

The Eave Line is Where The Ordinary House Rots Out, Because The Condensation Gets into the Joints: The U-Bar House Has No Eave Joints. It is The Original Curved Eave House.

A curved surface is stronger than an angle unless heavily braced, therefore, the curved eave makes the most rigid house. Combine these enduring points with no gutter to cast shade and you

have a house that can't be equalled for growing qualities, and surpasses all others for attractiveness,
