### HARRY VAIL AT BALTIMORE

The Ariel Boat Club of Baltimore formally opened its boat house, this week. The club is now entering upon its 44th year, has been active in rowing all that time, and has won, first and last, several national and international championships. Harry Vail of this city has been the Ariel's coach for the past 16 years.

### SAD HOME COMING FOR RETURNED MISSIONARY

It was a sad home coming for the Rev. Louis M. Duval, who reached the city at noon yesterday from his mission station in Southern Nigeria. Africa, via Liverpool and Quebec. Upon his arrival here, Mr. Duval was greeted by a large number of friends, who had never seen him, had passed away. Mrs. Duval had been staying in St. John with her son hoping that the little fellow would improve in health. However, he showed a gradual decline and died last week. The interment will be made today.

### DR. CHRISTIE'S REPORT ON THE LEAN CASE

Dr. James Christie yesterday made an examination of Mrs. Fred Lean who was reported in destitute circumstances, and says the woman is suffering from a loathsome disease.

Three weeks ago, he said, he saw Mrs. Lean, at which time he advised her to go into the hospital. She had grown much worse since and he was doubtful if they would receive her in that institution. In case she was refused admission there, the only thing that could be done would be to take her to the municipal home. Mr. Christie's report would depend what would be done in the case. She had would have to be put into some institution and in the meantime he had taken measures for the temporary relief of the family.

### NO. 2 SECTION INSPECTED.

City Engineer Murdoch and Aid. Fink chairman of the water and sewerage board, made an inspection today to Loch Lomond yesterday and visited No. 2 section of the water extension. The leaks in this section of the reinforced concrete work were not found to have made any headway during the winter. There was not visible more than four or five places where water was escaping. Men are now at work digging the ground over the pipe to locate the leaks with a view to making repairs during the summer.

The city is now receiving about 5,000,000 gallons a day from Loch Lomond and the remainder of the supply is being provided by Lake Huron, which is maintained at a level of two feet below Lake Huron. The water has been flowing over the dam for some months and the indications are that, with the heavy freshet, there will be a plentiful supply during the dry season.

### EARTHQUAKE FELT AT TORONTO.

TORONTO, May 17.—The seismograph at the observatory here registered a slight earthquake shock Saturday night, believed to be the one that struck the west. The seismograph here also registered a strong earthquake at 2:13 this morning. It lasted one hour and thirty minutes. Large waves were at 2:11 and continued about ten minutes. It is estimated that the earthquake was more than 4,800 miles away.

## INTEREST IS WANING IN MARATHON RACES

There will be no more professional Marathons at the New York Polo Grounds, in New York, for an indefinite period, as the metropolitan public is beginning to regard this so-called sport rather coldly.

In the recent race, which had a number of foreign runners, who were making their first appearance in America, the attendance was only one-third of what was expected. The crowd amounted to 2,000, which is small for any New York enterprise that had as much advance publicity as the Marathon at the Polo Grounds.

The result was that the promoters, instead of cleaning up another fortune, barely made expenses, and they announced in disgust that they will hold no similar contests until at least next fall.

The professional Marathon race is not the sort of sport that promises to have long duration. It will probably die out just like the goat-and-you-please races of olden days. It had a great run of prosperity last winter, due to the theatrical finish of Dorando in the amateur Marathon in the Olympic games at London.

A shrewd pair of American promoters induced Dorando and Hayes and a number of other amateurs to turn professional and race here during the winter.

Most of these races attracted enormous crowds, but when the book makers became too conspicuous at the contests public interest commenced to wane. There were many stories of collusion between runners and gamblers, and soon the New Yorker was looking askance at the professional Marathon.

In the last race at the Polo Grounds one man, who made no attempt to conceal the object of his presence, accepted several thousands of dollars in bets and after the race was finished he was not to be found. When the bettors complained to the management, they were told that they had nothing to do with the wester, and could give them no satisfaction.

With this and like incidents in mind, many sporting men believe that the Marathon craze has spent its force in New York, and at the same time will deter other cities from taking it up.

## DETROIT WINS ON CRAWFORD'S TRIPLE

BOSTON, May 17.—St. Louis found Dorner easy and won from Boston today, 6 to 1. The weather was in favor of Detroit. One run already had been scored and Crawford got home on Rossman's long fly. Stahl's triple, coming between singles by Hooper and Niles, gave Boston two of its runs. It was Pitcher King's first appearance this season. McConnell's fielding was a feature. Carigan and Moriarty have been suspended indefinitely because of their altercation.

