

MONTREAL CLOTHING STORE (OPERA HOUSE BLOCK)

207 Union Street, St. John, N. B.

What Do They Say?

Is the question asked every day. Why, what could they say? People can't help but see the truth and see how wonderfully cheap and good our clothing is...

We being manufacturers of clothing are therefore able to supply the public with one suit just as low in price as other merchants pay for the dozen. You see we do not have three prices on OUR goods, but we simply mark all our goods in plain figures so that any child can see the price, and we only have one price, therefore, it makes things pleasant for our customers when purchasing from us as they can see just what the prices are without asking.

OUR \$10.00 MEN'S SUITS are rivals.

OUR \$3.50 WORKING MEN'S SUITS are corkers.

OUR \$3.00 DRESS PANTS FOR GENTLEMEN are fine.

OUR \$1.25 WORKING PANTS FOR MEN are strong.

OUR \$2.50 BOYS' THREE-PIECE SUIT is a great value.

OUR \$3.50 TOUTH'S STRIPED SUIT is a fine seller.

MONTREAL CLOTHING STORE, Opera House Block, 207 Union St.

RECENT DEATHS

DANIEL N. VANWART.

Well known Charlotte Street Grocer, Died on Saturday Night.

Daniel Nelson Vanwart of the firm of Vanwart Brothers, grocers, died at his home on Charlotte street, at 9 o'clock Saturday evening after an illness of less than one week. His death came as a blow to his family, and his numerous friends, many of whom were scarcely aware of his sickness. Mr. Vanwart was stricken down on Monday evening with a severe attack of erysipelas, which in a short time developed into paralysis of the brain, causing him to suffer greatly up to the time of his death. He was 55 years of age and leaves a widow and one son, Roy A., who is employed as bookkeeper for the firm. Mrs. Vanwart was a daughter of the late James Jobber, at one time one of the leading painters in St. John. Mrs. Emma Clarke, widow of the late Rev. J. Wesley Clarke, is a sister, and John W. Vanwart of the grocery firm is a brother of deceased.

The late Mr. Vanwart was born on the old Vanwart homestead in the parish of Kars, Kings Co., where he spent his early childhood. Coming to St. John, he worked for some time in Christie's Wood Working factory. He went to Helena, Montana, over 25 years ago, where he was engaged in mining with his uncle, Col. P. Vanwart. He was there almost a year, and used to tell many interesting stories about his experiences in traveling to Salt Lake City in a stage coach, during which journey two Chinamen were frozen to death. He came back to St. John and worked for a short time in the factory before starting up a small grocery store, which is still in existence on City street. Later he removed to Dock street and from there to Charlotte street, where he went into a little shop near his late residence. In two years time he took his brother into partnership. After a time they moved into the store formerly occupied by W. A. Magee, but soon built on the opposite corner. Having bought the Livingstone estate, they erected their present building. Subsequently they bought for \$20,000 the lot on the corner of Duke and Charlotte streets, where Dick's drug store is situated, and where John W. Vanwart now lives.

The late merchant enjoyed the friendship of a vast circle of people, not only in St. John, but along his home-travel, and in Boston. His home-travel took him to Europe a short while ago, and previous to this last illness he planned a whole year's journey throughout the continent across the Atlantic. The funeral will be held from his home on Tuesday afternoon at 2:30 o'clock. Rev. Dr. Sprague will officiate, and interment will be made in Fernhill cemetery.

MRS. ANNIE M. HARRISON.

Mrs. Annie M. Harrison, widow of the late Brown Harrison, died at the residence of her son-in-law, J. G. Trimble, 200 Paradise row, yesterday afternoon. She was eighty-two years of age. Her husband was formerly manager of the Savings Bank at Sussex, and died one year ago. Mrs. Harrison had

for some time been living with her son-in-law. She was the mother of eight children: Lemuel of Newtow, Kings Co., Fletcher W. of Boston, Herbert C. of Vancouver, Mrs. John Nash of Sussex, Mrs. (Rev.) J. E. Gosline of Harrington, N. S., Mrs. J. G. Trimble of St. John, Mrs. J. F. McLeod of Wollaston, Mass., and the late Mrs. McCready of Apohaqui.

