THE SUN. NEW YORK, 1884.

About sixty million copies of THE SUN have gone out of our establishment during the past twelve months.

If you were to paste end to end all the columns of all THE SUNS printed and sold last year you would get a continuous strip of interesting information, common sense wisdom, sound doctrine, and sane wit long enough to reach from Printing House square to the top of Mount Copernicus in the moon, then back to Printing House square, and then three-quarters of the way back to the moon again.

But THE SUN is written for the inhabitants of the earth, this same strip of intelligence would girdle the globe twenty-seven or twenty-eight times.

If every buyer of a copy of THE SUN during the past year has spent only one hour over it, and if his wife or his grandfather has spent another hour, this newspaper in 1883 has afforded the human race thirteen thousand years of steady reading, night and day.

It is only by little calculations like these that you can form any idea of the circulation of the most popular of American newspapers, or of its influence on the opinions and actions of American men and women.

THE SUN is, and will continue to be, a newspaper which tells the truth without fear of consequences, which gets at the facts no matter how much the process costs, which presents the news of all the world without waste of words and in the most readable shape, which is working with all its heart for the cause of honest government, and which therefore believes that the Republican party must go, and must go in this coming year of our Lord, 1884.

If you know THE SUN, you like it already, and you will read it with accustomed diligence and profit during what is sure to be the most interesting year in its history. If you do not yet know THE SUN, it is high time to get into the sunshine.

THE FAMOUS EASY-RUNNING Monarch Lightning Sawing Machine

IT BEATS THE WORLD FOR SAWING LOGS
OR FAMILY STOVE WOOD.

SENT ON 30 DAYS' TEST TRIAL.

The boy in the picture on the left is sawing up logs into 20-inch lengths, to be split into stovewood for family use. This is much the BEST and CHEAPEST way to get out your firewood, because the 20-inch blocks are VERY EASILY split up, a good deal easier and quicker than the old fashioned way of cutting the logs into 4-foot lengths, splitting it into cordwood, and from that sawing it up with a buck saw into stovewood. We sell a large number of machines to farmers and others for just this purpose. A great many persons who had formerly burned coal have stopped that useless expense since getting our Machine. Most families have one or two boys, 16 years of age and up, who can employ their spare time in sawing up wood just as well as not. The

MONARCH LIGHTNING SAWING MACHINE

will save you paying money and board to one hired man and perhaps two men.

The boy at the right in the picture is sawing up cordwood in a buck frame. You can very easily use our machine in this way if you have cordwood on hand that you wish to saw up into suitable lengths for firewood.

A boy sixteen years old can work the machine all day and not get any more tired than he would raking hay. The machine runs very easily, so easily, in fact, that after giving the crank half a dozen turns, the operator may let go and the machine will run itself for three or four revolutions. Farmers owning standard timber cannot fail to see the many advantages of this great labor-saving and money-saving machine. If you prefer, you can easily go directly into the woods and easily saw the logs into 20-inch lengths for your family use, or you can saw them into 4-foot lengths, to be split into cordwood, when it can be readily hauled off to the village market. Many farmers are making a good deal of money with this Machine in employing the dull months of the year in selling cordwood.

It makes a great difference in labor and money both in using our machine, because you get away with a second man. It takes two men to run the old fashioned cross-cut saw, and makes two backs ache every day they use it. Not so with our machine.

We offer \$1,000 for a sawing machine that is EASIER OPERATED and FASTER RUNNING than ours. Every farmer should own our machine. It will pay for itself in one season. Easily operated by a sixteen-year-old boy.

N. B.—We are selling SIX TIMES as many Machines as any other firm, simply because our Machine gives perfect satisfaction. Our factory is running day and night to fill orders. Set 1 in your order at once. The BEST is the CHEAPEST. Our agent sold four machines in one day. Another sold twenty-eight in his township. Another agent cleared \$100 in one week. BE SURE AND MENTION THIS PAPER.

THE

NEW YORK WORLD FOR 1884.

Presidential Year.

New Proprietor! New Editors!
New Life and Blood!

Six months ago THE WORLD commenced its new career. Its growth has been unprecedented. Its wonderful advance in circulation, its advertising influence in popularity, warrants the claim of a leading position in New York journalism.

No expense or effort will be spared until THE WORLD is recognized as the GREATEST, as well as the BRIGHTEST and CHEAPEST PAPER in AMERICA.

THE WORLD, as the leading Democratic newspaper in the country, knows no faction and recognizes no individual ambitions or aspirations aside from the general good of the party and the Republic. It seeks the triumph of principles—not men. It upholds great Democratic ideas and ideals—not a faction or fraction of the party.

At the entrance of the new year the new WORLD desires to express its gratitude for the hearty welcome it has received and the magnificent success it has already achieved. Its welcome comes from the people. Its success is their work. They have endorsed its merits by more than doubling its circulation in six months, and by doubling its advertising. For this they are entitled to our warm thanks.

No Democrat ought to be happy without THE WORLD. We call upon our Democratic friends in every town and hamlet in the Union to START CLUBS FOR THE WEEKLY. They will get the ablest, brightest, and cheapest newspaper in the country, as well as an earnest and steadfast missionary of pure and true Democracy.
