BRICK MACHINES

STEAM OR HORSE POWER.

If you contemplate purchasing a Brick Machine, we would urge you to examine ours before coming to a decision. Those we are now making for 1890 are in advance of anything heretofore produced, and contain all the latest improvements. In the construction of our machines we use only seasoned white oak and the best brands of iron. All machine work is made to templet, and pieces are therefore interchangeable. No machinist is needed to fit the parts.