MISS HELEN EMERY. The death occurred at her home, 58 Elliott row, Sunday morning, of Miss Helen Emery, aged 21 years. Miss Emery, who had been sick for two months, was the youngest daughter of Edna E. and the late James Emery. She graduated from the High School four years ago and had since lived at home. While her death was not unexpected, it has cast a gloom over her large circle of friends, with whom she was particularly popular. Miss Emery was very clever, and during her High School course was proficient in all her studies. Her bright and sunny temperament won her friends wherever she went, and much sympathy is expressed for her sorrowing relatives and companions.

MAYNARD ROACH. Mrs. Rev. Howard H. Roach received a despatch yesterday forenoon from her husband in Worcester, Mass., stating that his brother, Maynard, had died. This was the first news of his brother's illness, and found him suffering from aneurism.

This death makes the first break in the Roach family, of which the other members are Mrs. Ashley Harrison of Margueriteville, Howard H., and another sister, Clarence, N. S. Both parents are living.

The death of John Haley took place yesterday afternoon at his residence, 90 Portland street. The funeral will take place on Tuesday at 2:30 o'clock. The burial service will be held at St. Peter's church. Interment in the old Catholic cemetery.

Word reached this city yesterday of the death at Montreal of G. D. Fuchs, of the firm of Fuchs & Raymond, the proprietors of the Queen's hotel at Montreal. Mr. Fuchs, who was born at Quebec, was for a time located at Moncton as manager of the Grand Hotel. Mr. Fuchs was well liked at Moncton and had many friends in St. John.

OF INTEREST HERE, TOO. (Bangor News.) The item which has been going the rounds of the newspapers in regard to the death recently of a man by the name of Modreka Price, in Baltimore, a bachelor, leaving the sum of \$8,000, is of interest of several of the people in this town, and in Carleton Place. It seems this wealthy man was formerly from New Brunswick and was taken into a rich family in Baltimore. His heirs are now being traced by a young lawyer of St. John, N. B., at work on the case and hopes to prove that the money belongs to the New Brunswick branch of the Price family. If he succeeds, Rev. J. W. Price, a former pastor of the Port Fairfield M. E. Church, now located at Atkinson street, is doubtless concerned in one of the heirs. It is said that Modreka Price left no will.

FLY TIME Is Coming.

To help you we have: Window Screens, Screen Doors, Green Wire Cloth, Dragon Fly Killer, Sprayers.

ACADIA COLLEGE.

Closing Exercises are Being Largely Attended.

Rev. Calvin Goodspeed of Toronto, Delivered Baccalaureate Sermon Yesterday.

WOLFVILLE, N. S., May 29.—The graduating recital in music at Acadia Seminary of Miss Gertrude Henderson, piano, of Andover, N. B., Miss Fraulien Price, piano, of Parrsboro, and Miss Myrtle Shaw, Avonport, also took place on Wednesday evening in Alumnae hall, which was filled with friends of the performers. The programme included selections from Beethoven, Chopin and Dreyfus, and were all skillfully rendered and showed much careful training and grasp of technique. Miss Shaw gave with good effect Lady Stanley's defence and the Old Clock on the Stairs. On Friday evening Alumnae hall was again packed to the doors with an interested audience to listen to the recital of Miss Edith Spurden, piano, of Fredericton, and Miss Frances Burditt of Middleton in voice. From the opening number, "Dear Child of Bondage," by Miss Burditt, to the closing selection by Miss Spurden, the audience gave the closest attention and the whole performance reflected the greatest credit upon the young ladies and upon Prof. Maxin and Miss Archer. At the close of both these recitals elegant bouquets were presented to the fair graduates. Miss Spurden was the recipient of a handsome chair and jacket from her parents. An informal reception was held at which the performers received the hearty congratulations of a host of friends.

