

### Day's Doings in YORK COUNTY

#### SCHOOL MATTERS LIVE TOPIC IN N. TORONTO

#### Police Have Smart Chase, But Thief Escapes—West Toronto School Board Have Trouble.

WEST TORONTO, Nov. 3.—With a fractured leg and the ankle bones badly crushed, Earle Bradley, C.P.R. brakeman, residing at 253 Facilio avenue, was brought into the Western Hospital this morning by a special train to the Bathurst-street crossing. The accident occurred near Markham. Bradley was standing between the engine and tender when he had his leg jammed by the steel apron. The doctors hope to save his foot provided that blood-poisoning does not supervene.

The past masters of Stanley Lodge, A. F. and A.M. held a reunion night in the lodge room, Bank of Hamilton block. There was a large attendance. The officers for the evening were: Wor. Bro. A. H. Royce, W.M.; John Patterson, I.P.M.; James A. Ellis, S.W.; W. L. Joy, J.W.; J. W. Wainborough, chaplain; G. W. Clendinning, treasurer; Charles Batt, secretary; W. J. Sheppard, S.D.; Thomas Ferguson, J.D.; R. L. McCormack, D. of C.; John McMullen, choir master; P. J. White, organist; W. T. Hackett, L. G.; H. C. Powell, S.S.; A. H. Perfect, J.S.; Conrad Miller, Tyler.

Purple Star, Loyal Orange Lodge No. 602, will hold their annual Guy Fawkes night on Thursday evening, November 5, at Mount Dennis. The entertainment will take the form of an oyster supper.

Not Settled Yet.—The dispute between the public school board and the contractors over the heating apparatus in the new school on Elizabeth-street has not yet been settled. Messrs. Bloxham and Saxton now refuse to accept the \$400 additional which the board agreed to pay them provided a more costly system was put in. A special meeting will be held this week to try and bring the dispute to a definite conclusion.

Mayor Gets Assurance.—Mayor Oliver of Toronto has assured Mayor Baird that the question of annexation would be dealt with by the board of control this week, so that it may be sent on to council next Tuesday.

WESTON, Nov. 3.—There has been a growing feeling among the village merchants of late that they should be afforded more protection in the city, during the winter months, and matters were brought to a climax to night with a special meeting. The hour agreed upon for closing is 6.30 p.m.

GOODWOOD, Nov. 3.—(Special.)—In spite of the dry hot season, the potato crop in this district is said to be an enormous one. At the present time about 8000 bags a week are being marketed, the bulk of which are being shipped to Toronto by John S. Todd.

MARKHAM VILLAGE, Nov. 3.—(Special.)—In spite of the dry hot season, the potato crop in this district is said to be an enormous one. At the present time about 8000 bags a week are being marketed, the bulk of which are being shipped to Toronto by John S. Todd.

NORTH TORONTO, Nov. 3.—At the town council meeting to-night Mr. Le Cras, chairman of the school board, appeared with a request for \$18,000 for building purposes. It is the intention to erect a two-roomed annex to the Davisville School, which will cost \$4500 and as the front wall of the Eglington School is unsafe, it will require the tearing down and reconstruction of two rooms and the erection of a new two-roomed school at Bedford Park, and one on Soudan-avenue.

VEILLORE, Nov. 3.—(Special.)—King and Vaughan Plovers' Association annual match takes place on the farm of John McNaughton, lot 18, near con. 5, Vaughan, on Thursday, Nov. 5.

Recital at St. George's Hall.—One of the first recitals of the season was given by the pupils of Mrs. M. Chattoe-Morton in St. George's Hall last night. A chorus of 35 voices under the direction of Mrs. Chattoe-Morton, showed careful training and sang with good expression and attention to detail. The opening number was "Annie Laurie," arranged as a four-part chorus, and the old love song was rendered with exquisite feeling.

The soloists were: Miss Ephyllie Bieker, Miss Hirst, Miss M. Broadbent, Miss D. Ross, Mr. Herbert Manly and Mr. Charles Swaffield. The male quartet, Messrs. Farmer, Woods, Ratcliffe and C. Ravlin, sang "Robin Adair" with very fine effect.

At the close of the first part of the program Mrs. Chattoe-Morton sang by special request an exquisite little Scotch song "My Ain Folk," which displayed to advantage her rich contralto voice. Mr. Leslie Holland contributed readings and Mr. Horwood Jones acted as accompanist.