SUNDAY SCORE: Detroit... 0 0 0 0 0 0 5 3 11 0 Boston... 0 0 0 0 0 0 1 3 4

Batteries, Killian and Starnes; Burchell, Steele and Spencer. Time, 1:40. Umpires, Sheridan and Kern.

## WILL PROCEED IN SPIRE OF PROTEST

Despite the protest of the Marsh bridge commissioners recently received at City Hall it is now thought that the work of reconstructing the abutment will shortly be commenced. The contractors, Messrs. Clark and Adams, are awaiting official notice to proceed, and so soon as the legislation recently enacted at Fredericton is approved the work will be started.

The members of the Safety Board, it is understood, are not prone to attach any great importance to the protest, which they generally regard as an eleventh hour pronouncement, and even if they did, with the federal and provincial united with the city in the work, the contract signed and the Common Council pledged to the undertaking, there could be but little chance effect.

## BOARD TO MEET TO SELECT DELEGATES

A special meeting of the Board of Trade will be held this afternoon chiefly for purpose, it has been stated, of electing delegates to attend the seventh congress of the Chamber of Commerce to be held this year in Australia, September 12-17. It is not known whether or not St. John is to be represented at the gathering. Among the other matters slated for discussion it is understood that the approaching visit of Mr. Hardy will be taken up.

On Black's Alley last evening, Jas. Letteney captured the weekly raffish with a score of 104. In the Commercial League race this evening the Dunlop Rubber Co. and Electric will meet.

Harry Donohue has resigned his position as spare driver in the fire department and Frank Furlong has been appointed to the position.

## EIGHT HUNDRED FANS SEE FIRST GAME OF SEASON

The 800 fans who assembled on the Shamrock grounds last evening were treated to an exciting contest in the opening game of the season, when the St. Joseph's team downed their old rivals, the St. Peter's, by a score of 8 to 2. Four full acts were performed before Umpire Arthur McHugh called the game on account of darkness. In fact, the ascent of the balloon came to both teams during the match, although the game was full of good playing and plenty of good material was evidenced.

Arthur Mahoney was the star artist for the North End aggregation. He pitched steadily all early in the contest, but clearly went to pieces in the latter stages of the game. He has a splendid delivery and with some practice will undoubtedly prove a valuable addition to the North End team.

The spectators, who last season graced the Victoria grounds with their appearance, noticed their favorite, Thomas Barrett, in the box for the purple and white team. Barrett had five strike-outs and gave two men free tickets for the initial sack. The St. Peter's touched him for seven safe hits during the four innings played. The season is young yet and Barrett gives excellent promise.

## A NEW FIND.

As shown by the line-up of the teams the St. Peter's also played McGowan.

The St. Joseph's line-up shows somewhat of a change from last season, and after the race was finished he was not to be found. When the bettors complained to the management, they were told that they had nothing to do with the wester, and could give them no satisfaction.

With this and like incidents in mind, many sporting men believe that the Marathon craze has spent its force in New York, and at the same time will deter other cities from taking it up.

The first game of the season would not be complete without a home run. "Mike" Burke landed upon the leather in the second inning, sending it clear to the left field fence. He made the circuit amid the cheers of the on-lookers.

St. Peter's took the field at 7 o'clock and Arthur Mahoney threw the first ball across the plate opening the season. Long hit to short, but E. Mahoney muffed and the runner made safe. Small went down to first, and Capt. McCormick brought down the grandstand when he made a feature catch of Simpson's fly.

St. Peter's were retired without scoring in their half of the inning. Capt. Britt touched the man as the first St. Joseph man in the second inning. He landed a two-bagger to left.

## WINNING OPENING DAY GAMES EASY FOR BIG HARRY HAMMOND, FT. WAYNE PITCHER

EVANVILLE, Ind., May 17.—Here's another opening day performer, Pitching opener is a fact in the Central League. The magnetizer labor all winter like a man on piece-work following the

as the most graceful performer in a delectable ballet. He resembles "Cupid" Childs about the time that dumping began to be called "Fatty." But even with his round-house, which frequently leads visitors to mistake him for one of the city fathers, "Harry" is some pitcher. He has been started in openers for four years and has yet to lose one. Aside from this, Hammond appears to be "all there." If you doubt it, glance at his picture.

Hammond, as may be suspected, is not a syphil. He'd never take a prize

BEATS YOUNG CORBETT

SCHENECTADY, N. Y., May 17.—"Fright Dick" Nelson, before the American A. C. here tonight boasted "Young" Corbett. He landed at will and chased Corbett all around the ring. At no time during the ten rounds was Corbett dangerous. Corbett, however, missed at least two opportunities for a knockout.
