PROGRESS IN SPRUCE LAKE PIPE EXTENSION

Motion to Complete Agreement with Pulp Company Passed

Matter of Contract for Construction Now Being Considered—Another Meeting This Afternoon.

A motion to complete an agreement with the Nashwaak Pulp and Paper Co. regarding the proposed water extension from Spruce Lake was passed by the common council in committee this morning.

The matter of the contract for the performance of the work was also taken up and discussed.

G. G. Hare, city engineer, explained the methods of computing the measurement of overflow from the lake as mentioned at yesterday's meeting.

Regarding the recent inspection of the wood stave pipe near Lattimer's Lake, which was laid fifteen years ago, the mayor said it was apparently in good shape.

Dr. J. B. M. Baxter, K. C., city solicitor, explained that the proposed agreement provided that if the city had available 4,000,000 gallons for the company's use and the company did not use any or less than that amount, the minimum \$3,150 could be collected.

The city engineer said that it would be possible to give the proposed increase supply for nearly a year from the storage of the lake alone.

The motion to supply water under the terms of the agreement was again put by Commissioner Bullock.

Commissioner Thorton said he still thought that the city should have a water supply arrangement. He thought that if the company was a prosperous organization the city should share in the cost.

Commissioner Bullock asked if it was the intention of the city to demand this increased rate from all industries in the city.

On question being put, it was carried, the mayor and Commissioner Bullock and Jones voting for and Commissioner Thorton and Frink against.

Commissioner Jones took up the question of the contract for the work. Commissioner Frink asked "Why all the frantic haste in getting this matter put through?"

Mr. Jones said that the matter was for a year and the public was complaining on the delay.

French Troops And People in a Clash

Eleven Killed and Twenty-Six Wounded

Crowd Mad Attacked Detachment of French Cavalry—Strike in Protest Against War—Armistice Terms Are Read to Poles.

Berlin, Aug. 18.—French troops clashed with inhabitants of the town of Katowice, an important mining town of Upper Silesia today, eleven killed and twenty-six wounded.

Polish troops attempted to break up a mass meeting at Rybnik, about twenty-five miles southwest of Katowice, and in the resulting disorder one person was killed and four wounded.

Workers in all the towns in Upper Silesia struck a noon yesterday as a protest against the war between Russia and Poland.

All public utilities were halted from twelve to seven o'clock in the evening and all restaurants and stores were closed. Meetings of trade unions were held everywhere in the interests of neutrality, and demands were made for the creation of a committee to control the transportation of troops.

A crowd at Katowice attacked a detachment of French cavalry, killing one trooper, wounding twenty-six, and killing nine and wounding twenty-six. A lawyer and a local politician, threw a grenade from a window and was dragged from his house and killed. The security police, two of whose comrades were killed by French fire, have refused to continue duty.

After the disturbance the French troops were withdrawn from the town. Terms Read.

Moscow, Aug. 18.—(By the Associated Press)—The Russian Soviet peace terms were read to the Polish delegation at their first meeting with the Soviet representatives in Minsk yesterday.

The Polish answer will be returned today.

Paris, Aug. 18.—The Polish counter-offensive with Thorn as its base, has successfully cleared the Danzig corridor of city troops and is now being received from the French mission in Poland today.

The city says that the Polish forces are still driving eastward.

Amunition Seized.

Vienna, Aug. 18.—A Danube gunboat on Monday seized a large outside Vienna munition depot.

Commissioner Thorton said he still thought that the city should have a water supply arrangement. He thought that if the company was a prosperous organization the city should share in the cost.

Too Many for the Jail; May Have to Sleep in Relays

Windsor, Ont., Aug. 18.—There are sixty-seven prisoners now held in the county jail at Sandwich, approximately 100 per cent more than capacity.

Most of them are O. T. A. violators. Cots and hammocks have been placed wherever room can be found for them but even with this makeshift some are sleeping standing up.

Two of the prisoners are under consideration by Governor Wantland as a solution, and if this is found impracticable the prisoners may have to sleep in relays of six hours each.

KINGSTON POLICE ARE OUT ON STRIKE

Military Called Out and Arresting Them—Trouble Spreads in Jamaica.

Kingston, Ja., Aug. 18.—The military was called out yesterday in conjunction with a general strike of the policemen, and those of the policemen who are refusing to work were arrested and placed in cells.

The prison wardens also have gone on strike. The military, which walked out on Monday, resumed work yesterday afternoon pending a settlement of their demands for more pay.

The strike fever is spreading in the island. This is due primarily to the increased cost of living. The government is apprehensive over the situation and special police have been called out to assist the civil government in maintaining order.

