SCHEME FOR NEW WATER MAINS IS LOST IN COUNCIL

Commissioner Harding Opposes on Ground Renewal Work Not Urgent

BOND ISSUE VOTE FAILS TO CARRY

Church Officials Protest Against Garage Noise—Lancaster Lands Sold

The proposition to replace some of the old water mains in the south end of the city with new and larger mains, was defeated this morning in Common Council meeting. As Commissioner Harding voted against a bond issue for the work on the ground that he did not consider it necessary this year. Some tax appeals were referred to the Mayor to arrange a hearing and several city lots in Lancaster were ordered sold.

PROTEST GARAGE NOISE.

H. B. Schofield and Rowland Frith appeared on behalf of the trustees of the Mission Church, Paradise row, and protested against noise made by a garage opposite the church and asked that the council take steps to have this abated.

Mayor Potts said a letter would be sent to the owner of the garage, asking him to keep the noise down during the hours of service and this was satisfactory to the delegation.

The committee of the whole recommended that permission be granted to W. J. Nichols to install a gasoline tank and pump at 27 Paradise row, at the will and pleasure of the Common Council; that the offer of \$400 by Sarah Jane Stevens for two lots of land in Lancaster be accepted; that the Department of Public Works be authorized to purchase the land of Hon. William Pusey an air compressor outfit with one Jackhammer and one pump, at a cost of \$100; that the Commissioner of Water and Sewerage be authorized to extend a water pipe in Havlicek street, West Side, an estimated cost of \$2700 and that the following water main renewals be made in the south end and paid for by bond issue.

Richmond street, Waterloo to Prince York street, 12 inch, age 40 years; proposed pipe 12 inch, length 400 feet; estimated cost \$2,800.

Union street, St. David to Crown street, 12 inch, age 40 years; proposed pipe 12 inch, length 250 feet; estimated cost \$2,250.

Crown street, Queen to Queen street, 8 inch, age 44 years; proposed pipe 8 inch, length 250 feet; estimated cost \$1,250.

Queen street, Crown to Pitt—Present pipe 8 inch, age 44 years; proposed pipe 8 inch, length 460 feet; estimated cost \$2,280.

Chubb street, Rockland road south—Present pipe 8 inch, age 40 years; proposed pipe 8 inch, length 300 feet; estimated cost \$1,500.

Bridge street, Main street south—Present pipe 8 inch, length 275 feet; estimated cost \$1,375.

OPPOSES ISSUE.

Commissioner Harding said he was opposed to a bond issue of \$30,000 this year as the council had adopted a policy of no bond issues for 1925 and he did not think the work was so urgent that it could not wait until next year.

Mr. Potts said while he was glad to see the commissioner against bond issues in general, it must be remembered that the work here must be done for the benefit of the city and not by the general tax payer. Commissioner Wigmore said the work necessary for the betterment of the circulation of that part of the city and to give better fire protection. The motion to do this work was lost, Commissioner Harding voting against it. The other recommendations of the report were adopted.

To pass a bond issue the vote must be unanimous. G. B. Taylor and Tip Top Tallors wrote protesting against their assessment for 1925. These matters were referred to the Mayor to arrange for a hearing.

J. Hunter White wrote the Mayor asking that some reduction be made in the valuation of the Whitaker building, King street, as this had been idle for two years.

His Worship said nothing could be done about this.

The by-law amending the electrical by-law, providing for the height of service wires from the street, was passed and ordained.

On motion of Commissioner Frith the application of Pyke Brothers for permission to erect a steel paint sign on the roof of the building occupied by Louis Green was granted.

LAND MATTERS.

On motion of Commissioner Bullock a renewal lease of lot 841, Guys yard, for a term of seven years was ordered issued to whoever might be entitled to it. This lot was formerly under lease to Robert A. Austin.

An application by W. R. Scott to have the city's copy of a lease of land to the C. P. R. in West Saint John, for the purpose of having it recorded, was granted, subject to the approval of the city solicitor.
