

INFLUENZA AND CATARRH (Commonly known as Cold in the Head)

There is perhaps, no disease that is more prevalent in fact, has become an EPIDEMIC And if cured or arrested will produce diseases of a most serious character. It has been said that

Puttner's Emulsion

has proved itself a specific and cure, and its results have been most remarkable in arresting and curing these diseases.

BLOOD TONIC.

It is said an acknowledged by the highest medical authorities that IRON is a constant and necessary constituent of the body, and must be regarded as an important food, and as

Puttner's Emulsion

contains this essential constituent, in connection with other valuable adjuncts makes it more valuable than any other compound of the kind, in cases of IMPOVERISHED BLOOD, ANEMIA, in weak pale and DELICATE FEMALIS and YOUNG CHILDREN.

NERVE TONIC

There is no Substitute for

Puttner's Emulsion

It is an exceedingly valuable remedy for Nervous Diseases, and especially useful in Neuralgia, Nervous Dyspepsia, Loss of Spirit, and in Clergymen, Students and Business Men, who are habitually overworked, and subject to severe mental strain derive much benefit from its use.

The Trade says

the demand for PUTTNER'S EMULSION is larger and gives better satisfaction, than all the other preparations of the kind put together, and they must keep it, which is another proof of its intrinsic worth.

Puttner's Emulsion

PRICE, 50 CENTS. SEE YOU GET

The Week.

HOME NEWS.

Herring are reported plentiful along the Cape Breton coast.

St. John's, N. F., July 15.—Advices just received from Labrador state that heavy gales on the second and third brought immense quantities of ice on the coast in the neighborhood of Grady, destroying much property. Thirty-seven vessels at the latter place are doing nothing—no fish there.

The Toronto Globe's correspondent telegraphs: "Concerning the rumoured approaching departure of H. R. H. Princess Louise for Canada, an enquiry at the office of the Allan Line was answered by the statement that no application had been made for her accommodation on any of the vessels of that line.

A Toronto paper says the announcement that the Grand Trunk Railway has got control of the Nipissing, will soon be followed by another, that they have obtained the charter of the Ontario Sault, at least they are making strenuous efforts to get possession of it. Conferences on the matter are being held daily. It is a fight between the Grand Trunk and the Pacific Syndicate for the great trade of the North West, and it will be a long and bitter one.

The Artillery Team.—The names of the members of the Canadian Artillery team for competition in England are as follows:—Lieut. Col. Oswald in command, Captain Peters, second in command, Gentlemen Cadets Sergeant-Majors Kirkpatrick and Hodgins. Sergeant-Majors Lemoine, Marcheterre and Swanson. Sergeants Genest, Hastings, McIntosh, and Hibbins. Corporals Turner, Price, Coffin, Boutillier, Lowrie, and Strange. Bombardiers Mason, Moser, Beers, and Maxwell. Gunner Saunders.

Toronto, July 15.—The following is a special cable to the Globe of this morning: Wimbledon Camp, July, 14.—Intense heat prevails. The wind is light and shifting but on the whole favorable to good marksmanship. Shooting in the first stage of the match for the Queen's prize took place, two Canadians winning prizes and qualifying themselves for competing in the second stage, viz: Adjutant Sergt. T. Mitchell, Staff Sergt. Walker. The match for the Alexandra prize will finish to-morrow. It is probable Private C. M. Mitchell, Wheeler Ogg, and Staff Sergt. Walker will gain prizes.

Mr. H. Cochrane, of Montreal, is in Bismarck with a large party on their way to Montana. Mr. Cochrane is the great stock fancier of Canada, and has with him eight imported bulls which cost \$500 apiece, and which he is taking to Montana to add to the herd of cows he expects to purchase there. The entire herd will then be driven across the country into the Saskatchewan valley, somewhere west of Winnipeg, where the Canada Government has permitted Mr. Cochrane to locate 100,000 acres of land. This will be the largest stock farm in the world, and the Chinook winds are said to enable cattle to winter very nicely in that region. About \$800,000 altogether will be invested in the enterprise, and the reputation of the men interested in it give every assurance of success. The North West is destined to be a favored spot when, in the pursuance of such enterprises, such men select it as the best point for the investment of capital.—Ex.

NEWS FROM ABROAD.

Hon. Peter Scarlett, who was British Ambassador to the Court of the ill-fated Emperor Maximilian, is dead.

Paris, July 15.—The French ironclad fleet has arrived off Sfax. The latest news from Tunis is that the insurgents at Sfax appear disposed to submit.

Washington, July 18.—Official Bulletin 8.30 a. m.—President has passed another comfortable night, and is doing well this morning. Pulse 88; temperature 88-4; respiration 18.

