Canadian Press.  
MONTREAL, Sept. 8.—Following  
the announcement during the holiday  
that Asbestos Corporation was willing  
to enter a merger with six other as-  
bestos companies, the common stock  
opened this morning, up 3/4 at 94 1/2,  
providing the feature of the early trading,  
on the local stock market. Nearly  
1,000 shares changed hands within the  
first 10 minutes, the price fluctuating  
violently from the first quotation of  
91 1/2, from which it strengthened to  
92. The preferred was entirely neglected.  
The most active stock was again  
Brazilian, with a turnover of more than  
2,500 shares. It closed 1/4 at 7 1/2. Do-  
minion Textile and Price Bros. were  
both firm on good demand, the former  
rising to 88, up 1 1/2, and the latter to  
52, up 1/2. Dominion Bridge gained 1/2  
to 98, while Canadian Salt was up 1  
to 183 in a single board lot transaction.  
The only other price changes occurred  
in Winnipeg's Ralls and Montreal Power,  
which were off 1/2 at 40 and 41 1/2 to  
208 respectively. Consolidated Smelters  
sold unchanged at 120.

IN WALL STREET  
NEW YORK, Sept. 8.—Rising prices  
characterized the resumption of stock  
market trading, after the double holiday.  
Pierce Arrow common and preferred  
opened at 44 and 94, respectively,  
both new high records for the year, and  
initial gains of 1 to 3 1/2 points were  
recorded by Alcoa, Chalmers, Chrysler,  
R. H. Macy, Dupont and Sears Roebuck.

**Morning Stock Letter**  
NEW YORK, Sept. 8.—The stock market had a very sharp break on Tuesday and Wednesday of last week and then recovered sharply. Liquidation, which was heavy the first part of the week, dried up completely later and the covering, which came in, was sufficient to cause quite a sharp up-turn. Because of the holiday feeling towards the end of the week it is doubtful just how much, which three days of the week were in indicating that the reaction was over, and that the test must come this week. With more traders back in the street, we believe there will be some attempt made this week to lower prices again. Bears had counted on firming of money rates during this month as a factor in helping them lower stocks, but indications now point to continued ease in money for the immediate future.  
On weak spots we believe a number of stocks can be bought, including most of the rails, some of the steels, copper, specialties and the good oils.

# GERTRUDE EDERLE ABANDONS PLANS

Fails to Swim English Chan-  
nel and Returns to the  
United States

CAPE GRIS NEZ, France, Sept. 8.—  
Gertrude Ederle has abandoned her  
plans to swim across the English Chan-  
nel this year. She will sail for the  
United States Saturday aboard the  
Cunard liner Mauretania.  
Since Miss Ederle collapsed in mid-  
channel about a month ago, during an  
attempt to negotiate the channel, she  
has continued training, but unfavor-  
able weather conditions finally com-  
pelled her to admit there was no chance  
of success until next year.  
Of the dozen or more swimmers who  
challenged the channel from one shore  
to another this summer, not one got  
across.  
Col. Benard, Cyril Freyberg, an  
Englishman, came closest to success  
August 4-5 when he was removed  
from the water one and one-half miles  
off the English coast after 16 hours  
and 40 minutes swimming.  
Among other swimmers who tried  
and failed were Jane Slon, of France,  
and Lillian Harrison, of the Argentine.

# RIVER CRUISE WAS BIG SUCCESS

Forty-Eight Boats Take Part  
in Outing Over  
Week-End

Sunday Service Held at Jenkin's  
Cove—St. Mary's Band  
Assisting.

The Saint John Power Boat Club  
cruise to Jenkin's Cove on the Bellefleur  
during the week-end was one of the  
most enjoyable the club has yet held.  
There were 48 boats on the cruise with  
Commodore James Barnes and F. M.  
McKelvie in the lead and a number of  
the Royal Kennebecis Yacht Club  
sailing boats accompanying the power  
boats. The fleet left Indiantown on  
Saturday afternoon at 3 o'clock and  
arrived at Jenkin's Cove about 7 o'clock  
in good time to attend the picnic social  
in the local hall. St. Mary's Band  
went along and furnished greatly en-  
joyed music during the cruise. George  
F. Jenkins extended cordial hospitality  
and provided sleeping quarters for the  
band, his assistance being very greatly  
appreciated.

# CHURCH PARADE.

On Sunday afternoon the open air  
service was held on Mr. Jenkins'  
grounds and St. Mary's Band led the  
church parade of the club members  
and the visitors from the wharf to the  
grounds. People had assembled from  
great distances, many coming from as  
far as Gagetown and the parade  
extended for about a quarter of a mile  
with men, women and children all join-  
ing in. The service was conducted by  
Rev. M. Woodworth, Baptist student  
of that district.  
In the evening there was a sing song  
on the wharf with the band playing the  
accompaniment. Special selections in-  
cluded a vocal duet by Bruce Holder  
and Harold Friars, a vocal solo by  
Douglas J. Thorne with Miss Gregory  
accompanying, and a violin solo, "In  
the Garden of Tomorrow," by Bruce  
Holder with the band accompanying.  
Four large bonfires were built and the  
sing song continued until a late hour.  
The D. J. Purdy made a special trip  
to the Cove on Sunday, arriving at 1  
o'clock and his crowd of passenger

# BASEBALL GAME.

A ball game between teams of the  
handmen and the club members at  
Jenkin's Cove went 11 innings to a two  
all tie and had to be called because of  
the sun affecting the eyes of the play-  
ers.

# HE PUTS 'EM TO SLEEP.

An inventor in Cheshire, Eng.,  
produced a machine which is said  
to be a sure sleep producer. The machine  
throws a series of twelve different  
colored light rays across the face of the  
victim's face, putting him to sleep in  
15 minutes, the inventor claims.
