For Business Use

There are a great many places and occasions when the possibility of getting extra heat immediately effects an economy by decreasing the discomfort of the worker. In the office, in the morning or late at night, before or after the steam heat is on, it is of importance to have extra heat in the heater's outside office or shipping room, in the checker's shack, on exposed lots, in railroad stations, in shops, the

PERFECTION OIL HEATER Absolutely smokeless and odorless

is often a necessity. It is safe, smokeless and odorless. Apply a match, and it gives heat quickly. With four quarts of oil it burns nine hours. Has automatic-flaming flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the burner can be cleaned in an instant.

It has a cool handle and a damper top. An indicator always shows the amount of oil in the tank. The filler-cap is put in like a cork in a bottle, and is attached to the front by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in light or nickel. It is strong, durable, well made, built for service, yet light and ornamental.

Big Bribe Offered Presentation To Fireman
New York, Nov. 18—One hundred thousand dollars to vote against the anti-trust bill in 1918 was offered to State Senator Eugene M. Travis of Brooklyn, who he swore on the stand today, testifying before the legislative committee. A mysterious little man, whose name he does not recall, made the offer in the lobby of the senate, he said, on behalf of former Senator Frank D. Gardner. And Gardner, he added, confirmed it in a subsequent telephone conversation. Gardner is now under indictment, charged with having attempted, similarly, though with a lesser amount, to influence Otto C. Folkler of Brooklyn, now a congressman, but then a state senator. Folkler voted for the bill, as did Travis, and it was passed, notwithstanding the efforts of the race track interests and the alleged sale of a fund which previous testimony has placed at \$500,000.

FAMOUS GEMS OF PROSE

LIBERTY

By Robert G. Ingersoll

To preserve liberty is the only use for government. There is no other excuse for legislatures, or presidents, or courts, for statutes or decisions. Liberty is not simply a means—it is an end. Take from our history, our literature, our laws, our hearts—that word, and we are brought but moldered clay. Liberty is the one priceless jewel. It includes and holds and is the wealth and life of life. Liberty is the soil and light and rain—it is the plant and bud and flower and fruit—and in that sacred word lie all the seeds of progress, love and joy.

Liberty is not a social question. Civil equality is not social equality. We are equal only in rights. No two persons are of equal rights or height. There are no two leaves in all the forests of the earth alike—no two blades of grass, no two grains of sand—no two hairs. No two things in the physical world are precisely alike. Neither mental nor physical equality can be created by law, but law recognizes the fact that all men have been clothed with equal rights by nature, the mother of us all. The man who hates the black man because he is black has the same spirit as he who hates the poor man because he is poor. It is the spirit of caste. The proud useless despises the honest useful. The parasitic honours the great oak of labor on which it feeds and that lifts it to the light.

I am the inferior of any man whose rights I trample under foot. Men are not superior by reason of the accidents of race or color. They are superior who have the best heart—the best brain. Superiority is born of honesty, of virtue, of charity, and above all, of the love of liberty. The superior man is the providence of the inferior. He is eyes for the blind, strength for the weak and a shield for the defenceless. He stands erect by bending above the fallen. He rises by lifting others.

DISTRIBUTION OF SEED GRAIN AND POTATOES

By instruction of the minister of agriculture there is being made this season a distribution of samples of superior sorts of grain and potatoes to Canadian farmers for the improvement of seed. The stock for distribution has been secured mainly from the experimental farms at Indian Head, Sask., Brandon, Man., Ottawa, the samples consist of oats, wheat, barley, field peas, Indian corn (for ensilage only), and potatoes. The quantity of oats sent is 1 lb., and of wheat or barley 5 lbs., sufficient in each case to sow one twentieth of an acre. The samples of Indian corn, peas and potatoes weigh 3 pounds each. A quantity of each of the following varieties has been secured for this distribution: Oats—Banner, Abundance, Danah's Island, Wide-Awake, Thousand Dollar, Improved Logow—all white varieties. Wheat—Red varieties—Mercury and Early Red (early beardless sorts of high baking strength), Red Fife (beardless), Preston and Huron (early, bearded). White varieties—White Fife (beardless), Bobs (early, beardless). Barley—Six-rowed, tenary and Manchu (a selection from Mercury). Two-rowed: Stanwell and Invincible. Field Peas—Arthur and Golden Vain. Indian Corn (for ensilage)—Early sorts: Angel of Midnight, Compton's Early and Longfellow. Later varieties: Selected Learning, Early Mastodon, and White Cap Yellow Dent. Potatoes—Early varieties: Rochester Rose, and Irish Cobbler. Medium to late varieties: Gold Coin, Carman, No. 1, and Money Maker. The later varieties are, as a rule, more productive than the earlier kinds. Only one sample can be sent to each applicant, hence if an individual receives a sample of oats, wheat or barley, or of field peas, Indian corn or potatoes, Applications on printed cards or sheets, or lists of names, for one or more individual, or applications for more than one sample for one household, cannot be entertained. The samples will be sent free of charge through the mail.