During this commencement week Wolfville, the seat of the Baptist educational institutions, Acadia College, with its affiliated schools, Acadia Seminary and Horton Collegiate Academy, occupies a prominent place in the thoughts of thousands in these lower provinces. As the constituency widens, and the attention of the press deepens, the yearly gatherings increase in numbers and enthusiasm, so that the town is taxed to its utmost to accommodate the many visitors who take part in these educational festivities. The beauty of the natural surroundings of this classic town can scarcely be over-stated. The variety of scenery, the healthful atmosphere, the profusion of orchard bloom, are all at their best now, and assist materially in keeping alive the affection for "alma mater" which is the life of the welfare, that yearly brings back so many of her sons and daughters to these recurring anniversaries. This Acadia attracts more than usual attention on account of the efforts of her constituency to bring the second forward movement to a successful termination and thus place the affiliated schools on a permanent basis. By the strenuous efforts of Dr. Trotter and the generous gift of Rockefeller, is certainly assured, and the time is not far distant when the burden of debt will be removed and increased facilities be provided for the youth of the provinces.

The baccalaureate sermon was delivered on Sunday morning, at the hall of the college, which was packed to the doors with the youth, beauty and wisdom of the cultured and educated people of the maritime provinces. It was given by the Rev. Calvin Goodspeed, D. D., of McMaster University, to deliver the address. This gentleman is well known as an emphatic and convincing speaker, a preacher of rare originality, a deep thinker with a keen insight into the mysteries of the spiritual life. He was born in Andover, N. B., and is a graduate of the University of N. B. After serving as principal of the Baptist Seminary at Fredericton, he then became professor of the Woodville Theological course at Newton, after which he became pastor of the Baptist Church at Woodstock, Ont., remaining there for five years. He then became pastor of the Zion Church at Yarmouth, where he continued till he became editor of the Messenger and Visitor. About the occasion was called to the chair of systematic theology in McMaster University, Toronto. He received the honorary degree of M. A. in 1870, and the degree of D. D. from Acadia in 1889.

President Trotter was in charge of the exercises on Sunday morning and as the college bell ceased ringing at 11 o'clock the long procession of 22 seniors in cap and gown (five of whom were ladies, marched slowly up the aisle to the strains of the Processional from Athaliae ("War March" of the Priests) played by Miss Lillian Strong and Miss Fraulien Price, and took their places in the front seats reserved for them. Dr. Trotter offered the invocation. The music by a choir of 40 voices under the direction of Prof. Maxin, was especially good. The hymns for the occasion were, "Oh, Worship the King," "Mighty God, While Angels Bless Thee," "O Jesus, King, Most Wonderful," Miss Archer of the choir sang the "Benedictus" and "Nunc" with much expression and sweetness, and the Commencement Chorus gave "Hark! Hark! Angelic Voices Singing." Dr. Goodspeed announced as his subject Christ's Strength, founded on I. Cor. 13. The first condition of this strength is in that alertness expressed in the exhortation, "Watch ye." It is only the mind that is wide awake that can hope to continue to grow stronger or to have broad vision. Especially in this headlong age is this alertness indispensable, if one is not to cross the dead-line early, or is to lead in any undertaking. But alertness of heart is more needful than strength, if possible, for it is this alone which will

THE DEAL IS OFF.

G. P. R. Will Not Accept the Last Agreement.

Objections Made to Several Clauses But the Chief Trouble Is About the Shore Front.

As announced in the Sun some days ago, the management of the C. P. R. refused to comply with the draft agreement last submitted by the city. Final word was received by Mr. Downie and submitted to Mayor White on Saturday. While there are several clauses in the agreement to which the railway people take objection, the principal ones are contained in those clauses relating to the transfer of the 1,800 feet shore front and the accommodation on Union street. The C. P. R. under the agreement are asked to provide for sewerage through the proposed new yard on the Carleton shore. They are willing to carry the present sewer to the sea, and will allow the city to put down others at any time, but decline to run a sewer whenever a new house is built in the vicinity of the yard. According to the agreement the lease of the yard can be cancelled if reasonable progress is not made within five years. The agreement was made for a period extended to ten years. They also reject the idea of being confined to the condition of having the approach to the proposed new yard from the south but would like means of approach at the northern end of the yard also. In the earlier days of negotiations the C. P. R. was asked to make a proposition to the city. This was done and in the first draft agreement which was discussed by the special committee, were two following clauses: "The city shall discontinue Union street for vehicles south of Charlotte street and shall permit the use of the portion so discontinued by the railway company for its existing and future tracks, etc., as may be required." "The city shall convey to the railway company the water lots shown upon the plan attached hereto and marked 'A'."

