

Lining Up For The General Elections

Loggie, Unionist, and Morrissey, Straight Liberal, in Northumberland; Division in Charlotte; Opposing Forces in Halifax; A Local Meeting

Chatham, Nov. 13.—In a day of stirring political events two candidates were placed in nomination today for the county of Northumberland in the coming election—W. S. Loggie, the late member as a Unionist and Hon. J. Morrissey as a Liberal opponent of the government. Hon. Mr. Morrissey was nominated at the Liberal convention at the Royal Theatre, regularly called, after a resolution approving of union government had been defeated by a small majority. With thirty-two delegates supporting Mr. Loggie for the nomination, a split in the Liberal party developed and these delegates withdrew and joined in the enthusiastic nomination of Mr. Loggie at the public meeting in the Chatham Opera House this evening. With the Conservatives united on Mr. Loggie and a pronounced division in the Liberal ranks it is conceded that Mr. Loggie, who has represented the constituency since 1900 and always was elected with large majorities has every chance of re-election.

At the Liberal convention in the afternoon Hon. J. P. Burchill left the chair and Sheriff W. F. Cassidy resigned the secretaryship to be succeeded by Gerald T. O'Brien.

W. S. Loggie's Platform.

Mr. Loggie submitted his platform as follows:

"I am a Liberal. I will support the union government during the continuance of the war on all questions that involve its continuance in office."

"I regard this necessary for the successful enforcement of the Military Service Act and the vigorous and effective win-the-war policy."

"I believe that our country is in jeopardy and that it behooves Liberals and Conservatives who share these views to throw aside for the moment all party issues and join hands in enforcing the Military Service Act and also in making such further laws as will enable us to protect our homes and liberties and all that these stand for."

"Furthermore we are under a sacred obligation to support the boys who have done and are still doing so much for us."

Big Public Meeting.

The Chatham Opera House was filled tonight at the union government convention. Hon. F. B. Carvell was present. Mayor W. B. Snowball presided and on the platform were Hon. Robert Murray and many other leaders of both parties. The Conservative convention had met at 7:30 o'clock and adjourned at the joint gathering. President John Betts of the Conservative Association and Alder-

FOR THE KIDNEYS

Also for Swollen Joints and Aches, Constant Headaches, Urinary and Bladder Troubles and all irregularities of the Kidneys.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, indigestion, spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

The phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

man John H. Troy of the Liberals reported the following nominating committee to select a candidate:

Conservatives—Claude Brown, J. D. Lahay, John McColm, E. J. Parker, F. D. Swin, Millet Stewart, Richard Green, Fred Fowle, R. W. Wolfe, R. A. Ardooch and Frank Manderson.

Liberals—W. B. Snowball, A. P. Williams, George Silvester, H. T. Smith, Wm. Wishart, Fred Phillips and John Grogan.

The twenty men were out a few moments and unanimously chose W. S. Loggie and their choice was at once ratified by the audience who gave Mr. Loggie an ovation. Mr. Loggie, in a vigorous speech reiterated the principles laid down in his platform in the Liberal convention in the afternoon. He had regretted parting with Sir Wilfrid but was compelled to do so as a matter of principle.

Ovation for Mr. Carvell.

Hon. Mr. Carvell received another ovation. He was heckled a little at first but soon silenced the opposition. Mr. Carvell declared the twenty-six Liberals who left Sir Wilfrid Laurier had had to do so to obtain re-election. He himself had severely criticized the old government and had entered the union government for the period of the war and the time required for demobilization. The union Liberals all agreed to the same.

All sorts of questions were asked him by the audience. To one who asked, "Why he had not sent his son to the front," the minister said, "God bless the cur who said that. I have no son."

His own offer of service had been refused. His son-in-law had gone and died. The militia act would take all men between 18 and 45 years. Selective conscription was fairer. He would not have voted for conscription a moment before voluntary enlistment broke down. He took his political life in his hand and cared not whether he won or lost. He would do his duty no matter what happened.

What would happen if Germany won this war? Civilization would disappear from the earth. Canada needs all the money now she can raise by tariff, by loan or in any way. She is borrowing her debt now is nearly a billion and a half, more than twice as much will be needed after the war than ever before.

Pensions must be paid, no matter how large. The country must take care of its defenders. A revolution has taken place in this country for the first time. All our preconceived ideas of government and finance may have to be revised.