MEANONITES TO QUEBEC PROVINCE

Reported Intention to Negotiate With Government for Tracts of Land.

(Canadian Press.)

Winnipeg, Aug. 18.—The Mennonite question took on a new angle yesterday. A local paper states that negotiations have commenced with the Quebec government and that official delegates of the "colon" movement, which were originally scheduled to lead grain here.

In connection with the grain movement, it was stated that the C. P. R. were ready to bring to Montreal 250 cars of grain a day, equal to 400,000 bushels. The grain could bring 120 to 175 cars a day, while there will be the usual movement of grain by all water routes.

As Hiram Sees It

PUT NO BAN ON U.S. GRAINS AT CANADA'S PORTS

Montreal, Aug. 18.—The minister of Trade and Commerce, Sir George E. Foster, announced yesterday in a communication to the House of Commons, that the harbor commission's advice that there will be no embargo placed upon grain from the United States or other products passing through Canadian ports.

The statement was in reply to a question called to discuss the reported divergence of six United States vessels from this port, which were originally scheduled to load grain here.

In connection with the grain movement, it was stated that the C. P. R. were ready to bring to Montreal 250 cars of grain a day, equal to 400,000 bushels. The grain could bring 120 to 175 cars a day, while there will be the usual movement of grain by all water routes.

A LITTLE DROP IN WEEKLY BUDGET

Ottawa, Aug. 18.—(Canadian Press.)—During July the cost of the weekly budget of staple foods dropped slightly, according to figures in the current issue of the Labor Gazette.

The average was \$18.84 at the middle of July as against \$19.92 in June; \$18.77 in July, 1919, and \$19.22 in July, 1918. The index number of wholesale prices again declined, being 366.8 for July, as compared with 366.3 for July, 1919, and 364.6 for July, 1918.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—A pronounced area of high pressure now covers the country from the Great Lakes eastward, while in the west the barometer is low.

POSTS TOO MUCH TO GO TO BISLEY

Kickers' Meeting in Ottawa in Connection With D. R. A. Matters.

Ottawa, Aug. 18.—The "Kickers" meeting of the D. R. A. was held last night and there were some very decided opinions expressed. Principal among these was that the government had to give more money or the Bisley team would not be able to go to England to compete.

The Bisley team are excessive and the prize at Bisley so cut down that even successful riflemen could not begin to pay for the necessities of doing some thing in the way of providing a better rifle—that is a better shooting machine.

CUSPIDOR CALLED FOR BY PRISONER

None Forthcoming, He Decorates Police Court Room Floor and is Fined \$1.

Disatisfaction with the conveniences afforded by the city while in residence at King street east was roundly expressed this morning. Joseph Blais was charged with wandering about and not being able to give a satisfactory account of himself.

He pleaded not guilty, and while listening to remarks by the magistrate addressed to him, spat profusely upon the floor, at the same time ordering a spittoon. When called upon to cease sprinkling the floor, he declared that he could spit on the floor of the police courts of Quebec, Montreal or Ottawa because there were spittoons there which saved the floor, and guessed that he could do the same here in the absence of such receptacles.

The magistrate promptly assessed a fine of \$1.

Policeman Grant testified that he saw this man about 2:30 this morning, and heard him inquire his way to a local restaurant. Upon receiving the desired information he said he went to another. He stayed about half an hour. Upon his coming out the policeman asked him his name, which he gave, saying he was from Quebec. When asked what he was doing out in the street at that hour he replied that he was waiting for a friend. He paid his taxes in Quebec, Montreal and Ottawa, and could walk about at any time he liked there, and having paid his taxes here assumed that he was entitled to enjoy all the privileges pertaining to a citizen of this city.

Charles McCarron, or Henry Monahan, was charged with being drunk and having liquor in his possession. He pleaded guilty and was fined \$20 or two days in the workhouse and \$200 or six months on the second.

One man arrested on charge of drunkenness was fined the customary amount and another remanded.

The case of William Bell, which was to have come up today, was laid over until next week.

BUSINESS TRIP BY SEAPLANE TO MONTREAL

(Canadian Press Despatch.)

Montreal, Aug. 17.—The first seaplane ever to arrive in Montreal on a business trip landed on the river outside the Canadian Air Force on board. Starting from Le Lac, Quebec, in place of Colonel Leckie and Major Gordon of the Canadian Air Force on board. Starting from Leckie, the plane made a fast trip to this city in one hour and twenty minutes.

The visit will probably have profound significance later as it is understood that the seaplane will participate in triangular games with French stars at Pershing Stadium on August 29.

