

SUNDAY MORNING

COULDN'T CONVERT LONDON, SO GOES BACK TO ITALY

Big Man in "Futurist" Music Will Make Another Descent on Metropolis.

FUTURIST PAINTING DID NOT MAKE GOOD

LONDON, Aug. 1.—Signor Marinetti, the high priest of Futurism, has gone back to Italy. His departure amounts to a compulsory admission of failure to convert London to the faith in his noise-music. "I shall come back again," he said; but he will probably never command the attention that Futurism has hitherto obtained for itself from a public gullible to sensation. But except that a large number of mediocre painters have secured a good deal of self-advertisement out of the movement, Futurism has made very little headway since its ridiculous paintings first attracted London's attention.

In Italy, which the whole world visits in order to admire the works and ruins of bygone centuries, one can understand how there arose youth-fur spirits resenting the fact that their country is looked upon as merely a graveyard or museum of antiquities. "Down with the past!" was their cry. "Let us look to the future, and create a new means of expressing ourselves in art, music and literature." Unhappy man cannot create, he can only, as a general rule, evolve, and even if he is a great genius he cannot stop the course of evolution. But this is what the Marinettis and their followers in London are trying to do. They presume too far.

AMERICAN INDIANS HONOR DEAD CHIEF.

Fifteen Red Men in War Paint Hold Ceremony Over Grave.

LONDON, Aug. 1.—Fifteen stalwart North American Indians, clad in full war paint, recently rode from the 101 Ranch at the White City to Brompton Cemetery, where they sang dirges at the grave of Chief Lone Wolf, who died in England in 1892 while on tour with Buffalo Bill.

Red Shirt, chief of the Sioux, led the party of mourners. Crouching by the grave, he delivered a long oration eulogizing the bravery of Lone Wolf, and thanking the English people for "taking care" of the body.

Then Chief Little Bull planted feathers in the turf above the grave in acknowledgment of Lone Wolf's courage, a small quantity of food was placed in a hole in the turf, and a solemn chant, sung in unison, completed the ceremony.

SHACKLETON LEAVES FOR POLAR SEAS.

LONDON, Aug. 1.—The Antarctic ship Assurance, which is to carry the expedition headed by Sir Ernest Shackleton to Weddell Sea, from which point the explorers will attempt to cross the South Polar continent, left the Thames River today. The vessel will visit several English ports before proceeding southward.

WOMAN'S BEST MEDICINE

Mrs. Kelly Advises all Women to Take "Fruit-a-Tives"

Hagersville, Ont., Aug. 26th., 1913.

"I can highly recommend 'Fruit-a-tives' because they did me an awful lot of good and I cannot speak too highly about them. About four years ago, I commenced taking 'Fruit-a-tives' for a general breakdown and they did me a world of good. We bought a good many dollars' worth, but it was money well spent, because they did all that you claim for them. Their action is so pleasant, compared with other laxatives, that I found only pleasure, as well as health, in taking them. They seemed to me to be particularly suited to women, on account of their mild and gentle action, and I trust that some other women may start taking 'Fruit-a-tives' after reading my letter, and if they do I am satisfied the results will be the same as in my own case."

MRS. W. N. KELLY.
"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

AIRSHIP FLIGHT FROM SCOTLAND TO FAR NORWAY

Intrepid Airmen Will Make Long Journey in a Monoplane.

GLASGOW, Aug. 1.—From Scotland to Norway, the land of the midnight sun, over 300 miles of the North Sea, a flight is to be attempted almost immediately by Lieut. Tregve Gran, late of the Norwegian navy, and a member of Scott's South Polar expedition. As the winds often die down in the evening, he may fly by night. Both at Peterhead and on the Norwegian coast there is a very brief period of darkness at this time of the year.

The attempt is to be made in an ordinary Bleriot monoplane, with air chine—not a waterplane—with cushions in the body that should keep the machine aloft for twenty-four hours if it drops into the sea. "I shall start from Peterhead, thirty miles north of Aberdeen, as soon as a day comes when the weather looks fair and settled," says Lieutenant Gran, "and make for Stavanger, on the west coast of Norway. If I can land anywhere on the wide sandy beach between Stavanger and Fasund (about 140 miles away) I shall be happy."

PECULIAR BELIEF OF RUSSIAN FOLK

They Firmly Believe That Their Czar Has Only One Ear.

ST. PETERSBURG, Aug. 1.—The uneducated people of the province of Cherson have an extraordinary belief that the czar has only one ear. They are confirmed in their belief by pictures and photographs of the czar showing a side-face view and naturally exhibiting only one ear. They account for the absence of the other in the following manner:

Some time ago, they say, a deputation from their province waited upon the czar, and in the course of the meeting the czar is said to have stated that all Russian land would be equally divided among the peasants of the various districts. To this one of the deputation boldly said: "As sure as you cannot see your own ears you will not divide the land."

The czar's reply to this was to cut off one of his (the czar's) ears, which he placed upon the table, remarking as he did so: "As surely as I now see my ear I will divide the land."

WEEK'S ATTRACTIONS AT SCARBORO BEACH.

At Scarborough Beach Park this week the strongest free vaudeville act of the season will be presented. The

four Boris girls in their sensational aerial act come to Toronto highly recommended, and can be counted upon to give a very fine performance. D'Urban's band will play twice daily throughout the week, including Sundays, and there will be new films in the open air moving pictures. On Civic Holiday, Monday, there will be a great fireworks display, some of the devices having never before been seen in this city. The big feature act will be

that of the Great Devore in his wonderful feats of strength. Besides holding iron bars by his teeth, lifting tables, etc., in his mouth, Devore will lift and hold between his teeth a full sized steel plow. On Monday, Wednesday and Saturday evenings he will perform his most remarkable feat. A block of stone weighing between 300 and 400 pounds will be placed upon his breast, and anyone in the audience will be invited to come up and smash

the rock with a sledge hammer. These stones are now on exhibition just inside the entrance to the park, and are attracting much attention. Mr. Devore is a native born Torontonian, and has many friends in this city who will, no doubt, be anxious to turn out and see one of the most remarkable acts upon the vaudeville stage. He is also the brother of Josh Devore, formerly with the New York Giants, but now with Boston.

GALT CUSTOMS RECEIPTS DROP.
GALT, Ont., Aug. 1.—(Special to The Sunday World).—The customs returns for the port of Galt for the month of July, just closed, show a decrease \$2,948.89. While the building permits issued

during July show a decrease of \$62,855.00, there was nevertheless an increase in permits issued for dwellings, and the big decrease is due to the public building mausoleum for which the permit was taken out in July, 1913. The figures are: July 1913, \$79,515.00; July 1914, \$16,960.00. Decrease \$62,855.00.