FELL THIRTY FEET.

Patrick Mills and William Goodwin Had a Wonderful Escape.

Two laborers were injured on board the Furness liner Florence, docked at the Pettungill pier, Saturday evening. It is a wonder they were not killed, falling as they did a distance of some 30 feet into the vessel's hold, through the tilting of a portion of a hatch on which they were at work. The men were Patrick Mills, who resides on British street, and Wm. Goodwin, whose home is on Gullford street, west side. It was about 7 o'clock in the evening when these men were hurt. They were opening up for the reception of cargo the hatches at No. 2 hold. The accident happened when the men were engaged in removing a heavy dump cart, which was on top of what remained, throwing on the deck the middle section, when what there was in position gave way and they went the matter under them, and the two men. Their descent probably reached 30 feet and it would have been greater but for the fact that the lumber under them had been already been loaded, extending up some five feet. Both men were badly shaken up, but, miraculously, neither of them seems to have been seriously hurt. Mills and Goodwin were hoisted to the deck of the Florence and placed in vehicles, which moved them to their respective homes. Three physicians looked after them and did all possible for their comfort. Mills was not much injured, but he will probably be detained in his home for some time. Goodwin's arm hurt and a portion of one leg was badly bruised.

KILLED IN P. E. ISLAND.

Young Man Fell Off a Dump Cart and Wheel Passed Over His Head.

CHARLOTTETOWN, P. E. I., May 29.—An accident which it is thought will be fatal, occurred yesterday forenoon at Murray River, when a young lad named Leclair, who was working on the new railway, while teaming on a heavy dump cart, fell off and the wheels passed over his head and body. He was taken to Charlottetown by a special train and recovered consciousness shortly before reaching the hospital, over six hours after the accident. When examined by physicians he was found to be bleeding at the mouth and ears and it thought concussion of the brain will result. He is still living, though no hopes are entertained for his recovery.

STUBBORN SKIN DISEASES.

Nothing is more discouraging than a case of eczema or salt rheum which refuses to heal. By using Dr. Chase's Ointment, however, you soon see that new skin is forming and the sore part is becoming smaller and smaller. The itching is entirely overcome after a few applications and you are given satisfactory cure. That a continuation of the treatment will bring a satisfactory cure.

FIRE AT SACKVILLE.

SACKVILLE, N. B., May 30.—The house of Sidney Brownell was burned this morning at 4 o'clock. Nothing was saved. Brownell received some injuries while rescuing his wife and children.

THE DEAL IS OFF.

G. P. R. Will Not Accept the Last Agreement.

Objections Made to Several Clauses But the Chief Trouble Is About the Shore Front.

As announced in the Sun some days ago, the management of the C. P. R. refused to comply with the draft agreement last submitted by the city. Final word was received by Mr. Downie and submitted to Mayor White on Saturday. "The city shall convey to the railway company the water lots shown upon the plan attached hereto and marked 'A'."

THE END OF THE VENEZUELAN DISPUTE REACHED.

Plumbly, the Umpire, Was Called Upon to Settle Some Important Points.

LOS ANGELES, Cal., May 30.—Frank Plumbly of Vermont, a delegate to the general conference of the Methodist church, according to the Times, has just forwarded to the British and Venezuelan governments, through their respective ambassadors, his decision as umpire in the dispute between these countries. Eleven different countries were involved, including Germany, Great Britain, Italy, Holland, Spain, and the United States, Great Britain, Holland and Venezuela joined in asking President Roosevelt to appoint an umpire to settle the question of citizenship where the laws of the conflicting countries were not uniform and well settled. The decision rendered by Mr. Plumbly were among the most important and far reaching which came before any of the commissioners at the Caracas convention. These awards are the result of his deliberations. There were four awards, one involving a large sum of money and the others dealing with important questions of international law. In one case regarding the payment of interest on awards there was no precedent. It is a new step in international jurisprudence. The two remaining questions were covering the question of citizenship where the laws of the conflicting countries were not uniform and well settled. The decision rendered by Mr. Plumbly were among the most important and far reaching which came before any of the commissioners at the Caracas convention. These awards are the result of his deliberations. There were four awards, one involving a large sum of money and the others dealing with important questions of international law. The two remaining questions were covering the question of citizenship where the laws of the conflicting countries were not uniform and well settled.

