City and District

Case Was Settled.

The case of theft against Gilbert Pritchard, of this city, was settled in the county magistrate's court yesterday afternoon, Pritchard paying the costs of the case, and making good to the Wilcox Manufacturing Company the value of 100 pounds of copper, they allege he took from the works in Chelsea Green.

WHERE TO GO FOR A VACATION.

District Passenger Agent McDonald, of the Grand Trunk Railway system has just returned from a visit to the Algonquin Park, Ontario, Muskoka, Lake of Bays and Algonquin Park, and also made a trip to Kawartha Lake, and reports that hotels and boarding houses are rapidly filling up, and all indications point to a splendid season. If visitors to Ontario, and even citizens of this city, only realized what delightful places there are in the "Highlands of Ontario" and how easily accessible they are, by the splendid service of the Grand Trunk Railway system, many more extra trains would be needed. The beautiful Royal Muskoka Hotel, the finest summer hotel in Canada, has made their rates, including meals and lodging, from \$3 to \$4 per day, and accommodation at hundreds of other hotels and boarding houses at lower rates may be obtained a little farther north. The Lake of Bays has good hotels, viz.: Ronville, Wawa and Britannia. The Magnetawan River can take care of some. The Algonquin Park, 2,000 feet above sea level, has a new hotel, the "Highland Inn," just opened, at moderate rates. Temagami Lakes, farther north, with its 1,400 islands, good hotels, and splendid fishing, will repay you for a visit. Still nearer, the pretty resorts of Lake Simcoe, Barrie, Atherley, Orillia, Jackson's Point and the Kawartha Lakes, with its Fenelon Falls, Lindsay, Sturgeon Point and numerous boarding houses on Stoney Lake are well worth a visit. Illustrated booklets free, and all information at Grand Trunk ticket offices, or address J. D. McDonald, D. P. A., Toronto. On

Capable of receiving the largest vessel that has ever been built, the new dock at Bristol, which the King is to open, was the object of several laudatory remarks by Sir W. H. Davies, M. P., at the Bristolians' dinner on Tuesday. The great dock-gates, he said, were unequalled, and they had had to meet a tidal range of 42 feet.

TRIBUTE TO LATE
HUGH M'CALL, M. D.

The Journal of the Michigan State Medical Society has the following to say of the late Dr. McCall:
"Hugh McCall is gone. He was a familiar figure at our state and national meetings. In 25 years, he told me, he had not missed a meeting. He looked beyond his years, being only 60 when he died, and many were surprised to learn his age. He came to Lapeer 25 years ago and was one of the best loved physicians of the country."
Dr. McCall was born in Ontario in 1844, and his mother, now 85 years of age, survives him. His medical education was obtained at the University of Michigan and Bellevue Hospital Medical College, where he graduated in 1871. Dr. McCall spent two years in Europe, where he took special work in some of the prominent medical institutions. In 1897 he took a trip around the world, and his office was filled with relics obtained from Alaska, China, India, Palestine and other foreign countries.

He was the first president of the Lapeer County Medical Society, was president of the Michigan State Medical Society in 1893, and had several times been president of the Northeastern Medical Society. He had several times been a member of the school board of Lapeer, and was moderator of the presbytery.

Hugh McCall was a sturdy man, but a lovable man. Three years ago, the members of the Lapeer County Medical and Northeastern Medical Societies presented him with a loving cup.
Repeated attacks of pneumonia left his heart with a mitral regurgitation, but with care he was able to do an immense amount of work. His knowledge was encyclopaedic and was ever ready at his command. About four years ago his health began to fail, and two years ago he gave up practice and went home to his mother at Hubert, Ont. After a Sunday, he died on Easter Sunday. The remains were laid to rest at St. Thomas, in the old family burial ground.

WEDDED IN WEST
Marriage of a Couple in Edmonton Who Are Well-Known in London.

The Mining Journal of Edmonton Alberta, says:
At the residence of her mother, Mrs. E. Moon, corner of Jasper avenue and Sixth street, Miss Augusta May Moon was married to Mr. John A. Scott, of Scott Bros., First street. The ceremony was performed by Rev. A. M. McDonald, of First Baptist Church, in the presence of a large number of relatives and friends.