St. Petersburg, July 15.—Peasants in the district near Novorogod are suffering from constant nose bleeding, accompanied by large black spots on the body. The local sanitary committee have established them in quarantine in the environs of St. Petersburg. The deaths in St. Petersburg last week exceeded births by 316.

The latest detachments of recruits for the North West mounted police numbered ninety on leaving Collingwood, and by the time Fort Walsh was reached, no less than 26 were missing. Nearly all the desertions took place at coal banks on the Missouri river.

St. Petersburg, July 15.—Numerous arrests were made in the faubourgs at St. Petersburg, Tuesday night and Wednesday morning. Pistol shots were exchanged in many places. One of the head police officers was found killed in the cemetery near Smolenski.

New York, July 15.—Four thousand dollars worth of prizes were awarded last night to the victors in the national archery contest in Brooklyn. Mrs. Gibbs, of Newark, won the ladies championship medal; Miss Morton, Miss Morrison, of Cincinnati, and Miss Bradagee, of Newark, also won prizes. Mr. Walworth won the gentleman's championship medal, and C. Welker, of the Cincinnati Commercial, won the press prize. The highest total score was made by the Cottage Hill Club footing up 1,611 for 316 hits.

EXECUTIVE MANSION, July 15, 1 p. m.—The President continues to do very well. Pulse 94; temperature 98.5; respiration 18.

(Signed)

D. W. BESS, J. K. BARNES, J. J. WOODWARD, ROBERT REYNOLDS.

Washington, July 15, 7 p. m.—The President has continued to do well during to-day. The afternoon fever has been slighter than on any day since the 3rd. Pulse, 98; temperature, 100-4; respiration, 20.

OUR CHILDREN

Why compel them to take those vile and nauseating medicines, when PUTTNER'S EMULSION is so palatable and nice, and produces better results than any other. Most astonishing reports are daily recorded in favor of its cures, where other preparations of the kind have failed, and then been cast aside in disgust.

FOR DELICATE WOMEN, who are suffering from Anemia and Weakness, caused from Over-Nursing, PUTTNER'S EMULSION is just what is required to give tone to the system, and will immediately build them up in health and strength.

A FOOL ONCE MORE.

"For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago I saw a U. S. flag with Hop Bitters on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. 'Two bottles cured her; she is now as well and strong as any man's wife, and it cost me only two dollars. Such folly pays.'" —H. W., Detroit.—Free Press.

Department of the Interior.

OTTAWA, 20th May, 1881.

WHEREAS circumstances have rendered it expedient to alter certain clauses in the policy of the Government respecting the administration of Dominion Lands, Public Notice is hereby given:—

1. The Regulations of the 14th of October, 1879, were rescinded by order of His Excellency the Governor-General in Council, on the 24th day of May instant, and the following regulations for the disposal of agricultural lands substituted therefor:—

2. The even numbered sections within the Canadian Pacific Railway Belt—that is to say, lying within twenty-four miles on each side of the line of the said Railway, excepting those which may be required for wood lots in connection with cities or prairie lands within the said belt, or which may be otherwise specially dealt with by the Governor in Council—shall be held exclusively for homesteads and pre-emption. The odd numbered sections within the said belt are Canadian Pacific Railway lands, and can only be acquired by the Company.

3. The pre-emptions entered within the said belt of 24 miles on each side of the Canadian Pacific Railway, up to and including the 31st day of December next, shall be disposed of at the rate of \$2.50 per acre. Four-tenths of the purchase money, with interest on the latter at the rate of six per cent. per annum, to be paid at the end of three years from the date of entry, the remainder to be paid in six equal instalments annually from and after the said date, with interest at the rate above mentioned on such portions of the purchase money as may from time to time remain unpaid, to be paid with each instalment.

4. From and after the 31st day of December next the price shall remain the same—that is, \$2.50 per acre—for pre-emptions within the said belt, or within the corresponding belt of any branch line of the said Railway, but shall be paid in one sum at the end of three years, or at such earlier period as the claimant may have acquired a title to his homestead under section 7.

5. Dominion Lands, the property of the Government, within 24 miles of any projected line of Railway recognized by the Minister of Railways, and of which he has given notice in the Official Gazette as being a projected line of railway, shall be dealt with, as to price and terms, as follows:—The pre-emptions shall be sold at the same price and on the same terms as fixed in the next preceding paragraph, and the odd numbered sections shall be sold at \$2.50 per acre, payable in cash.