FOUND KILLED.

KNOXVILLE, Tenn., May 30.—Four men were killed and two fatally injured today in a dynamite explosion which occurred near Warwick, on the Knoxville, LaFayette and Jellico branch of the Louisville & Nashville road. All the dead are residents of Campbell county, Tenn. The accident was due to the carelessness of workmen in a rock cut. The men had been ordered to lay some blasting and it was while they were tamping the holes that the explosion occurred.

TERCENTENARY.

Details of the Programme are Being Arranged. Medals Will be Ordered at Once—Firemen to the Front—Want a Monument for St. John.

A meeting of the programme committee of the Champlain tercentenary celebration was held last evening. Mayor White in the chair. Those present were R. O'Brien, Rev. W. O. Raymond, Ed. Bullock, Hon. J. F. B. Smith, R. Frith, Wm. White, Col. Buchanan, L. P. D. Tilley and D. R. Jack. The list of probable guests was read and discussed. A meeting of the general committee was called for Wednesday night, when this and other matters will be considered. A letter was read from Lt. Gov. Snowball, in which he said he would be present in St. John on the 23rd and 24th of June, and will be pleased to do anything in his power to assist in the celebration. A public reception will be held in the Council room, Court House, or other suitable place. The details of this were referred to the general committee. Wm. White submitted working plans of the proposed Champlain ship. He reported that a boat had been chartered for the month of June and that work would be started on her at once. The plans were much admired by the committee, and the R. K. Y. C. were urged to have them carried out at their earliest convenience. L. P. D. Tilley was appointed to deal with the selection of characters for the Champlain, de Monts and Poutin court, the prominent characters in the spectacular feature of the landing of Champlain, and his reception by the Indians and others. Mayor White reported that he had attended a meeting of the firemen and members of the Salvage Corps. The preparations and the protocol of the torch procession were going on very satisfactorily. Rev. W. O. Raymond addressed the meeting, and stated that in conversation with number of firemen he had learned that it was not unlikely that floats would be provided at the firemen's procession, suitable for the occasion. They are probably of an historic character. It was decided that a committee on medals be appointed at the next general meeting. Photographs were shown of statues which had been designed by Hamilton MacCarthy, R. C. A., of Ottawa, who has been engaged to design a monument to de Monts, which is to be constructed at Annapolis Royal. A very strong desire was expressed by the Mayor and others that a monument be erected in St. John. The dominion government will at once be approached through our local representatives, with a view to obtaining a similar monument to Champlain for St. John. King square was suggested as a suitable site. Letters were read re the proposed medals, and tenders were opened from R. H. Green & Co., St. John, and the Whitehead, Higgs Co. of Montreal. The tender of the latter firm being the lowest, was accepted. The secretary was ordered to communicate with them by telegram. A letter from Premier Tweedle with regard to the payment of the grant was referred to the chairman. On motion of Rev. W. O. Raymond, Frank McCafferty and Judge Ritchie were appointed a committee to deal with the costumes.

\$3.95 - Suits - \$5

The Sale is Now On of those Suits and Pants we told you about last week. It opened Saturday with a rush and all who saw them acknowledged them the best Clothing Values yet offered here. They Were Bought At A Bargain—you get the Benefit. MEN'S SUITS, sizes 36 to 42, \$3.95 and \$5. PANTS worth from \$2.50 to \$3.50. Our Special Price only \$1.98

J. N. HARVEY, MEN'S AND BOYS' CLOTHING

199 and 201-Union Street, St. John

city shall convey said water lots in fee to said railway company. 6. The railway company will provide at its own expense, from time to time as may be necessary, sufficient culverts through said water lots for carrying away the sewerage to that portion of St. John West which naturally drains in the direction of said lots. 7. In consideration of this clause of the agreement the company surrenders to the city such portion as now now built upon of the water lots from Protection street southward as is now a part of the Carleton Branch Railway Co. property, or is held by the railway company under a lease from the city. The portion surrendered is shown upon the plan hereto annexed, marked "B". 8. The railway company will further permit any other railway company access to the land to the eastward of said water lots from Union and Protection streets by crossing such tracks of the railway company as may be necessary. It is to this last agreement that the C. P. R. now object.

