

You Salesmen!

Salesmen of Canada! Have you considered what an asset is real foot comfort. A salesman whose thoughts are handicapped by the fatigue resultant from much walking on hard heels isn't giving himself a chance to be efficient.

By using Cat's Paw Cushions, your fatigue is cut to a minimum. By thus lessening fatigue you increase your ability to make better sales.

CAT'S PAW CUSHION RUBBER HEELS

Made of a high-quality, long-wearing rubber, Cat's Paw Heels have a Canvas Friction Plug which makes them slip-proof on wet, icy, or polished surfaces; and the canvas is sufficiently hard to make a slight noise and prevent that "stealthy" feeling ordinary rubber heels give.

You need the Cat's Paw Heel to give you a light, lively step—and above all—to assure you of real foot comfort, enabling you to concentrate your thoughts upon your customers and your line. Cat's Paw Heels in all colors and sizes. Carried by all first class dealers and repair men. 50c attached.

Look for the black cat on the orange colored box.

The Walpole Rubber Co. of Canada, Limited, Montreal

Morning Cables Tell Of New Advances by Allies

Vienna, via London, Aug. 8.—The loss of the Gorizia bridgehead to the Italian forces is admitted in the Austrian official statement issued today. A withdrawal to the eastern Isarco, the statement says, was necessary to avoid severe losses to the defenders of the bridgehead because of the desperate attacks made by the Italians.

London, Aug. 8.—Prisoners are still surrendering by the thousands as a result of the Italian operations, says a Central News despatch from Rome. Over 10,000 prisoners have been captured in two days the despatch adds.

New York, Aug. 8.—A despatch from Saloniki to a news agency here today, says:

"French and Serbian forces on the Greek front are in contact with Bulgarians and there has been severe fighting."

On July 30 in conjunction with the French, an attack was made by British naval aeroplanes on benzine stores and the barracks at Muehlim. The machines met with a very heavy anti-aircraft fire, but succeeded in gaining their objective and carried out a successful bombardment. Our machines returned safely."

London, Aug. 8.—A proclamation foreshadowing the surrender of Lemberg, capital of Galicia, was issued by the governor of the city on August 4, says an Exchange Telegraph Company despatch from Bucharest. On the same date, the despatch adds, the evacuation of the city by the civilian population was ordered. The proclamation declared the Austrians would return shortly to wrest Lemberg from the Russians.

London, Aug. 8.—The British pushed forward their lines at places east of Trones Wood, on the Somme.

front, last night, the war office announced today.

Paris, Aug. 8.—Notable gains have been made by the French in the Somme region, according to the official statement issued by the war office tonight. In two days they have carried German trenches along a front of more than three and a half miles to a depth of from 300 to 500 metres.

Henderson Resigns Portfolio

Arthur Henderson, president of the board of education, has resigned his portfolio in the British cabinet. This resignation does not apply to his membership in the cabinet. He will be retained as labor advisor. The Marquis of Crewe, Lord president of the council, will take over the extra duties as president of the board of education.

Harbor Survey Before Council

Commissioner Russel Gives Notice of Motion For Survey on Which to Base Unified Plan

A resolution asking for \$2,500 for a complete survey of St. John harbor, including Courtenay Bay, with the idea in mind of unifying the harbor and railroad facilities to complete a scheme of unified development, was presented for a week's consideration by Commissioner Russell at the close of the common council meeting yesterday afternoon. The commissioner distributed copies of the resolution to the other commissioners and the mayor, and asked them to think the matter over during the coming week. The resolution read as follows:

The application of William E. Scully for the lease of lots Nos. 976 and 977, fronting on Charlotte street, Brooks ward, together with an option to purchase for a term of seven years at \$54 per year, was considered upon the recommendation of Commissioner Russell, but it was not acted upon until further value in the vicinity could be determined.

Mr. Wardrop read recent communications from L. R. Wilson, manager of the Atlantic Sugar Refineries, relative to the extra item on their tax bill. Commissioner McLellan said that there seemed to be little need of questioning the addition of \$84 above the regular tax of \$2,000 when it was plainly stated on the tax bill in large letters that the money was for patriotic purposes, and asked why, if the company insisted upon being so exacting, it did not inquire why their bill was \$1,000 less in 1915.

L. R. Wilson, manager of the Atlantic Sugar Refineries, in his letter to the council strongly denied the fact that the sugar refinery had refused to pay the patriotic tax.

Com. McLellan reiterated his statement that the steamer Empress had no wireless, although she has a capacity of 800 passengers.

The office of the use of the Tucker barn was referred to the park commissioner.

The renewal lease for Frank Garson of lot No. 830, Guys Ward, for seven years at the rental price of \$14.80 per annum was authorized.

It was decided by the council that, as agreed, they would send to the department of marine and fisheries half the cost of the repairs made to South Rodney wharf and Union Wharf.