A voice—"What about home rule?"

Mr. Carvell—"I visited Ireland six years ago and came away an ardent home ruler."

He regretted Ireland had not more rule, but we have nothing to do with it in Canada. A referendum on conscription would delay matters for too long. In view of Europe's terrible condition can anyone justify himself to say that Canada should quit?

Cries of "No, no."

A voice—"Is the Liberal policy to quit?"

Australia's Experience.

Mr. Carvell said a referendum now could not be held before May nor finished before June. Australia turned down conscription, failed to get enough men, and now is taking another referendum. "She must apply compulsion or quit," he said. "You can't fight battles without men. He was right, he knew he was right. The hundred thousand additional Canadians applying to the war had voluntary enlistment and very successfully for the first year, then

the meeting was adjourned in the hope that an agreement in regard to candidates can be arrived at today.

D. D. MacKenzie Nominated.

Sydney, Nov. 13.—D. D. MacKenzie, of North Sydney, was this afternoon unanimously chosen as the Liberal nominee for Cape Breton North at a convention at Baddeck. Mr. MacKenzie represented Cape Breton North in the last house. A convention call has been issued to supporters of the union government in north Cape Breton for a meeting on

Friday, November 16. It is expected that both parties will hold a convention here on Friday next, when decisions will be reached as to whether or not there will be a union ticket for Cape Breton South and Richmond. The Labor party meets here tomorrow to consider the nomination for two candidates for this riding.

In Kings-Queens.

Friday, November 16.—The campaign, with Dr. McAllister and H. H. McLean both supporting union government in Kings and Queens counties, has already begun. There was a disposition on the part of many people to try and represent-atives of both parties together and induce either one or both candidates to retire and avoid an election at a time when the minds and hearts of people are worried over the war situation and the fate of the boys overseas. So far all these efforts have been unsuccessful. There was a proposition on the part of

No Agreement in Halifax.

Halifax, Nov. 14.—Dr. E. Blackadder and George A. Redmond were last night selected as Laurier Liberal candidates for the election in Halifax city and county by the Liberal Association. The association refused an offer from the unionist convention, which also met last night, to agree upon the election of two unionist candidates by declaration.

According to custom the candidates represent the Roman Catholic and Protestant sections of the organization. The Protestant, Mr. Redmond, met with no opposition, but Dr. Blackadder was opposed by R. E. P. MacAuliffe, a Catholic representative. The vote for the doctor was 180 against his opponent's poll of 89.

Dr. Blackadder was the defeated Liberal candidate at the 1911 election. Sir Robert Borden's majority being 161. The unionist convention adjourned till this evening without selecting candidates. When it was learned that the Liberals had nominated candidates, some members of the unionist convention favored selecting standard bearers.

Sir Robert Borden, who was present, counselled waiting.

The meeting was adjourned in the hope that an agreement in regard to candidates can be arrived at today.

D. D. MacKenzie Nominated.

Sydney, Nov. 13.—D. D. MacKenzie, of North Sydney, was this afternoon unanimously chosen as the Liberal nominee for Cape Breton North at a convention at Baddeck. Mr. MacKenzie represented Cape Breton North in the last house. A convention call has been issued to supporters of the union government in north Cape Breton for a meeting on

The Man Who Has Not Slept is Irritable and Nervous

SLEEPLESSNESS, like insanity, is greatly on the increase. Modern life, with its hurry and worry and noise, brings an enormous strain on the brain and nerves.

More and more people are crowding into the cities, living huddled together in poorly-ventilated houses, and taking insufficient natural exercise. The blood becomes thin and vitiated, and with a little extra strain the nerves collapse.

The man who has not slept is irritable, vacillating, and lacks self-control. He is in no condition to fight the battles of life. He is worried, digestion fails, and so the exhausted nerves are further starved.

There may be no pain, no marked symptoms, but you cannot sleep, and without sleep it is impossible for the nervous system to restore the nervous energy wasted by the process of living.