6. In all townships open for sale and settlement within Manitoba or the North West Territories, outside of the said Canadian Pacific Railway Belt, the even numbered sections, except in the cases provided for in clause two of these Regulations, shall be held exclusively for homestead and pre-emption, and the odd numbered sections for sale as public lands.

7. The lands also situated at public lands shall be sold at the uniform price of \$2 per acre, cash, excepting in special cases where the Minister of the Interior, under the provisions of section 4 of the amendment to the Dominion Lands Act passed at the last session of Parliament, may deem it expedient to withdraw certain farming lands from ordinary sale and settlement, and put them up for sale at public auction to the highest bidder, in which event such lands shall be put up at an upset price of \$2 per acre.

8. Pre-emptions outside of the Canadian Pacific Railway Belt shall be sold at the uniform price of \$2 per acre, to be paid in one sum at the end of three years from the date of entry, or at such earlier period as the claimant may acquire a title to his homestead quarter-section.

9. Exception shall be made to the provisions of clause 7, in so far as relates to lands in the Province of Manitoba or the North West Territories, lying to the North of the belt containing the Pacific Railway lands, wherein a person being an actual settler on an odd numbered section shall have the privilege of purchasing to the extent of 20 acres of such section, but no more, at the price of \$1.25 per acre, cash; but no Patent shall issue for such land until after three years of actual residence upon the same.

10. The price and terms of payment of odd numbered sections and pre-emptions, above set forth, shall not apply to persons who have settled in any one of the sections here described in the said Regulations of the 14th of October, 1879, hereby rescinded, but who have not obtained entries for their lands, and who may establish a right to purchase such odd numbered sections or pre-emptions as the case may be, at the price and on the terms respectively fixed for the same by the said Regulations.

Timber for Settlers.

11. The system of wood lots in prairie townships shall be continued—that is to say, homestead settlers having on their own lands shall be permitted to purchase wood lots in areas not exceeding 20 acres each, at a uniform rate of \$5 per acre, to be paid in cash.

12. The provision in the next preceding paragraph shall apply also to settlers on prairie sections bought from the Canadian Pacific Railway Company, in cases where the only wood lands available have been laid out on even numbered sections, provided the Railway Company agree to relinquish here the only timber in the locality may be found on their lands.

13. With a view to encouraging settlement by cheapening the cost of building material, the Government reserves the right to grant license from time to time, under and in accordance with the provisions of the "Dominion Lands Act," to cut merchantable timber on any lands owned by it within surveyed townships; and settlement upon, or sale of any lands covered by such license, shall, for the time being, be subject to the operation of the same.

Sales of Lands to Individuals or Corporations for Colonization.

14. In any case where a company or individual applies for lands to colonize, and is willing to expend capital to contribute towards the construction of facilities for communication between such lands and existing settlements, and the Government is satisfied of the good faith and ability of such company or individual to carry out such undertaking, the odd numbered sections in case of lands outside of the Canadian Pacific Railway Belt, or of the Belt of any branch line or lines of the same, may be sold to such company or individual at half price, or \$1 per acre, in cash. In case the lands applied for be situated within the Canadian Pacific Railway Belt, the same principle shall apply so far as one-half of each even numbered section concerned—that is to say, the one-half of each even numbered section may be sold to the company or individual at the price of \$1.25 per acre, to be paid in cash. The company or individual will further be protected up to the extent of \$500, with six per cent. thereon till paid, in the case of advances made to place families on homesteads, under the provisions of section 10 of the amendments to the Dominion Lands Act herein before mentioned.

15. In every such transaction, it shall be absolutely conditional:—

(a.) That the company or individual, as the case

may be, shall, in the case of lands outside of the said Canadian Pacific Railway Belt, within three years of the date of the agreement with the Government, place two settlers on each of the odd numbered sections, and also two on homesteads on each of the even numbered sections embraced in the scheme of colonization.

(b.) That should the land applied for be situated within the Canadian Pacific Railway Belt, the company or individual shall, within three years of the date of the agreement with the Government, place two settlers on the half of each even numbered section purchased under the provision contained in paragraph 14. above, and also one settler upon each of the two quarter sections remaining available for homesteads in such section.

(c.) That on the promoters falling within the period fixed to place the prescribed number of settlers, the Governor in Council may cancel the sale and the privilege of colonization, and resume possession of the lands not settled, or change the full price of \$2 per acre, or \$2.50 per acre, as the case may be, for such lands as may be deemed expedient.

(d.) That it be distinctly understood that this policy shall only apply to schemes for colonization of the public lands by Emigrants from Great Britain or the European Continent.

Pasture Lands.

16. The policy set forth as follows shall govern applications for lands for grazing purposes and previous to entertaining any application, the Minister of the Interior shall satisfy himself of the good faith and ability of the applicant to carry out the undertaking involved in such application.

