

≡ PREFACE ≡

This little volume was suggested by a sermon of C. H. Spurgeon, from the text "Deep calleth unto deep." Ps. 42 : 7. Subject—"The deeps in God answering to the deeps in man."

It was prepared and published at the request of Mr. F. Heath, Secretary Y. M. C. A., London, Ont., for the use of christians and christian workers.

Among the many who have encouraged and aided the publication of this little work special mention should be made of Rev. D. McGillivray, (Pres.), London, and T. S. Shenston, Esq., and Mr. A. Harris, Brantford.

Its preparation has been a "work of faith and labor of love."

The unexpected favor it has met with encourages the publication of this second enlarged edition.

And now with the prayer "O send out thy light and thy truth," it is trustingly sent forth by the

AUTHOR.
