**JOHN CATTO & SON**
King Street—opposite the Post-Office.

## EACH PAYS HIS OWN COSTS.

**Judge Refused to Make Order in Lennox Appeal.**

At Osgoode Hall, yesterday morning, Mr. Justice Maclennan handed out judgment in the application for costs, in the appeal against the recount in Lennox. Hon. S. H. Blake, counsel for the Conservative candidate, asked for costs because his client had been successful in both the appeal and cross-appeal. George H. Watson, for Mr. Madole, held that his opponent had only been partially successful in the appeal.

The judge refused to make any order, and each side must, therefore, pay its own costs. It is likely that this will be considered a precedent in other cases where there is both an appeal and a cross-appeal.

At 10.30 o'clock this morning, Judge Maclennan will hear the cross-appeal against the recount in North Grey.

The necessary $1000 deposit in the protests in West Huron, against M. G. Cameron, and in North Wentworth, against R. A. Thompson, were made at Osgoode Hall yesterday by Messrs. Bristol, Cawthra and Bayly.

**Immigrant Had Measles.**

There was a flutter of excitement at the Union Station when a case of measles was detected among a party of immigrants who were passing thru en route from Montreal to the west. One little fellow was found to be suffering from the disease, and he was removed to the General Hospital, accompanied by his mother and little brother.

**Driver Thrown From His Sulky.**

While driving in a sulky at the Exhibition track yesterday afternoon, John Lamb of 138 Elizabeth-street was thrown 30 feet out of the vehicle. He was rendered unconscious. Dr. Adam Lynd attended Lamb, after which he was removed to his home by Police Constable Tucker.

**Six Hours in Buffalo**

and return same day. Leave Toronto by Niagara Navigation Company's steamer at 7.00 a.m., connecting at Niagara-on-the-Lake with the fast trains of the Michigan Central. Returning reach Toronto at 8.15 p.m. Round trip excursion tickets on sale every day. Enquire of ticket agents, Niagara Navigation Company. eod

"DARDANELLES," pure Egyptian cigarettes, are fully appreciated by smokers. The enormous sale of this brand proves it. Packed in Silver, Cork and Plain tips. Sold everywhere, 15 cents per package.

**Sault Ste. Marie, Mackinac and Duluth.**

Delightful trips via Sarnia or Collingwood and steamer, meals and berths included. Lowest rates and tickets at Grand Trunk city office, corner King and Yonge-streets. 513

The Most Popular Pill.—The pill is the most popular of all forms of medicine, and of pills the most popular are Parmelee's Vegetable Pills, because they do what it is asserted they can do, and are not put forward on any fictitious claims to excellence. They are compact and portable, they are easily taken, they do not nauseate nor gripe, and they give relief in the most stubborn cases.

**Toronto Diamonds**

Toronto's wide reputation as a Diamond Market has in no small degree been gained and sustained by "Diamond Hall."

We go personally to Amsterdam for our supply, and our selections are made with expert knowledge of both quality and value.

We are now in receipt of a new supply which offers many inducements. Your inspection is invited.

Cor. Yonge-Adelaide Sts., TORONTO.

## RUST CAN'T RECOMMEND IT

Declines to Certify That Warren's Acme California Asphalt is as Good as Trinidad.

BATTLE OF THE CONTRACTORS

**Board of Control Warmly Discusses Tenders for New Asphalt Pavements in West End.**

A straight refusal on the part of City Engineer Rust to testify that Warren's Acme California asphalt is of as good quality as is called for in the specifications for which tenders were invited for the $74,000 worth of work in the West End has brought the asphalt fight to an interesting crisis. Mr. Rust was before the Board of Control yesterday afternoon, after his typewritten report had been read. In this report, which was of considerable length, he declined to say that Warren's California Acme asphalt was as good as other kinds he knows something about. Attached to the report were answers to various inquiries he had made in numerous cities. Some of them disclaimed any knowledge of Warren's Acme asphalt, and others had not tried it. In the face of this, the Engineer could not recommend it.

The report failed to satisfy Controllers Crane and McMurrich, who had the City Engineer summoned, and put him thru rather a lengthy cross-examination, but they could not, even by the most energetic queries, get him to say that the Acme asphalt was equal in quality to the asphalts named in the specifications.

**An Interesting Meeting.**

The meeting was not lacking in features. The board room was pretty well filled with interested parties. On one side of the room were a number of ratepayers, who had been recently told that the California asphalt was cheaper and better than Trinidad, and they wanted to have the former. At the end of the room, and along the row of windows, representatives of the companies engaged in the struggle occupied seats, and, at the board table, Lawyer Forster, who said he represented some Spadina-avenue citizens; Lawyer Paterson, who represented the Warren Acme asphalt, occupied chairs. Mr. Forster was very much at home, and took part in the discussion, just like a Controller, without protest, excepting from Engineer Rust, who, after being questioned by Mr. Forster on some points, told the board that he had not come to be cross-examined by an outside lawyer and did not propose to put up with it.

**Some Insinuations.**

At the right of the Mayor, Controllers McMurrich and Crane were seated, and, at the left, were Controllers Graham and Loudon. From both sides, there were frequent insinuations that the public interests were being sacrificed for private reasons. Controllers McMurrich and Crane, who championed the low tenders, were arrayed against Controller Loudon, and some sharp retorts were exchanged.

