No Power to initiate.
Hon. Mr. White answered that the commission could only act on the in-structions of the minister of finance.
It had none of the functions pertain-ing to government; it could not nego-thate or fix rates. It was only part of the machinery of the government for obtaining information.
E. L. Cash (Mackenzie) asked if the information gathered by the commis-sion would be made public.
Hon. Mr. White replied that the bill provided that confidential information could not be disclosed to business com-petitors, except as relating to the ex-istence of combines.

Don't let force of habit spoil your porridge.

Force of habit says "porridge should be cooked all night."

But that habit was formed a long time ago when people had to make porridge out of oatmcal instead of rolled oats.

Even yet some women through force of habit, are cooking Tillson's all night, though 15 minutes is ample.

They forget that where oatmeal was coarsely ground oats, Tillson's is thinly rolled oats. So filmy and thin are the Tillson flakes that they can be cooked as thoroughly in 15 minutes as the coarse particles of old-fashioned oatmeal could be in a whole night.
