

ARTICLE 4

Wine

1. Canadian competent authorities shall accord national treatment to wine that is the product of the Community in respect of measures affecting the listing, delisting and distribution of such wine.

2. Notwithstanding subparagraph 1, the appropriate Canadian competent authority may:

(a) limit sales by a winery on its premises to wines produced there;

(b) require private wine store outlets in Ontario to sell only wines produced by Canadian wineries;

(c) require that wine sold in grocery stores in Quebec under applicable regulations be bottled in Quebec, provided that alternative outlets are provided in Quebec for the sale of wine that is the product of the Community, whether or not such wine is bottled in Quebec.

3. Canadian competent authorities shall eliminate the mark-up differential between wine that is the product of the Community and wine that is the product of Canada in accordance with the schedules in Annexes A, B and C. Any increase in the mark-up differential after 22 March 1988 shall be eliminated before the scheduled reductions take place.