**Alleged Undue Influence.**

Contractor Godson had a passage-at-arms with Ald. McMurrich. Mr. Godson very plainly inferred that some undue influence had been exerted, or the two controllers would not be so ardent in their course to oust the local contractors. To this, Ald. McMurrich replied with a derisive remark, which he laughingly supplemented with a defiant gesture, in which his thumb and nose figured. Mr. Godson warmed up, and said something about the controller not daring to act similarly outside, but Ald. McMurrich repeated the process, and passed it off cheerfully, by saying, "You are joking, old man; so am I."

**The Specifications.**

The contention of the Constructing and Paving Company, who were the next lowest tenderers to the Forest City Paving Company on some of the work is that the latter did not comply with the specifications, which contain the following clause: "The use of the best quality of the following asphalt, of which the Engineer is to be the sole judge, will be allowed, viz.: Trinidad, Bermudez and German rock, or asphalt which is equally as good in the opinion of the City Engineer."

The clause further demands that, "the contractor, when tendering, must state the kind of asphalt he proposes to use," and it further provides that, "in no case is coal tar or any of the products thereof, or any other inferior bituminous product to be used."

**Up to the Engineer.**

As will be seen from the above, it all depends upon the Engineer to say whether Warren's Acme asphalt, which was not mentioned in the specifications, is as good as the brands that are mentioned. He can give no certificate, for, he says, he nor any other Engineer could certify to the worth of the Acme asphalt, as it is a new product practically untried.

Since the asphalt fight commenced there has evidently been no lack of effort on the part of the Acme champions to get the most interested ratepayers into line, and they have apparently met with some success.

**Want Lowest Tender Accepted.**

A deputation of Phoebe-street ratepayers asked that the asphalt pavement contract be let to the lowest tenderers, the Forest City Paving Company. Dr. Stewart stated that the people had not wanted an asphalt pavement at all, but a man had come around with a petition and secured a sufficient number of signatures. As to Spadina-avenue, Dr. Stuart thought the lowest tender should be accepted, and also that the ratepayers on the street should only have to pay for a portion of the work, as the thorofare was so much wider than any other in the city.

E. A. Forster, representing some Spadina-avenue residents, said his clients, altho they had petitioned for Trinidad asphalt, were satisfied now that it should go to the lowest tenderers, and competition would thus be encouraged.

Mr. Wardell of Spadina-avenue said competition was being discouraged if the lowest tenderer did not get these contracts, and it would raise prices. The people had been told California asphalt was as good and better than Trinidad.

**Mr. Rust Questioned.**

The Engineer's report showed that he had been unable to get much information regarding Acme asphalt, altho he had made a wide range of enquiries.

When Mr. Rust was called to give his views, he was asked to state definitely if California asphalt was as good as Trinidad.

"There is some California asphalt as good as Trinidad, but I don't know anything about Mr. Warren's Acme brand. I have given you all the information I have in my possession. I can't take it upon myself to say Acme is equal to Trinidad, because I do not know," he replied.

"Can you say Acme asphalt is as good as Trinidad?" asked Ald. Loudon.

"No, sir, I can't."

"If, say on a small street like Phoebe-street, the figures for Acme and Trinidad were the same, which would you use?"

"Trinidad, because I have had experience with it," replied the Engineer, who was put to further questioning, but stoically maintained his ground.

**Ald. Loudon's Suggestion.**

Ald. McMurrich and Crane favored the contracts going to the Forest City Company, but Ald. Loudon said that the company had not come up to specifications, inasmuch as the City Engineer could not say their asphalt would be of a proper quality. He would suggest that it would be in the benefit of the ratepayers to throw open the whole of the work for new tenders. This would be fair to those who had tendered in good faith for first-class asphalt, and would doubtless benefit the ratepayers, as the understood competition which would result would bring down prices.

**Denial By Ald. Crane.**

Ald. Crane said "No," and Ald. McMurrich said the ratepayers were evidently looking after their own interests. The former wanted the tenders, which had not mentioned any particular asphalt, to be awarded to the Forest City Company, and the others held over.

"I object to that," said Ald. Loudon.

Ald. Crane: "Oh! you'll object to anything."

"No, I won't, and I did not go around from door to door getting people to sign petitions," retorted Ald. Loudon, looking hard at Ald. Crane.

"Neither did I," replied Ald. Crane.

The Engineer having left the room he was sent for at the Mayor's suggestion to answer more questions, but he had departed for his Island home, and, after Col. Paterson had made some remarks on behalf of the Acme asphalt, and had submitted some details, all of which had already been examined by the Engineer, the matter was, at the suggestion of Ald. Loudon, postponed until to-day, when it will be further considered.

**Speckled Trout Seized.**

Ottawa, July 9.—The Fisheries Department was advised to-day of the seizure at Bridgeburg, Ont., of 350 pounds of speckled trout consigned to the Booth Fishing Company of Chicago.

**KINCARDINE LIGHT DESTROYED.**

Kincardine, July 9.—At 3 o'clock this morning the harbor light, situated on the end of the north pier, was struck by lightning. A quantity of upwards of 100 gallons of coal oil was in the building, and the efforts of the firemen were unavailing. The steamer Pittsburg was unable to enter the harbor during the progress of the fire and landed her passengers by means of the yawl boat.

**Russell Sage in It.**

Newark, N.J., July 9.—Russell Sage to-day was made a co-complainant in the suit to restrain the conversion of preferred stock of the United States Steel Corporation to the amount of $200,000,000 into 5 per cent. bonds.
