The probation system is dealt with at some length and information supplied respecting its application in England and the United States.

The correction farm is shown to work successfully, as in Ohio, where 2000 prisoners have been treated.

An industrial farm or prison colony in Northwestern Ontario is recommended and the indeterminate sentence is approved.

The report on Toronto Jail is largely quoted and some of the recommendations for fire protection and sanitation are reported as difficult of adoption, and the removal of the jail to the country is considered the best remedy.

Sorauren Ave., near Dundas Bridges SEVEN ACRES

We have this Factory Site Proposition, the very best proposition in the City of Toronto. All the conditions for manufacturers are ideal. The Canadian Pacific Railway Siding is in and has been paid for by the owners of the land. This means that this siding can only be used by the manufacturers locating here. The street, which is the outlet to Macdonell Ave. and Lansdowne Ave. Subway, will have all the local improvements put in and paid for by the Land Company.

The labor conditions are first class, an abundance of male and female operators of all classes being easily obtained. The surrounding factories speak very cordially of this matter.

The Parkdale Station is quite convenient, so that freight in all quantities can be readily shipped. The depths of the lots are 300, 250 and 194 feet.