Dangers of Fire At The Hospital

Dr. Walker Wonders What Would Happen to Patients—Evidence Completed in Ryan Inquest

The taking of evidence at the inquest into the death of James A. Ryan was concluded before Dr. W. P. Roberts, coroner, last night. A verdict was not reached, however, as it was nearly midnight when the court adjourned. The typewritten copy of the evidence will be ready for the jury in a few days and adjournment was made until Wednesday, the 18th inst.

Dr. Thomas Walker, president of the hospital board, was on the stand and gave some pertinent evidence with respect to the present hospital. Aside from the fact that the building is obsolete and unfitted to meet present day conditions, Dr. Walker laid emphasis on the fact that there is considerable danger owing to the present location of the hospital in the basement. Every time the fire bell rings, Dr. Walker said, he waited to count the strokes and if it were not for the fact that he was in peace, but if it were, he wondered what would become of the patients in the institution. Dr. Walker also declared that he would not like to send any of his family to the epidemic hospital.

Miles E. Agar, one of the commis-

sioners, also dealt with the danger from fire owing to the present arrangements, and said that in his opinion St. John medical men are the equal of any on the continent. Were the local practitioners given the proper facilities he was of the opinion that many who now go to other places for treatment, would come to St. John which, even from a mercenary standpoint, would be a good thing and be a matter of prestige to the city.

Dr. H. L. Walker, the house surgeon, gave the result of the post-mortem examination made on the deceased. Dr. Walker said that Mr. Ryan was suffering from an incurable disease and it was his opinion that, knowing this, the intention was to escape from the hospital and get far away. He scouted the idea of suicide as unlikely for, had the deceased entertained such an idea, he had opportunities on every hand to carry them out. Dr. Walker was also emphatic with respect to the need for better hospital accommodation for the city. He cited one case where a patient had contracted measles, after an operation, and had been removed to the epidemic hospital, where he caught diphtheria and died.

The value of the present site for an hospital also came in for consideration, the opinion of Dr. Thomas Walker and Mr. Agar being that it is the best in the city and they gave their reasons.

The Evidence.

The first witness of the evening was Miss Gilfoil, a student nurse at the hospital, who was recalled to repeat certain portions of the evidence she had already given.

Rev. Harold Coughlan, of the Cathedral, was next called, and told of administering the last rites to Mr. Ryan. He had spoken to Mr. Ryan who was only able to answer him with his eyes.

Mrs. Joseph Quinlan, sister of Mr. Ryan, was next called. In answer to a question, she said that she had never expressed the thought that her brother

QUICK as you hook Prince Albert up to the "papers" and a match, the joyous flavor and fragrance and coolness come across! And you realize you never before rolled such pleasure into a cigarette! And, besides, the patented process by which Prince Albert is made cuts out bite and parch! Prince Albert has always been sold without premiums or coupons. We prefer to give quality!

PRINCE ALBERT

the international joy smoke

is the kind of tobacco you've yearned for; the kind you can chum-it with through thick and thin—and smoke a lot of without any sort of a comeback! It's so good and friendly! The next thing you do, get some P. A. If your dealer cannot supply you, ask him to secure it through his wholesaler.

And when you start to roll Prince Albert it stays put and you don't lose a lot every crack out of the box!

Prince Albert will meet your smokeappetite fair and square in a jimmy pipe as well as in a cigarette! It's a revelation in tobacco, and mighty well worth your time proving what we tell you is an absolute fact!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C., U. S. A.

Submarine Bremen Reported Sunk by Accident

New York, Aug. 8.—A news agency despatch from Bern, Switzerland, published here today, says:

"The Berliu Tageblatt announces that the German submarine Bremen, which was to have arrived at an American port, has been sunk through an accident to her machinery, according to a despatch received here this afternoon."

should be taken to the asylum instead of to the General Public Hospital.

Dr. Donnelly, the next witness, gave evidence as to Mr. Ryan's actions in the hospital, adding that he did not consider that special watching was necessary.

The hearing was then adjourned until Wednesday the 18th inst., when a verdict will be brought in.

Mr. Kelley put into evidence a statement showing the number of patients admitted annually into the hospital since the year 1905. In that year the number was 1,085. For the past year it was 2,082.

Partnership Dissolved

J. S. Harding and Elbert E. Church, agents for the Prudential Trust Co. and Chalmers and Dodge motor companies have dissolved partnership.

Valcartier Camp

Is Making History by Fitting Men to Fight the Empire's Battles Overseas.

Le 150ème Bataillon
Canadiens Mont-Royal

The 167th Overseas Battalion

The 189th Overseas Battalion

Now that the great Allied offensive is under way, gaining momentum with every stride, Canadians in training here and Overseas grow keener and more impatient to "get into the thick of it." Valcartier, already historical, is doing wonders in fitting men of Eastern Canada to uphold the standard of our gallant lads who have already played the game so bravely and effectively in Flanders.
