wordy dispute with E. B. Devlin, who asked him if he would be in favor with confederation with the West Indies. Mr. Cockshutt replied that political questions were entirely different from trade questions, but that when he heard of 88 United States when he heard of 88 United States congressmen trying to tell Great Brithought of the outrages among colored races to the south, when men were being hanged, and burned to death, without a trial. He spoke of some resolution with which Mr. Devlin was probably in sympathy, a remark which brought Mr. Devlin sharply to his feet, and a retort: "He is speaking an absolute falsehood." The Speaker intervened to try and show that Mr. Cockshutts' remarks had Work excellent. Prices reasonable.

Net Revenue Raiser.

The proposed amendments to the criminal code limiting race track betting to the pari-mutuel system, and limiting the profits of racing associations to a percentage of the money wagered on each, make no provision for payment of any percentage of such money wagered to the Dominion in the form of taxation, it was stated officially tonight. The provincial governments are already collecting taxes from associations conducting race meetings, and it was felt by the Dominion government, it was said, that this field should be left to the provinces, for the present at it was said, that this field should be left to the provinces, for the present at least. However, should a racing association derive from its percentage any more than the limit of profit allowed under the business profits tax legislation, that surplus would be taxable, as in the case of any other corporation. It was intimated that the only reason for telegrating heating in geometics, with STEAMSHIP ARRIVALS,

INQUEST ON BOY KILLED BY H. MILER'S AUTO

sion of the Ontario Medical Association convention, that has been holding sway there for the last few days. A new feature was introduced when clinics were held in the building on skin diseases, as discussed by Dr. King Smith. Dr. Gwyn said that influenza comes in three successive waves, and that the consoling fact is that last fall witnessed the final wave, and thus there should be no repetition of the scenes of last year.

No direct evidence on the main in the of the case was taken at the inquest into the death of eight-year-old Edward Kettlewell, who was run over by an auto on May 20 and fatally injured, held at the morgue last night. Kettlewell was struck by a motor car belonging to Harry Miller, president of the Miller and his son, Benjamin were in the car when the accident occurred and the car when the accident occurred and

teresting to those present was the display of new anaesthetics.

station with the boy and had gone from there en to the General Hospital. Reilly then went to the scene of the accident and made inquiries. By measurments, he had ascertained that the car had skidded a distance of nearly 63 feet. This could be seen by the marks on the pavement. He returned to the station and called up detective headquarters and the opera-tor. The operator then told him that the car was reported as stolen. Other witnesses, including James (McGinley, motorman of a southbound

IRISH RESOLUTION

"And, that these agitations and conon the government's resignation, and, spiracies are in part fomented by the ultramontaine wing of the Roman Catholic church, and also largely by Sinn Fein landlords and other agitators in the United States of America, a country where there have been more Irish tenants evicted for non-payment his home, 44 Salisbury avenue, on land during the entire 25 years, and

cate the Irish tenantry against the wiles, agitations, secret conspiracies, being carried on in Ireland;

"2. That such steps may be taken in conformity with international law as may lead to the overthrow or control of brutal Irish-American landlordism in the United States of America, and also for the upbuilding and securing of fair treatment for the downtrodden Irish tenantry in the large American cities.

"And, it is further resolved that some effective means may be adopted to educate the citizens of the United States of America, and especially certain members of the United States congress, to study their home concerns with a view to mitigating the horrible situation concerning the negro problem and such other problems requiring attention in that country."
