OPPOSES PROHIBITION.

Hon. J. Israel Tarte's opinion of prohibition, as given in La Patrie, of Saturday, is—

"We would ask our people not to lose sight of the fact that prohibition has been a fiasco in Maine, Rhode Island, Vermont, Massachusetts, Kansas, and all parts of Canada, where it has been tried; that there is more drunkenness at the present time and more scandal and disorder in Maine and Nova Scotia, where this law still exists, than in the province of Quebec.

"We again ask our compatriots not to lose sight of the fact that prohibition, agriculture would lose a local market which consumes every year several millions of bushels of grain, and which would destroy a business that gives a livelihood to thousands of families.
