DYING WITH HUMORS Which Three Doctors Could not Cure, Cured in Four Weeks by Cuticura Remedies

I wrote you about four year ago of the wonderful cure I made with your CUTICURA REMAINED of a bad humor on my face which twelve doctors failed to understand or cure. Three years ago last fail my son went to Sacramento, Cal., and after two or three months he broke out with a humor on his stomach and back, suffering very much. He employed three different doctors, and at last they told him to go back to Maine, as his disease was caused by change of climate, and he could not live in California. He wrote me that he was coming home, for he was dying with a humor that the doctors could not cure. Wrote him to get some Cuticura Remedies and take according to directions, and bathe freely with the Curicura Sacar, and in four weeks after he got my letter he wrote me he was entirely curod. He came home a few weeks ago on a jvist, and is at home now. His health is good. I have recommended these remedies to a good many people with bad cases that would not yield to doctors' medicine, and in no case have I known them to fail to make a cure. If you wish to refer anyone to me, I will answer with pleasure.