17. From time to time, as may be deemed expedient, leases of such Townships, or portions of Townships, as may be available for grazing purposes, shall be put up at auction at an upset price to be fixed by the Minister of the Interior, and sold to the highest bidder—the premium for such leases to be paid in cash at the time of the sale.

18. Such leases shall be for a period of twenty one years, and in accordance otherwise with the provisions of Section eight of the Amendment to the Dominion Lands Act passed at the last Session of Parliament, heretofore mentioned.

19. In all cases, the area included in a lease shall be in proportion to the quantity of live stock kept thereon, at the rate of one horse of land to one head of stock; and the lessee in any case of the lessee to place the requisite stock upon the land, within three years from the granting of the lease, or in subsequently maintaining the proper ratio of stock to the area of the leasehold, shall justify the Governor in Council in cancelling such lease, or in diminishing proportionally the area contained therein.

20. In proportion to the required proportion of stock within the limits of the leasehold, the lessee shall have the privilege of purchasing, and paying for, a patent for a quantity of land as set out by such lease, on which to construct the buildings necessary in connection therewith, not to exceed five per cent of the area of the leasehold, which latter shall in no single case exceed 100,000 acres.

21. The rental for a leasehold shall in all cases be at the rate of \$10 per annum for each thousand acres included therein, and the price of the land which may be purchased for the cattle station shall be \$1.25 per acre, to be paid in cash.

Payments for Lands.

22. Payments for public lands and also for pre-emptions may be in cash, or in scrip, or in police or military bounty warrants, at the option of the purchaser.

23. The above provisions shall not apply to land valuable for timber, or to coal or other mineral lands, or to stone or quarries, or to lands having water power thereon, and further shall not, of course, apply to sections 11 and 20 in each Township, which are public school lands, or sections 8 and 20 which are Hudson's Bay Company lands.

J. S. DENNIS, Deputy Minister of the Interior. LINSEY RUSSELL, Surveyor-General.

Consumption and Wasting Diseases.

L. de Bremon, M.D., Knight of Legion Honor, in his work on Consumption, says:—

DR. CHEVREUIL, of Paris, never mixes iron with either of the Alkaline, Lime and Soda Hypophosphite Salts. He considers the mixture of Hypophosphite objectionable, preferring in fact the Salts separate, given alternately according to the Physiologic or Pathologic symptoms produced by either. He also says that the Hypophosphite Salts are sold generally impure.

EAGAR'S PHOSPHORENE

contains PURE HYPHOPHOSPHITES with NORWAY COD LIVER OIL only. It is free from iron or any other chemical which will account for its superiority to all other preparations offered for Wasting Diseases. Read below the certificate of Dr. SLAYER, DATED JANUARY 1881.

The proprietor also has certificates from leading physicians in Toronto, St. John, Halifax, &c., of equally high rank, proving conclusively that EAGAR'S Phosphorene or Cream is the greatest preparation now in use.

Second Certificate from Dr. SLAYER:— Halifax, Jan., 1881.

Since giving you my last certificate I have had many opportunities of further testing your Cod Liver Oil Cream, as well as comparing its action with the ELEGANT SHIMS AND PREPARATIONS OF OIL IN THE MARKET. I may state that I find IT TO BE THE BEST PREPARATION NOW OFFERED TO THE PUBLIC, the drug and oil being of the very finest quality, while the facilities and machinery used for mixing them are of the most perfect kind. I have no hesitation in stating that where Oil is indicated EAGAR'S CREAM WILL BE FOUND TO BE EVERYTHING THAT IS CLAIMED FOR IT BY ITS PROPRIETOR.

W. B. SLAYER, M. D., &c., &c. M. F. EAGAR, Chemist, 157 Hollis St., Halifax, N.S.

Parish Wanted.

A Clergyman of the Protestant Episcopal Church of the United States (a graduate of the University of New York), being desirous of visiting New Brunswick in August, is willing to take charge of a Parish for a month or two. Address "H." CHURCH GUARDIAN Office, Halifax.

THE COMMON EXPRESSIONS.

"My Food don't Digest," "I feel so dragged," "My Food don't Digest," "I don't feel fit for anything," which we so often hear during the Spring and early Summer months, are conclusive evidence that the majority of people require at that season especially a reliable medicine that will strengthen the organs of digestion, stimulate the circulation of the blood, and "tone up" the debilitated constitution.

HANINGTON'S "QUININE WINE AND IRON" taken according to directions, produces buoyancy of spirits, vigor of mind, and gives lasting strength to the whole system.