The temptation to depend on sleeping powders or tablets must be fought off if you would avoid

He is Worried-Digestion Fails-The Nerves Are Starved

The Food Cure

Mr. Harry Edward Trotman, First Street, Collingwood, Ont., writes:—"It is with great pleasure I write to tell you the splendid results I have secured through the use of Dr. Chase's Nerve Food. Before I commenced this treatment I suffered from nervousness, was restless, easily worried, had frequent headaches, and neuralgia pains through my body, especially in the back. I could not sleep nor eat well, my circulation was poor, and the heart action seemed weak. I also had attacks of indigestion. I tried several different remedies, but could not gain permanent relief. At last I started taking Dr. Chase's Nerve Food, and this treatment, together with an occasional Kidney-Liver Pill, worked wonders in my case. Five boxes of Nerve Food cured me. My wife has also derived great benefit from the same treatment, and we shall never be without these medicines in the house as long as we can get them."

catastrophe. Means of reconstructing the starved nerve cells must be sought. Since the digestive system fails to supply nourishment to the blood and nerves it is necessary to employ such treatment as Dr. Chase's Nerve Food to instil new strength and energy into the tired nerves.

Nature can only use certain ingredients to rebuild the wasted nerve cells, and these are found in happy combination in this great food cure. Gently and certainly this reconstructive treatment increases the nerve force in the human system, until the organs resume their functions. Digestion improves, appetite is sharpened, you eat well, sleep well and find your old-time vigor returning.

You have only to follow the reports in the newspapers to learn of the great good Dr. Chase's Nerve Food is accomplishing among persons who have suffered from sleeplessness, nervous headaches, indigestion and forebodings of the future which border on insanity.

Dr. Chase's Nerve Food

50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Even Cross, Sick Children Love Syrup of Figs

If Feverish, Bilious, Constipated, Give Fruit Laxative At Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapiesin" Ends all Stomach Distress in Five Minutes

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into a mass of gas, head dizziness and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a Little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A Little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

by friends of both candidates to carry on a vigorous campaign.

In Charlotte.

The executive committee of the two political parties of Charlotte County met recently in St. Stephen and, after much discussion, finally agreed that George M. Byron would be the union candidate of the two parties. It was then agreed to form an executive union committee to take charge of an election should another candidate appear. A meeting was called and the Liberals stood firm for the agreement, as did the executive committee of the Conservatives, but the Conservative following turned down the union candidate. The Liberals have called a convention for Thursday afternoon for the purpose of naming a candidate to contest the county.

Against Union.

More than 200 citizens assembled in Outdell's Hall last evening in response to a call for those in favor of a straight Liberal ticket. Urban J. Sweeney was chosen chairman. It was unanimously resolved to oppose Union government and to place two Liberal candidates in the field. Those who addressed the meeting were:—The chairman, O. Chesley, J. Dryden, Mr. Hill, Arthur Carter, Michael Kelly, Dr. J. R. Nugent, Dr. J. M. Barry, Joseph Dwyer and others.

It was moved by Dr. J. R. Nugent that a committee of seven be appointed to interview possible straight Liberal candidates. This was carried and the following were named by the chairman: Stanley Taylor, Dr. C. M. Kelly, Joseph Dryden, Dr. R. E. Nugent, Ray Mooney, O. Chesley and S. S. Ryan of Coverdale, Albert county.

A feature of the meeting was the invitation to James L. Sugrue to act as a representative of labor on the nominating committee. He declined, saying that he believed organized labor would take no part in the election.

QUEBEC LEADS IN REGISTRATION

Ottawa, Nov. 13.—Gratification is expressed here with the extent to which the province of Quebec has complied with the terms of the Military Service Act. Early reports had created the impression that class one men in the province would largely disregard the proclamation and decline to register. So far from this being the case, the military district of Montreal now leads the dominion in percentage of men who have registered. Rather curiously, the military district of Quebec comes second. The returns, which are the official statistics of the

CUTICURA HEALS PAINFUL ECZEMA

Itched and Burned. Wanted to Scratch All the Time. Scarcely Any Sleep.

"When I was fifteen years old, eczema came in a rash, first on my head, then on my ears, and then on my body. It was very painful and burning so I wanted to scratch all the time. I scarcely had any sleep."

"After I used four boxes of Cuticura Soap and six boxes of Ointment I was healed." (Signed) Mrs. R. H. Carlson, Country Creek, Sask., Feb. 6, '17.

Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointment.

For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

BLACK KNIGHT STOVE POLISH

A clean, bright stove is usually the sign of a good cook. Black Knight makes the task easy. Just apply with a cloth on either warm or cold stove, as it is non-inflammable.
