Hoard's Station, G.T.R.

Northey Gasoline Engine

The far-seeing farmer will readily recognize its practical labor-saving qualities for all work requiring power on the farm. The running expenses are light—only 15 cts. per h.p. per day. Needs no experience to run—no one to watch it while it is running. It will do more hard, constant work—according to our customers—than either the windmill or steam engine.

Our booklet tells all about it. Send for it.
