ON A BICYCLE TOUR.

A CLERGYMAN'S EXPERIENCE WITH LONG, HARD
RIDING.

Has Travelled Fully 3,000 Miles On His Wheel
—He Makes Some Reflections on the Bene-
fits of the Sport, and Tells of the Dangers.

From the Utica, N.Y., Press.

The Rev. Wm. P. F. Ferguson, Presbyterian Minister at Whitesboro, whose picture we give below, will not be unfamiliar by sight to many readers. A young man, he has still had an extended experience as foreign missionary, teacher, editor, lecturer and pastor that has given him a wide acquaintance in many parts of the country.

In an interview a few days ago, he said:
"In the early summer of '94 I went upon a tour through a part of Ontario on my wheel. My route was from Utica to Cape Vincent, thence by steam to Kingston, and from there along the north shore of the lake to Toronto and around to Niagara Falls. I arrived at Cape Vincent at 5 o'clock, having ridden against a strong head wind all day.

"After a delightful sail through the Thousand Islands, I stepped on shore in that quaint old city of Kingston. A shower had fallen and the streets were damp, so that wisdom would have dictated that I, leg-weary as I was, should have kept in doors, but so anxious was I to see the old city that I spent the whole evening in the streets.

"Five o'clock the next morning brought a very unwelcome discovery. I was lame in both ankles and knees. The head wind and the damp streets had proved an unfortunate combination. I gave, however, little thought to it, supposing it would wear off in a few hours, and the first flush of sunlight saw me speeding out the splendid road that leads toward Napanee.

"Night overtook me at a little village near Port Hope, but found me still lame. I rested the next day, and the next, but it was too late; the mischief was done. I rode a good many miles during the rest of the season, but never a day and seldom a mile without pain.

"The winter came and I put away my wheel, saying 'Now I shall get well,' but to my disappointment I grew worse. Some days my knees almost forbade walking and my ankles would not permit me to wear shoes. At times I suffered severe pain, so severe as to make study a practical impossibility, yet it must be understood that I concealed the condition of affairs as far as possible.

"From being local the trouble began to spread slightly and my anxiety increased. I consulted two physicians and followed their excellent advice, but without result. So the winter passed. One day in March I happened to take in my hand a newspaper in which a good deal of space was taken by an article in relation to Dr. Williams' Pink Pills. I did not at that time know what they were supposed to cure. I should have paid no attention to the article had I not caught the name of a lady whom I knew. Reading, I found that she, has been greatly benefited by the use of Pink Pills, and knowing her as I did I had no doubt of the truth of the statement that she had authorized.

"The first box was not gone before I saw a change, and the third had not been finished before all signs of my rheumatic troubles were gone to stay.

"I say 'gone to stay,' for though there has been every opportunity for a return of the trouble, I have not felt the first twinge of it. I have wheeled thousands of miles and never before with so little discomfort. I have had some of the most severe tests of strength and endurance, and have come through them without an ache. For example, one afternoon I rode seventy miles, preached that night, and made fifty miles of the hardest kind of road before noon the next day. Another instance was a 'Century run,' the last forty miles of which were made in a downpour of rain through mud and slush.

"You should think I would recommend them to others? Well, I have, and have had the pleasure of seeing very good results in a number of instances. Yes, I should feel that I was neglecting a duty if I failed to suggest Pink Pills to any friend whom I knew to be suffering from rheumatism."

"No, that is not the only disease they cure. I personally know of a number of cures from other troubles, but I have needed them only for that, though it would be but fair to add that my general health has been better this summer than ever before in my life.

CONCERNING THE BAILEY
REFLECTOR.

Monroe, Ia., February 17, 1896.

Bailey Reflector Co., Pittsburg, Pa.

Dear Sirs:—I have been intending to write you for some time in regard to the Bailey Reflector (42 in., ten burner, prismatic and extra finish oil), which you shipped us about the first of the year to light our new church, but our dedicatory services were followed by a series of meetings lasting four weeks and my time was so fully occupied that I had not time to write sooner. The "Reflector" is a perfect beauty and lights the church completely to the farthest corner. Our Baptist brethren put in a cone reflector made in New York to light their new church, larger and costlier than ours—but not near so pretty—and their room the same size as ours is not nearly so well lighted. Our people are all enthusiastic over it and think they have the best light made. I have seen Reflectors and Reflectors, but I have never yet seen any Reflector equal to the Bailey for beauty or light giving power. I offer you this recommendation without your asking for it and will gladly speak good words for you. Yours truly,
J. H. GIBSON.