AT LONG LAST.

The End of the Venezuelan Dispute Reached.

Plumbly, the Umpire, Was Called Upon to Settle Some Important Points.

LOS ANGELES, Cal., May 30.—Frank Plumbly of Vermont, a delegate to the general conference of the Methodist church, according to the Times, has just forwarded to the British and Venezuelan governments, through their respective ambassadors, his decision as umpire in the dispute between these countries. A public reception will be held in the Council room, Court House, or other suitable place. The details of this were referred to the general committee. Wm. White submitted working plans of the proposed Champlain ship. He reported that a boat had been chartered for the month of June and that work would be started on her at once. The plans were much admired by the committee, and the R. K. Y. C. were urged to have them carried out at their earliest convenience. L. P. D. Tilley was appointed to deal with the selection of characters for the Champlain, de Monts and Poutin court, the prominent characters in the spectacular feature of the landing of Champlain, and his reception by the Indians and others. Mayor White reported that he had attended a meeting of the firemen and members of the Salvage Corps. The preparations and the protocol of the torch procession were going on very satisfactorily. Rev. W. O. Raymond addressed the meeting, and stated that in conversation with number of firemen he had learned that it was not unlikely that floats would be provided at the firemen's procession, suitable for the occasion. They are probably of an historic character. It was decided that a committee on medals be appointed at the next general meeting. Photographs were shown of statues which had been designed by Hamilton MacCarthy, R. C. A., of Ottawa, who has been engaged to design a monument to de Monts, which is to be constructed at Annapolis Royal. A very strong desire was expressed by the Mayor and others that a monument be erected in St. John. The dominion government will at once be approached through our local representatives, with a view to obtaining a similar monument to Champlain for St. John. King square was suggested as a suitable site. Letters were read re the proposed medals, and tenders were opened from R. H. Green & Co., St. John, and the Whitehead, Higgs Co. of Montreal. The tender of the latter firm being the lowest, was accepted. The secretary was ordered to communicate with them by telegram. A letter from Premier Tweedle with regard to the payment of the grant was referred to the chairman. On motion of Rev. W. O. Raymond, Frank McCafferty and Judge Ritchie were appointed a committee to deal with the costumes.

FOUND KILLED.

KNOXVILLE, Tenn., May 30.—Four men were killed and two fatally injured today in a dynamite explosion which occurred near Warwick, on the Knoxville, LaFayette and Jellico branch of the Louisville & Nashville road. All the dead are residents of Campbell county, Tenn. The accident was due to the carelessness of workmen in a rock cut. The men had been ordered to lay some blasting and it was while they were tamping the holes that the explosion occurred.

TERCENTENARY.

Details of the Programme are Being Arranged. Medals Will be Ordered at Once—Firemen to the Front—Want a Monument for St. John.

A meeting of the programme committee of the Champlain tercentenary celebration was held last evening. Mayor White in the chair. Those present were R. O'Brien, Rev. W. O. Raymond, Ed. Bullock, Hon. J. F. B. Smith, R. Frith, Wm. White, Col. Buchanan, L. P. D. Tilley and D. R. Jack. The list of probable guests was read and discussed. A meeting of the general committee was called for Wednesday night, when this and other matters will be considered. A letter was read from Lt. Gov. Snowball, in which he said he would be present in St. John on the 23rd and 24th of June, and will be pleased to do anything in his power to assist in the celebration. A public reception will be held in the Council room, Court House, or other suitable place. The details of this were referred to the general committee. Wm. White submitted working plans of the proposed Champlain ship. He reported that a boat had been chartered for the month of June and that work would be started on her at once.
