Market was characterized to-day by a lower tendency. Dealers throughout the country are mostly attending the exhibition at present, and this together with the dullness of the English market, casts a reflection and has a depressing effect upon the city trade. Wheat at call was offered as follows: No. 2 hard \$1.10, Montreal freights; No. 3 hard \$1.06, Peterborough freights, For the latter \$1.06 was bid. Oats were firm and unchanged and on the spot were wanted at \$4c, with sellers at \$55/c. Rye was wanted outside at 76c. Flour was quiet and quotations were practically unchanged. Sales are slow and buyers are holding off. Straight roller was quoted at \$4.50 to \$4.50; cextras, \$4.20 to \$4.30; Manitoba patents, \$5.80 to \$5.85; Manitoba bakers, \$5.50 to \$5.60. Bran was scarce and in fair demand, and quoted at \$1.20 to \$13. This is an advance of 50c over last week. Barley was rather quiet and bids were made at 35c to 40c, the same as a week ago. Peas were quiet and unchanged, and dealers are awaiting the move in new grain. Bids are made at 62c to 63c. GRAIN AND FLOUR

It has dropped again, however, and is quoted to-day at from \$13 to \$16 a ton. Not more than a dozen loads were offered to-day. Straw has also been scarce and dearer for a week past, selling as high as \$11, an advance of \$1 a ton. It is back to the old figures to-day, and is quoted at \$9 to \$10. A load of white wheat sold at 97 to 98c, a load of barley at 51c, and a load of peas at 80/4c. Kight hundred bushels of oats sold at 35/4c to 58c. The generality of prices in this line ranged from 34c to 36c a bushel. There has been little or no change in dressed neats. The supply is equal to the demand. New York Trade Notes.

Henry Allen & Co. to John J. Dixon & Co.: The Vauderbilts led the market to-day in point of activity and strength. One of the members of the family is making, his headquarters in a Wallsstreet broker's office, and is distributing bull points with great freedom. The Canada Southern and Michigan-Central are the two stocks on which he is talking most bullish, though he is declaring that the Chesapeake and Ohio will come in soon for a speedy rise. Lots of people are acting on these points, as they trickle to the outside public through haif a dozen intermediaries. The result is that lots of people who are loaded up with Vanderbilt stocks have very fair paper profits to their credit now. In the western stocks there seems to be a disposition upon the part of many energetic boomers to rest awhile. Anything like a reaction now would nip lots of ambitions, likewise it would scoop a in lot of outside money. The professional element in the market has most to gain through a smart reaction. 65 King-street East Chicago Grain Market Depressed.

Counselman & Day to John J. Dixon: The leading grain markets were depressed from opening to-day by fine weather and weak cables. Every fresh item of news was beartsh. Receipts of both wheat and corn at il principal points were about double the shipments at same points and exporters reported that foreign market had fallen away faster than this side had done, and speculative holders got anxious to unload. The foreign demand having been the main prop to market holders became demoralized at the close and latest tone was very weak. Our private cables said TAKE THE Island Park Ferry Co.
