

"2. That this meeting realizes that the Canadian Bar Association is the proper medium through which the necessary reforms should be obtained.

"3. That all Provincial Governments be requested to co-operate with and assist financially the Canadian Bar Association.

"4. That the provincial branches of the Canadian Credit Men's Trust Association Limited, do hereby request its members to each pay a fee of ten dollars (\$10.00), the total proceeds to be paid to the Canadian Bar Association to be applied exclusively in connection with expenses incurred in connection with the campaign for uniformity of laws.

"5. That all business interests be also invited to send in subscriptions to this fund.

That is just one instance of the thought of the business men of Canada towards us. On the 12th of June of this year there was held at Sorel the annual meeting of the Federation of the Chambers of Commerce of the Province of Quebec, and they expressed the following wishes:—

(a) INSOLVENCY LAW:—

"1. That a uniform insolvency law applicable to the whole of Canada be passed by the Dominion Parliament.

"2. That the draft law prepared by this Federation in 1911 be studied anew and submitted to the various boards of trade and similar institutions throughout the country.

"3. That a committee be appointed to report at the next annual meeting.

"4. That the Federation requests the assistance of the Canadian Bar Association, which will meet at Toronto, June 15 and 16.

(b) UNIFORMITY OF COMMERCIAL LAWS:—

"1. That the uniformity of commercial laws is eminently desirable.

"2. That this Federation requests the assistance of the Canadian Bar Association to secure such uniformity.

(c) EXTRA PROVINCIAL EXECUTION OF JUDGMENTS:

"That it is desirable that judgments rendered in one province of Canada, including probates, be recognized in the other provinces, provided they are rendered under conditions reciprocally accepted by two or more provinces.

"2. That the Federation requests, on this question, the assistance of the Canadian Bar Association.

There is another way in which uniformity of provincial laws may be accomplished—that is by the several Provincial Govern-