The bride was gowned in white silk, with veil and orange blossoms. She was attended by her sister, Miss Annie Moon, who also wore white silk. The bride was given away by her uncle, Mr. Hugh McPhee. The groomsmen were Mr. James Scott, brother of the groom. The groom's gift to the bride-maid was a gold chain and locket. After the wedding luncheon Mr. and Mrs. Scott left on the afternoon train for Banff, where they will spend their honeymoon. On their return they will take up their residence on Sixth street. The great number of beautiful gifts which the bride received, and the great number of guests who were present, testified to the high esteem in which the young couple are held.

COTTER RUNNING WELL
Caffery Picked To Finish in First Three Canadians.

Eddie Cotter, writing from England, says:
"I wish you could see the exhibition buildings here. The sight is the finest I ever saw. The Canadian building is the best of them all."
"It was out for a ten-mile run on the 14th of July today. The roads are hard and crooked. Eight of us left the Stadium together. Caffery was the first home, but Woods and I were the only two that came back. I do not know where the race will be as fast as they are figuring on, there being so many turns in the race. There are only three men to rub the bunch. The boys here are doing Caffery out to be in the first three Canadians, but I will be right there on race day."

How Happy Hours Are Enjoyed—Pretty Beach Party—A Warning.

[Special To The Advertiser.]
Port Stanley, July 14.—The old Southern Sextette gave an excellent concert last evening in the town hall. A small but appreciative audience was present, and considering the exceedingly warm night the affair was very successful, as a result the Methodist Church is enriched some \$30 or \$40.

Miss Lila Sheperd, of St. Thomas, is spending a few days with her friend, Miss Helen Garrard, at the Bungalow on Erie Rest.

A very pleasant time was spent Monday evening on the beach at Erie Rest by a large crowd of the cottagers, who sat around a very large bonfire eating candy and popping corn.

The Misses Florence and Kathleen Dewey, of London, spent Monday with their friends, Miss Blanche Rowe, and Miss Marion Wallin, at Erie Rest.

A Pretty Beach Party.
Miss Nila Fitzsimmons was the charming little hostess to a very pretty beach party this evening in honor of her guests, the Misses Eby and Ruple.

Mrs. Fred Bell and three children and Mrs. Will Skinner and her three children of London, are camping on Erie Rest beach.

Mrs. Lake and daughters Jean and Winnie, of St. Thomas, have rented rooms for the summer in the house owned by the late Miss Whitcombe, from Mr. John Ball.

A Delightful Duet.
Miss Helen Greenley and her father, of London, rendered a delightful duet at the Sunday evening service in the Methodist Church.

Mr. and Mrs. George Coleman, of London, are summering in Springbank Cottage, Erie Rest.

Manager O'Neil, of the Tecumseh House, London, has leased the Bungalow at Erie Rest for the balance of the season.

Miss Florence McPherson, of Cowan, is the guest of her aunt, Mrs. James Bate.

Mr. and Mrs. Frank Smith and son, Leverage, the Misses Bernard, Miss Mabel Horwood, all of London, and Mr. Horwood of Winnipeg, are registered at Locust Park.

Cut Out Guns.

Complaint is made concerning a bunch of London boys who are camping in the neighborhood of Erie Rest. It appears that the youngsters have a rifle in their possession and use it very freely, and even carelessly, every day, thus endangering the cottagers. In fact, some of the women are afraid to go in bathing as they are tormented so much by the boys. The summerites do not want to have the boys arrested, but they give fair warning that something certainly will be doing if the shooting is not discontinued at once.

Daniel James Durand Graham is able to resume his work after a month's illness.
Four letters, written by his relatives in Norway 29 years ago last March and addressed to him at Minnetitan, Mexico, were received by Capt. Peter E. Marcussen, of the Norwegian steamer Elir, lying in dock at San Francisco. One was written by a little sister who has been dead twenty years.

Previous to 1905 there had been a succession of very poor olive crops in the Corfu district, Greece, and it was thought almost generally that a good crop would never again be seen, and that the trees had become hopelessly diseased, but a comparatively heavy fall of snow in the early part of 1905 with a hard frost following seems to have killed the germ of the fly that had been so increasingly destructive to the fruit in the previous 15 years. This rendered possible the phenomenal crop of the season 1905-6.