CANADIAN MAKES WORLD RECORD AT THE OLYMPICS

Earl Thompson Wins 110 Metre Hurdles

Our Men Out of Hapmer Throw—Sensational Contest Yesterday in Half Mile Race—Declared Greatest Ever Run.

Antwerp, Aug. 18.—Earl Thompson of Prince Albert, Sask., who is representing Canada in the Olympic games, today won the final heat of the 110 metre hurdles, hanging up a new world's record of 14.5 seconds. H. E. Barron, of the Meadowbrook Club, Philadelphia, second, and F. S. Murray of the New York A. C. third. Wilson, of New Zealand was fourth, Walter Scott of the Chicago A. A. fifth, and Carl Christensen of Sweden sixth. The old record for the event, both Olympic and world's, was 15 seconds flat.

Canada's representatives failed to qualify in the opening rounds of the sixteen pound hammer throw. John Cameron of Vancouver was by no means in his best form which was not quite good enough to give him a place in the final.

Those who qualified were—Patrick J. Ryan, United States, 28.28 metres; Bennett, U. S., 48.28 metres; C. Lind, Sweden, 47.29 metres; M. J. McGrath, United States, 46.69 metres; N. Lind, Sweden, 44.8 metres.

The final heat of the 10,000 metre walk was won by Frigiero, of Italy; J. Pearson, United States, was second; C. E. J. Gunn, Great Britain, third; McFadden, South Africa, fourth; Heir, Great Britain, fifth, and Maroney, United States, sixth. The winner's time was 48 minutes 51.3 seconds.

William Plant, of the Morningtide A. C., New York, reported a good showing this morning which it is believed will put him out of further competition in the present games.

In the first round of the tug of war the British team defeated their United States opponents. The latter had little chance against the Brits, being out-tugged in the first contest in 19 2-8 seconds and in the second 84 seconds. In the second match of this round Holland defeated Italy.

British and United States fencers met in a contest for third place in the fencing with foil competition yesterday. Each team won eight bouts but the United States fencers scored thirty-two touches against thirty-one for Britain.

Olympic Stadium yesterday was the scene of the most interesting and disappointing showing of Swedish athletes in the seventh Olympic programme, which there have been rumors for several days, culminated last night in a race in which Earl Thompson of Canada, who had been expected to win, was defeated by Earl Thompson of Canada.

Hjerberg will not go to Paris with the Swedish team and some of the United States athletes who will participate in triangular games with French stars at Pershing Stadium on August 29.

The visit will probably have profound significance later as it is understood that the seaplane will participate in triangular games with French stars at Pershing Stadium on August 29.

DAUGHTER OF GEN. BALLINGTON BOOTH WEDS

New York, Aug. 18.—Gen. Ballington Booth, founder and commander in chief of the Volunteers of America, and Mrs. Booth, announced the marriage of their only daughter, Miss Theodora Booth, to Lieut. Jesse A. Moore, U. S. A., of Superior, Wis.

The marriage was celebrated on July 30 at the summer home of the Booths at Blue Point, L. I. Mrs. Booth met Lieut. Moore while traveling with her mother through the part of Germany occupied by American troops.

A case which has aroused much interest in shipping circles in this city and elsewhere was commenced this morning before His Honor Judge Chandler in the equity court, a claim for damages brought by the Cox's Towing Incorporated of New York against Dunfield & Co. of this city.

The action arises from a matter of charter dating back to August of last year. The steamer Asua, for which Nagle & Wigmore are agents, was chartered by the plaintiffs to the United Kingdom, and was to have been ready, it is alleged, before August 31. The plaintiff contends she was ready on August 30, that notice was served to this effect. The charter for freight, it is said, was cancelled and laths taken to New York instead, after she was re-chartered.

Action is now brought to recover on the difference in the value of the charters and other matters entering in that connection. Thomas Nagle & Wigmore, and Henry Gibson, manager of the plaintiff company gave evidence this morning. The case will be continued this afternoon. M. Teece, K. C., and H. A. Powell, K. C., are for the plaintiffs, and J. L. Ralston, of Halifax, F. R. Taylor, K. C., and K. A. Wilson for the defendants.

Western Mines Get Demands.

Calgary, Aug. 18.—Coalhurst and Drumblies of the North American Collieries resumed work this week after a strike of some days, a settlement being reported in which miners, who are O. B. U. members, gained their demands. They asked that the 15 per cent increase in wages be retroactive to April and that there be no U. M. W. check off. All these demands were granted.

Barcelona, Spain, Aug. 18.—Benedictine monks who have been at the monastery in San Pedro, near here, since they were expelled from France, subsequently to the passage of a law separating church and state, have decided to return to that country. Arrangements are being made for their transfer, and their original monastery is being prepared for occupation.
