THERE WAS A PLOT.

Adventurers Had Planned to Seize the Yukon—Official Reports Received at Ottawa.

OTTAWA, Nov. 22.—Th

OTTAWA, Nov. 22.—There appears to be considerable basis for the report that a conspiracy was planned by adveaturers to overpower the mounted police and selse the Yukon. Owing to the vigilance of the police, however, the plot was nipped in the bud.

The story of the plot, based upon official reports to the minister of the interior, is as follows:

About three weeks ago, the police of Dawson, under direction of Supt. Woods, shadowed a man whom they deemed a suspicious character. The police got into this man's confidence, and he formally disclosed a plot which he said had been formed by people at akagway and Seattle. The idea was torush the posts in the lower part of the Yukon, and then take possession of the country. The conspirators reckoned upon American citizens in Yukon not assisting the Canadian authorities, so that the raid, in their opinion, would be a comparatively easy matter. News of the plot was quickly sent from Dawson to White Horse, and the police there soon had under surveillance all suspicious characters. The headquarters of the conspiracy was located in Skagway, and it was ascertained who the characters associated with it were and where papers bearing upon the plot were kept. There was nothing, however, to show any overt act of treason to the United States or Canada; consequently the authorities could not take any proceedings.

The vessels will be 350 feet in length and will have a minimum capacity of 1,500,000 gallons each. The contract awarded to the Cramps is the first they have ever received for a bulk oil arrier.