The closing item was the "Coronation of Rose," and this ambitious number, which made such a hit last year, repeated its success last night. Mr. Manly as the recluse and Miss Bieker as the rose, are deserving of special mention.

Col. Sam Hughes' majority in Victoria is 1038.

### POLICY SELLING MARKET MERCHANTS UP IN ARMS

#### A Few More "Exhibitions" and Merchants Will Be Compelled to Locate Elsewhere.

Business men in the vicinity of St. Lawrence Market are up in arms against the policy of the city authorities which, they claim, will in the end utterly ruin the market as a place for farmers to come and dispose of their produce.

Several old firms have either left or are preparing to leave the locality, and they claim that removal is due to the unwise policy of the city. R. Tuttle, druggist and optician, is selling out; the Dawson Commission Co. and Brown Bros., butchers, propose removing elsewhere; and it is said that others will have to leave unless the restrictions to trade complained of are removed.

G. W. Crosby, clothing merchant, told The World that if the city persists in closing the upper market to farmers he shows the like the merchants who depend on their trade with the agricultural class will have to close their doors.

"The market was built for a farmers' market," declared Mr. Crosby, "and because it was made a free market the farmers were induced to establish their toll gate restrictions. Yet last winter the upper market was closed for nine weeks out of three months for horse shows and automobile shows."

According to Mr. Crosby, and he was corroborated by C. P. Godden, hardware merchant, the only protected street fronted by the market buildings, the car tracks run thru this street, and it is absolutely impassable for any considerable number of farmers. Saturday afternoon last there were 180 wagons in the upper market and when the building is closed to them the farmers will not come.

The frequency of the horse, auto and sportsmen's shows last winter was responsible for a great many farmers staying away from the market. The market is not only closed during the week of the show, but for several days before and after when those in charge are preparing the building and removing the show fixtures.

This week the building is being got ready for a horticultural exhibition next week. Saturday will be a busy day in the market, but the farmers will be unable to get in and will be compelled to expose their produce on the streets or peddle their goods from door to door.

It was pointed out by Mr. Godden that the policy pursued by the city to drive the farmers to the markets of West Toronto and East Toronto in the eastern suburb a market building is being erected and the lower part of the north and west will undoubtedly follow.

Another important feature in this connection is the inconvenience buyers are put to in reaching the lower market. Goods are piled up and closed they are compelled to trail thru the rain and slush in Market-street.

R. W. Harris, property commissioner, claims that the building, which made a paying proposition and this accounts for the renting of the building for show purposes. But the merchants' interests are not being considered, and it is hoped that the market will be built for the farmers.

Another important feature in this connection is the inconvenience buyers are put to in reaching the lower market. Goods are piled up and closed they are compelled to trail thru the rain and slush in Market-street.

Such was the declaration of Dr. Chittenden, chairman of the Milk Commission before the Progressive Club last evening, in support of the statement that milk is principally responsible for the 1625 children under 5 years of age had died in Toronto last year.

The remainder of the above was delivered in reply to an interruption from one of the auditors, to the effect that those children who died had had the opportunity of may not have had the further support of the assertion that a very meagre proportion of the milk produced in Toronto was absolutely free from some poisonous germ. Dr. Chittenden said that since civic inspection of the milk had been taken up, the mortality lists had been reduced from 28 to 10 per cent. in districts supplied by pasteurized milk.

J. A. Amyot, M.B., bacteriologist of the province, also spoke and previously delivered a lecture on "The Clean Milk Problem." He said that until such time as "certified milk" could be assured to the consumer at a reasonable price and a reasonable profit to the farmer, the only safe method was to have the milk inspected, pasteurized and refrigerated, and described "certified milk" as milk produced under ideal conditions—healthy cows, specially adapted sanitary stables, healthy, clean milkers, shipped in refrigerator cars and certified to by a commission.

But no farmer could afford to take all these precautions without being compensated.

