

SNAP-SHOTS AT VARIOUS SPORTS

A Brantford lacrosse player was expelled from the C. L. A. for life for rough play. For all such cases the penalty should be life, and then some.

The Grattan family of pacers are having things pretty soft on the Grand Circuit this year.

Miss Wilks, of Galt, is having hard luck on the Grand Circuit this year. She has not yet turned a winner, but it is expected that her luck will soon turn.

Pete Charlton will not play point for the Berlin hockey team this winter. The tourist has not yet declared where he will play.

Toronto's great hockey arena is still in the air. In the meantime that Mutual street tub will give Toronto imitation hockey.

Up to the minute nobody has blamed the downfall of Hippie, the Philadelphia man, to playing the races. They will have to hurry.

A bunch of Toronto sports want to back their team against the Buffalo bunch for a thousand dollars, in a post-season series. Quit your kidding, boys. No chance. Toronto is sure getting to be the fast town.

The Philadelphia Athletics do not seem able to get going since their slump, and it looks as if the Highlanders will beat them out for the place. The White Sox look to win all right.

Bill Bryan wept tears of joy at his welcome home yesterday, and in the dispatches this morning he looks almost as important as Bill Sherring did to Hamilton, Ont.

The British bowlers have departed, but the memory of the trimming they gave our bowlers still lingers with us.

Football is now the rage, and Hamilton is once more getting itself into the papers.

A wirelessgram from Allentown, Pa., says:

"Aaron Oswald's cow, in Lynn Township, stood peacefully switching her tail in the cool waters of the Jordan, when she got a bite. Red strands of the tassel on the end of the tail must have looked like angelfish. Anyway, the tail went into the air with a positiveness born of desperation, and with it went a good-sized catfish, teeth set, which bossy threw over her back to the bank."

If Gans whips Nelson it will be a hard matter to get your shoes shined in these parts until the crap games get it all.

A one-armed man was arrested in Chicago last week for running a hand-book. He must have been using one of his feet.

Jimmy Collins, the leader of the Boston team, who has been practically discharged, takes the so-called suspension bitterly. Collins was seen at Nantucket Beach today, and said that the "nagging" of Taylor was more than he could stand.

According to the club owners, Collins has been careless of training rules, and has not taken the best care of his injured leg. On the other hand, Collins says that the club owners have been nagging him beyond all endurance, not only with regard to the games lost by the Boston team, but also in regard to his injured knee.

"They seem to think I am not doing my best to take care of my leg," said he. "I am doing everything in my power to get in shape again. I came to Nantucket Beach to get away from this continual nagging. I have not broken training, and any hints about my having taken to booze for consolation is false and misleading."

Dirty sport received a severe but condign rebuke in Toronto at the visit of the Corinthians, the famous English footballers. One of the All-Toronto team made a deliberate foul. He was warned by the referee, but gave an insulting reply, and the referee took the Corinthians off the field. The few roughs who everywhere disgrace athleticism and bring it into disrepute should take the lesson to heart.—Windsor Record.

Barker, the Australian sprinter, who competed in the Olympic games at Athens, and has since been in England, will compete in the Canadian championship events at Montreal. Billy Sherring saw Barker run, and says he is one of the best in the business.

Notwithstanding the utter depletion of the football team at Woodstock College by the removal of players who graduated in June, the local school will in all probability be represented in the O. R. F. U. junior series again this year.—Woodstock Sentinel-Review.

The London Rowing Club has arranged for a two-rink game competition for Labor Day, commencing at 8 o'clock. The draw will be made to-night at 6 o'clock. Messrs. J. E. McNea, A. G. Fraser, Jared Vining and C. Brown are the committee in charge.

The motor eye is the latest development that the medical profession has to deal with. It appears that those who are continually rushing through the country on a motor car cause the eye to take a too rapid impression of the things it encounters and that this affects the mechanism of the eye. Nature did not prepare us for the conditions of modern times, and while it is adapting itself to them many unforeseen circumstances must occur.—London Graphic.

Chicago and Boston are now holding down both ends of the two big baseball leagues, and the game looks like a case of pork and beans.—Washington Post.

CLOSE FINISHES AT READVILLE

Readville, Mass., Aug. 30.—The fast pace was again the feature of the Grand Circuit meet at Readville track today, and four of the horses were well bunched in all three heats, Grattan winning from Baron Grattan in each event by a head. While no records were broken, the times were fast. The California gelding, Mack Mack, was the favorite in the 2:11 trot, and won two of the heats without difficulty. El Milagro took the third and qualified for the 2:10 class.
In the 2:18 trot the entire field of eleven horses raced well bunched from wire to wire, and finished spread across the track as if they were scoring. Bud was awarded the initial heat by reason of breaks by Dr. Chase and Captain Bacon, and under the rules no time was announced for the event. Summaries:
