### FATALITIES.

#### Many Violent Deaths From Many Causes.

#### Lost at Sea—Killed by Explosion and Fire and Revolver.

NEW ORLEANS, La., April 15.—The schr. Bertha Louise is supposed to have foundered with her crew of seven. She sailed from here in February for Mexico and has not been seen.

BLUEFIELDS, Va., April 15.—Six men are reported to have been killed and several seriously hurt by an explosion at the mines of the Pearl City coal company near Vivian City, Va. The names of the dead and injured are not known.

PITTSBURG, Pa., April 15.—A fire, which nearly consumed an Italian boarding house late last night, was the cause of the probable cremation of one and the serious injury of two others. The missing man, whose remains are supposed to be in the debris, is Mike Pusadsky. His friends say he was in the house asleep and has not been accounted for since. Bernard Braselli leaped from the second floor and when picked up a physician said his back was broken. Joseph Bernelli also jumped from the second floor. One of his legs was broken. There were 30 men asleep in the place. In their excitement all jumped from the windows, but only three named were hurt.

NEW YORK, April 15.—Obad Padlock, a driver, was killed in a bovery resort early today. James Carter, the bar tender, is under arrest and the police assert that he confessed having fired the first shot. Padlock was found in the hallway of the place with a bullet hole in the back of his head. The police say they found Carter standing behind the bar with a revolver in his hand and he readily confessed, declaring they had tried to rob him in the place and when interrupted drew a revolver. Besides Carter four other men were taken into custody. The police say the driver did not have a revolver in his possession, but they think he was running when shot.

Vito Laduca, supposed to be the proprietor of the butcher shop in Stanton street, where nine arrests were made last night in connection with the murder of the man found in a barrel in East 11th street Tuesday morning, surrendered to the police headquarters, and was held at a witness. Nicola Testa, 19 years old, who lives with Laduca, also appeared at head quarters and was detained at the police station. Elizabeth street department by Giuseppe Morello, one of the men arrested last night. The police have placed heavy padlocks on the doors. Through the windows can be seen several barrels that bear a resemblance to the one in which the murdered man was found. The latter receptacle has two wooden hoops and wire hoop at both top and bottom, however, while those in the store appear to have only wire hoops. In the store was found a quantity of sawdust and burlap and Detective Petrosino took some of it to police headquarters today for examination. In comparison with that found in the barrel and about the murdered man's clothes.

MEMPHIS, Tenn., April 15.—Adolph Heinz, a native German employed at a brewery in this city, has been shot and killed by George Morgan. He refused to honor an order presented by the negro for a pair of beer. The German residents in the portion of the city near the brewery hearing of the deed, soon gathered and are searching for the negro with the avowed purpose of lynching him.

BUFFALO, N.Y., April 15.—Marie Guthrie is dead at the Emergency Hospital of cocaine poisoning. She was taken from a rooming house where she went with a young man variously known as Edward Boss and Edward Blackwell. He says the girl was addicted to the use of opiates and that when he started for work yesterday morning he had difficulty in rousing her. Later groans were heard, the door broken open and the girl was found unconscious on a bed. A package of cocaine was lying near the bed and beside it a note to her mother saying she was tired of life. When Miss Guthrie was received at the hospital it was noticed that her mouth was bleeding, several of her teeth had been loosened and her face slightly scratched. The police investigated the case and reported no suspicious circumstances.

#### IRISH AFFAIRS.

DUBLIN, April 15.—An industrial conference was held here today and was largely attended by many prominent men. Right Hon. W. J. Pirrie, head of the great Belfast shipbuilding firm, and formerly Lord Mayor of Belfast, presided, and in his address to the delegates urged the Irish to work out their own salvation on industrial lines without the assistance of the government.

He said that he was authorized by Chief Irish Secretary Wyndham to state that the industrial movement in Ireland should be kept outside of government interference.

On Saturday and Monday evenings next there will be full dress rehearsals in the theatre at which the new and special scenery and gorgeous costumes will be seen. The make-up of the cast will be kept a secret until Saturday.

WILKESBARRE, Pa., April 15.—For years past the miners employed by the Pennsylvania Coal Company in and about Pittston have had the privilege of purchasing coal for their own use at special prices, but an order has been issued that the workmen will have to pay an advance of 50 cents a ton on store and chestnut and an advance of 25 cents on pea coal.

### IN THE BALKANS.

#### The Proposed General Insurrection May Be Abandoned.

LONDON, April 15.—The Times correspondent at Sofia, Bulgaria, telegraphs that the Macedonian insurgent leaders have resolved to abandon the intended general insurrection during the present year, but they will continue guerrilla operations intercepting communications, blowing up bridges, etc. This resolution taken by the leaders, explains the correspondent, appears to be due to the overwhelming strength of the Turkish army, the improbability of European intervention unless wholesale massacres were perpetrated, and also the uncertain attitude of the Albanians. It being feared that the Albanians might become reconciled to the Turks and join in the extermination of the unbelievers.

#### NEW SYDNEY INDUSTRY.

John Craven, general manager of the Dominion Tar and Chemical Company, London, England, is in Sydney.

Mr. Craven stated that the work of erecting the plant in Sydney would begin immediately and he expects to have it in operation by the first of October next. He feels confident that Sydney has unexcelled facilities for the conduct of such works as they propose to establish.

The company which is to operate the plant at Sydney have plants throughout Britain and in different parts of Europe. The one at Sydney is the first they have established on this continent, and Mr. Craven states that they expect to make it one of the best in the world, and one of the largest, if not the largest and the most complete of its kind in America.

The purpose of the company is to distill from tar, one of the by-products of the Steel company, obtained from the manufacture of coke, such chemicals as pitch, creosote, oil, carbolic acid and cresylic acid. These products they will sell wherever a market can be found for them and that is world-wide. The chairman of the company, which is heavily capitalized, is S. B. Boulton, the largest tar distiller and timber merchant in the world. The plant at Sydney will cost in the vicinity of \$100,000 and will give employment when in full operation to a large number of men.—Sydney Post.

### LORD'S DAY WEEK.

#### Will be Observed From April 19th. to 25th.

#### A Circular Issued By the St. John Branch of the Alliance.

"Lord's Day Week" has won as prominent a place in the thought of Evangelical Christianity as the week of prayer throughout at least the Anglo-Saxon world. In Britain, United States and Canada it is quite generally observed. It always begins with the first Sunday after Easter (12th April). It therefore begins with Sunday, 19th April. All societies having for their object the preservation of the Lord's Day have united in an earnest call for the observance of the 25th Lord's day week on the above dates.

Someone may ask "Why a Lord's Day Week at all?"

We may answer:—

1. Because there is special need of a revival of reverence for the Lord's Day.
2. The Divine authority of the Sabbath law is called in question or openly denied.
3. The day itself is observed by many—even Christian people—with growing looseness. Attendance at Divine services is giving place to general reading, social gatherings or pleasure-seeking. What wonder, therefore, if the worldly and non-religious without hesitation or apology make the Holy Day of God a holiday of the world?
4. If God's day be dishonored neither His Word or His name nor other sacred things will long be revered. Does the 20th century need anything more than a revival of reverence?
5. Because there is a serious danger of the Lord's Day, as a national Canadian institution, being seriously impaired, and of its becoming a day of business and toil for large numbers of the people.
6. Many corporations yield to the pressure of business and make use of the Lord's Day to get relief and to increase their profits. Especially is this case of foreign concerns, which, not content with an attempt to secure a lion's share of our phenomenal natural wealth, openly scout our religious convictions and defy our laws.
7. Imported labor, too—American, European and Asiatic—is ready too often to enter seven-day-in-the-week bondage for the money there is in it, and not a few Canadians will work on the Lord's Day rather than risk losing employment. Between 100,000 and 150,000 in Canada already have no Sabbath rest!
8. Because a general effort, at one season, throughout the country, by all who value the Lord's Day, is bound to make an impression upon the public mind that will last.
9. How shall we observe "Lord's Day Week"? What use can we make of it? In other years it has been used in the following ways, which may be regarded as suggestions to those desiring such:

1. Special sermons are preached on the Lord's Day, and Christian people encouraged specially to pray for its better observance.
2. Some special reference is made in Sunday school urging upon the children the claims of the Lord's Day—its sacredness or its benefits.
3. The same is done in Y. P. S.'s, M. C. A.'s, W. C. T. U.'s, &c.
4. Lord's Day Alliance Executives arrange for union meetings in their centre or vicinity.
5. Labor councils or unions arrange for meetings for the discussion of the question from the labor view-point and for the emphasizing of the workingman's special interest in the weekly rest day.
6. There is no better time in the year than just before the summer season with its special temptations to Sabbath desecration.
7. Anyone desiring to speak on the present state of the Lord's Day question in Canada can obtain information on application to The Lord's Day Alliance, 133 Confederation Life Building, Toronto.

Grounds will be decided and teams selected, the number of players for each club and the umpires will be chosen and many minor details attended to.

### HALIFAX BROKERS.

#### Their Case Goes Over Till the October Court.

HALIFAX, April 15.—The case against the Halifax stock brokers, charged with keeping gaming houses, came up today. Two were absent, when the others were arraigned, which displeased the judge, who rather censured the crown attorneys. The absent ones were Joseph Mulrhead and Edwin J. H. Pauley.

He further contended that on the basis of what frontage in the harbor of St. John the property was worth \$1.47 a foot, frontage, a year, which, if capitalized, would make the property worth about \$1,000. The judge also made an allowance for damage suffered.

E. H. MacAlpine contended that the valuers had taken all the circumstances into consideration when they allowed \$750 cents per square foot for the property appropriated and asked for judgment for the amount named, \$750.

### SPORTING NEWS.

#### CURLING.

##### HALIFAX CLUB REPORT.

The annual meeting of the Halifax Curling Club was held Tuesday evening. The following report was made re foreign matches:—

During 1903 the Halifax club played nine foreign matches, of which they won five. The year was memorable because of the visits of the Scottish Thistles and of the St. Andrew's and Thistle clubs of St. John. The St. Andrew's club had not played in Halifax since 1877, when they won by four points. This year they lost by seven. Last year St. Andrew's and Halifax met at the Pictou Bonsel, when St. Andrew's won by eighteen points. Again in 1890 they met at the St. John Bonsel, when St. Andrew's won by seven. Last year Halifax played them in St. John and lost by four.

Halifax and the Thistles met in 1878 at the Pictou Bonsel. A tie was the result. At the St. John Bonsel, in 1880, Halifax won by eleven. In 1899 they met and the Thistles won by one point. Last year in St. John the Thistles won by four; this year in Halifax, the Halifax club won by six.

This year Halifax played its first six rink match, with the Scotsmen, and lost by six points. The six rink match with Truro was won by four points.

#### YACHTING.

##### SHAMROCK III WILL DO.

The London Field comments on the striking appearance of Shamrock III. She has a hull, it says, which immediately recalls a Columbia, and leaves the water and travels as cleanly as the little Herreshoff half-racer Weewin.

Her sail plan is essentially American and appears to have a greater hoist. Her head sails are much higher than those of any previous challenger.

The challenger's performances are in every respect satisfactory. She is quick in stays, steers easily and her trim is perfect. She is not quite so stiff in a light breeze as Shamrock I, which, continues the London Field, is perhaps a good sign, but she heels over until her covering board is scarcely awash, after which point she seems to have great stability.

Her canvases and gear appear faultless, the steel pole mast looks of greater height than Shamrock I's mast and topmast combined and it remains to be seen what effect this will have in a seaway.

#### TURKISH WRESTLERS THE BEST.

When Tom Jenkins was in Chicago the other day, before his match with Dan McLeod, the big wrestler declared that if he won he would make a match with any man in the world, bar none.

"Does that mean the big Turks, Tom?" he was asked.

Jenkins smiled as he remembered his fate at the hands of the huge foreigners. "Oh, those fellows; they are too unorthodox to talk about," said he. "Tell us of your experiences with Yousouf and Nourouah."

"Well, I flatter myself I gave Yousouf as good a game as he got in America. We went over the hour before he got the better of me. Right off the reel, when Yousouf began to sweat, the olive oil, or some other sort of oil he was in the habit of drinking, oozed through his pores, and he was as slippery as an eel. Several times I had he had a good look when the first bottle came sailing along. Yousouf saw it and so did his seconds, and before any others got fairly started the ring was filled with bluecasts. Yousouf was a cracker."

"Nourouah was even more of a whale. You saw him in Buffalo, and I guess when he wrestled three men at City Convention Hall he gave the best exhibition of wrestling I have ever seen. The stay in America. Well, when I faced him in the ring in New York I was agast. I had never seen him before and I spent some time looking him over, all of his eight feet. I can tell you. Still, I jumped right into him when we got the word. What does he do but take me right in his arms with a bear hug and drop me on the mat. He came on top of me with his 400 pounds, and I felt the wind go out of me clean. 'Here Jenkins,' says I to myself, 'is where you get it good and proper.' Well we struggled along for a minute and when we got on our feet again he got my head down to the side of my hip until I thought my neck was going to break. 'You're killed sure,' says I to myself again, and then about that time he turned me over, very gentle, but very neat like. The next time out I kept away for a minute, but he just lifted me by a foot, and slammed me down, as nice as you please, and I began to think of the dressing-room and home right away."

There is no question but that Jenkins regards McLeod as a better man than Parr, if in form, and he told his friends before he left Buffalo that he would be there to see the pair fight out their dispute on the mat the last of April. "It will be worth looking at," said he. Parr's friends were much encouraged Saturday as a result of the bout of Friday, and predicted that one result of McLeod's showing in it would be second choices in the betting on their match later.