Horticultural Society Officers.—At the annual meeting of the Toronto Horticultural Society last night the following officers were elected: President, H. B. Frankland, vice-president, J. S. G. Cornell, and Dr. Baldwin; directors, C. B. Hamilton, Wm. Jay, G. H. Mills, R. W. King, J. W. Green, G. D. Rooke, Mrs. King, Mrs. Green, Mrs. McKim; representative to Canadian National Exhibition, H. R. Frankland; representative to Toronto Guild of Civic Art, John Chambers; Thos. Nanton; representative to Ontario Horticultural Association, Miss Blacklock; representative to Ontario Horticultural Exhibition, R. J. Rogers, H. Simmers, Thos. Nanton and Wm. Jay; auditors, A. C. McConnell and E. R. Greig.

John Martin, aged 60, blacksmith of Ripley, was killed by the upsetting of his wagon.

### No. 3

#### It is the Kennedy School, which is at 9 Adelaide Street East, in Toronto.

#### It is in the business district the right place for such a school. It is a business school.

1200 MEN AT BANQUET ENTHUSED OVER MISSIONS

#### Unique Gathering Under the Auspices of the Adult Bible Class Association.

The "thousand men banquet" of the Adult Bible Study and Laymen's Movement for Missions at the Excelsior Rink, College-street, last night proved an imposing and impressive gathering. The rink was gay with floral decorations. An army of ladies in white, with long silk badges of gold and scarlet, waited at the scores of tables. There were nearly 1300 men seated.

As grace was sung a volume of praise filled the edifice. The attendance included the leading pastors and laymen of the Toronto churches and the bench of the Toronto diocese. The Christian leader as Justice MacLaren. An orchestra enlivened the music during the banquet.

Mayor Oliver considered it a great compliment to be invited to preside. His worship also briefly reviewed the story of the Bible in British history.

Rev. Robert Johnson of Montreal spoke on Christian manhood called to the Christian service and citizenship. His words were full of inspiration and the laymen's campaign. It might be termed the resurrection of the church.

R. W. Harris, property commissioner, claimed that the building, which made a paying proposition and this accounts for the renting of the building for show purposes. But the merchants' interests are not being considered, and it is hoped that the market will be built for the farmers.

Another important feature in this connection is the inconvenience buyers are put to in reaching the lower market. Goods are piled up and closed they are compelled to trail thru the rain and slush in Market-street.

### TO START LIBEL SUIT.

Albertian Enumerator Denies Charges of Ballot Stuffing in Ontario.

### RECOUNT IN NIPISSING.

NORTH BAY, Nov. 3.—(Special.)—There will be a recount before Judge Vail of the Nipissing election ballots on Friday. Of 22,000 possible voters, 3000 voted and there are 45 rejected ballots.

Many of the polls, being remote from railways, made returns slow in coming in. Two polls were cancelled for some reason and not more than half the total number have sent the statutory report of the poll to the candidates.

### "Ye Olde Ale Conner"

In "Ye Olde Days" the ale "Conner," or ale taster, was an important officer in England.

He was sworn to examine all ale in his particular district, to see that it was good and wholesome and free from adulteration. And we are told that the office was eagerly sought after—that it never went begging.

If there was such an officer as an ale "Conner" to-day, he would find his position very much of a sinecure if all brewers brewed their ale as the Holiday family of Guelph brew "East Kent" ale.

In "East Kent" ale you will find that the art of brewing has reached as near perfection as is possible. And not only is "East Kent" brewed right, but the ingredients used are of the very finest. The choicest of hops and malt, the purest spring water, together with many years of experience, result in the production of an ale that is rich and creamy—taste—that is absolutely pure and free from all adulterations.

A glass of "East Kent" ale is a glass of "foaming deliciousness." It is a stranger to the larder of but few householders in Toronto, and where it has once been used no other ale will replace it.

Every thing said in favor of "East Kent" if you once try it. It is bottled by T. H. George, wholesale and retail wine and spirit merchant, 709 Yonge Street.

BAPTISTS AND MORAL REFORM. Prof. Keirstead Appointed to Act on Ministerial Committee.

OTTAWA, Nov. 3.—(Special.)—The Baptist convention of Ontario, the coming committee on temperance and moral reform reported that it had appointed Prof. Keirstead of McMaster to act as the representative of the Baptists with the Methodist and Presbyterian representatives.

The report expressed regret that some laymen had objected to the teaching of the Gospel in the recent campaign, but said they as a church, ought to labor to turn out of office any party guilty of questionable transactions. Some said that the other party would be equally guilty if it acted at any rate. He declared it a shame