ECZEMA IS NOT FATAL

But its torture increases as it spreads over the body until it makes life a burden. It is cured by DR. CHASE'S OINTMENT

So many have eczema of one form or another and do not know it. The constant itching annoys them, but they scarcely realize how the disease is gradually spreading and becoming more aggravated. Particularly during cold weather, when exposed to sudden changes and dampness, this ailment becomes more severe, and during the night, when the body is warm, suffering is intense and almost insupportable. There is cure in the use of Dr. Chase's Ointment. This healing ointment separates the scales almost at once, and the distressing itching ceases. In the course of a few days the healing process sets in, and it is only a question of time and patient application of the ointment until cure is effected. Mr. F. J. CHEENEY, of Toronto, Ontario, writes: "My mother had eczema in both legs about twenty years. She doctored for a long time, and at last she was cured by Dr. Chase's Ointment, which she got from Dr. Chase's Dispensary, 60 cents a box, at all dealers or Edmondson, Bates & Co., Toronto. The portrait and signature of W. A. Chase, M.D., of famous medical fame, are on every box of his medicine. Dr. Chase's Ointment is a true cure for eczema. It is sold by all druggists and chemists. The price is 60 cents a box. Write for a free trial bottle. Sold by all druggists."

SOCIALISTS CRITICIZED

Editor Times—Sir, I think it is about time someone tried to dispute what these Socialist preachers have been saying in St. John. Last Sunday night after I came out of church I went to hear one of these fellows preach about a certain "white" man. I came to the conclusion that they were against Christ's teachings. All christian ministers preach about charity, and say that it is good; but these Socialists say "we don't want your charity, Christ said, 'blessed are the merciful, for they shall have mercy.' 'the poor ye have always with you'; and these Socialists, who claim that Christ was a Socialist, teach the very opposite. The speaker said that he knew of a case in St. John about a 'longshoreman' who would rather starve than ask for charity. I think that it is about time someone spoke against these Socialists. Another thing I would like to know is if the Socialist party is a religion. Why does the Pope condemn it and threaten to excommunicate any Roman Catholic who joins the Socialist party? There must be some reason for it. I believe that a reverend gentleman in St. John is going to preach at the Socialist hall on Sunday night, and claim that a man cannot be a Christian and a Socialist. JOHN ARMSTRONG, Main street, St. John, N. B.

COULD NOT WALK TEN YARDS WITHOUT RESTING.

WEAK HEART WAS THE CAUSE. Mrs. Robinson Collety, Rogersville, N.B., writes: "I am now enjoying the best of health after having suffered for years with a weak heart and nervous system. I was unable to walk ten yards without resting myself. I cannot say too highly of your Heart and Nerve Pills for they are the greatest pill I have ever used and I can recommend them to all sufferers. Thousands of people go about their daily work on the verge of death and yet do not know it. Little attention is paid to the slight weakness of the heart for the simple reason that one thinks it will not be cured, but there is where the mistake is made. It is only when a violent attack comes that the weakness of the heart becomes apparent. On the first sign of any weakness of the heart or nerves, flagging energy or physical breakdown, the use of Milburn's Heart and Nerve Pills will soon produce a quick and permanent cure. Price 50 cents per box, or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

AMUSEMENTS FOR OURSELVES AND OTHERS

THE NICKEL. Tonight's advertisement of the Nickel Theatre gives a full account of the fine new programme for Monday also the new "Tri-Lite" in the children's cash prize contest. It is interesting reading. The special feature will be the Biography of Roman satirist and deponent entitled "Walter No. 3" and it is full of strongly dramatic situations. There will be a scene greatly to be seen in the opening of "A Jar of Cranberry Sauce," a mock drama, and "Almost A Hero," something extremely funny. Miss Foley and Mr. Mayson will have new songs and the orchestra has a new bill. The Nickel management desires to make special announcement that during next week—presumably Wednesday—this theatre will enter upon a still further advanced plane of motion picture entertainment by supplying its patrons with the pictures of the best makers in the world, not a limited number of products as at present. Recent film concern mergers have made it possible now for the Nickel, in consideration of a considerable outlay, to render a service unsurpassed in America—new films, all the best makes and a variety that embraces all branches of the art.

The vessel's plight was discovered by Capt. Squires of the St. John life-saving station at daybreak and he mustered his crew and started out to the assistance of the vessel. THE TORREY MEETINGS.

The gathering in the Queen's rink last night at the service conducted by Dr. Torrey, marked the close of the second week of the mission. It is thought that about 30,000 are the figures for the total attendance so far. Last night the evangelist spoke on "Why Tarriet Thou?" Mr. McEwan sang "Ninety and Nine" and "The Lord's Prayer." Rev. Dr. Sprague, of Mt. Allison University offered prayer. The services will be continued at the usual hours evening in honor of Mrs. F. Louise Tuttle who will leave on Monday for Charlottetown. The picture theatres were represented and a very enjoyable evening was spent. Several piano solos were rendered by Mrs. B. Parker and Miss Laura Day (Miss Mrs. Tuttle and Mrs. I. Dean with H. Newcombe were heard in a number of popular songs. Enjoyable readings were delivered by Dr. Geo. Hetherington and Steve Hurley making the time pass all too quickly.

Catarrh Conquered. You know the loathsome offensiveness of a bad case of catarrh. You know that catarrh very often works its way down to the lungs, ending, perhaps, in consumption. You know that, even before it becomes severe or chronic, catarrh is most disagreeable. Why then, do you not, gradually get rid of it, possibly, by hundreds of others, you are unable to find a cure that really cures. Then you haven't tried Father Morrissey No. 26. This remarkably effective remedy, prescribed by the famous priest-physician, combines the advantages of both external and internal treatment. It includes tablets to purify the blood and a healing, strongly antiseptic saline to be applied inside the nostrils, directly to the affected parts. Even chronic catarrh soon yields to this combined treatment. The discharge is stopped, the diseased membrane healed, and colds no longer follow one another with monotonous regularity. Don't let that catarrh run on—get Father Morrissey's No. 26 and cure it. 50c. for the combined treatment—at your dealer. 109 Father Morrissey Medicine Co., Ltd., Chatham, N. B.
