of Port Arthur to trade on the same terms as Kiaochou, Great Britain withdrawing her demand or the opening of Talienwan.

Pekin, Jan. 31.—The German admiral has taken measures locally for redress for the killing of the German sentry at Kiaochou, but serious results are not anticipated.

It is supposed that Great Britain's withdrawal from Port Arthur and her ceasing to exert pressure for the opening of the port of Talien Wan, which actions are regarded as incredible and suicidal to British interests. to British interests and prestige, were owing to her disbelief in the existence of secret treaty between Russia and china. But the Chinese government quotes this treaty as a reason for Russia's presence in Port Arthur, and Russian despatches to the Tsungli Yamen allege that the occupation of Port Arthur is in

accordance with the treaty.

Ten leading bankers, representing the Canadian Bankers' Association, interviewed the government to-day on the subject of insolvency legislation. Mr. Walker, of Toronto, said that the negotiation of 1895 showed only one point of material difference between the banks and boards of trades, viz., as to the rights of holder to negotiate paper ranking upon the estates of endorsers. All the banks asked was single ranking and
