LITTLE JOHNNY WINS 2 HEATS AND IS DRAWN

Abrupt Termination to 2.18 Pace at Lewiston Causes Disappointment—One of Best Cards.

Lewiston, Me., Sept. 9.—Thursday's card of four races was one of the best of the week with the 2.18 pace, the 2.25 pace, the 2.31 pace and the 2.30 trot. The last class was left unfinished until 10 o'clock tomorrow forenoon as it was too late to run it off. When the race was called Lucy Baron and Hiram both had won a heat.

The race of the day was the 2.18 pace and Little Johnny, owned by George Bonnaillie, of Lewiston, was looked to be the winner. He appeared to be going in fine shape and captured the first two heats with but little trouble. After the second heat, Little Johnny was reported to have been taken with the colic and his owner wished to draw him. The judges called the veterinarians in the grounds to consult on the case and the horse was finally allowed to be over again. Two more heats were run off and then by agreement the money was divided according to the last race.

ALL ROADS LEADING TO CAPITAL NOW

On the Montreal train which left here at 5.50 o'clock last evening were a considerable number of horses for the Fredrickson races which are to be pulled off next week. Some of these horses have been at Sussex and others have come direct from their stables. There are twenty-two in all and they are accompanied by their trainers, Lewis Cox was in charge of seven speedy ones which are entered at Halifax and Fredrickton; Fred Cameron, of the Detroit had a string of five and a half-brother of Halifax, took three of the likely looking steppers. P. D. Harty of Sydney was looking after two racers, while T. Raymond was in charge of F. Duncan's favorites, Idle Moments and Laura Merrill. Most of these horses will compete both at the Halifax and Fredrickton exhibition races.

HANS HOLMER DEFEATS HAYES IN MARATHON

Fleet Halifax Runner Takes Classic Race from First Class Field at Lowell—Led Throughout.

Lowell, Mass., Sept. 9.—A consistently fast stride, maintained without let-up or seeming effort during 26 miles, 355 yards, over the Merrimack Valley circuit today, enabled Hans Holmer of Halifax, N. S., to win easily a Marathon race held in connection with the Carnival Week programme. His time was announced as 2 hours, 43 minutes, 37 seconds. Patrick Dineen, of Boston, as an aside to his work as a baker, carried off second money, thirteen minutes behind and Johnny Hayes, of New York, was third. Thomas Morrissey of Yonkers, N. Y., was the last runner allowed to finish, the race being called off when he had crossed the tape.

MARATHONS ANNEX THE SILVERWARE

The Marathons will play a double header with the Moncton Victorias on the Victoria Grounds on Saturday afternoon. The first game will start at 2.30 and the second will be played through Manager D. B. Donald has announced that E. Mahoney of St. Peter's will play shortstop, with small center field, which will also be very likely played. The double header in the baseball line is rather an innovation in St. John, and it is expected that a large crowd will take advantage of it. Mr. Donald wishes to represent the Marathons in the series with St. Peter's was handed over to them yesterday. The formal presentation of the cup will take place later.

Johnson-Kaufman Battle Goes The Finish Without a Decision

San Francisco, Cal., Sept. 9.—In a tame round, Johnson smiled and cracked jokes at the spectators. Round 3—They rushed in close, Johnson driving a wicked left to the face, which he followed with a hard clout to the stomach. Johnson then uppercut twice with his right to the mouth and blood spurted from Kaufman's mouth. Johnson planted an uppercut right wallop to Alf's bleeding face and forced the blacksmith to stall. Johnson taunted Kaufman good-naturally and varied this with two fearful jolts to the jaw. The bell rang and Alf tumbled into his chair with blood flowing in a veritable stream from his mouth and nose. It was apparent that Johnson was clearly the victor.

Round 4—Kaufman, after some sparring, drove a hard left to the stomach. This angered the champion and he quickly beat the Californian against the ropes, planting right and left to the jaw. After some clinching Kaufman drove his right to the stomach and Johnson grained and winced at his seconds. Both men eased up, Kaufman seldom landing. The round ended tamely and it looked as if Johnson deliberately slowed down.

Round 5—Keep away over there, yelled Johnson at one of the newspaper photographers. The men fought to close quarters and Johnson uppercut twice with his right, lifting Kaufman's head high. Johnson was quick and nimble personified. The champion drove right and left to the stomach and had Kaufman constantly on the defensive. Kaufman made two weak efforts to land. The fighters battled around the ring without any serious damage being inflicted.

Round 6—Kaufman was short with a left lead and the men clinched. Johnson suddenly broke loose and sent the Californian almost into the pressstand with a left hook to the body and a right cross the jaw. "Mix it up," the crowd yelled and Alf did so. But he found Johnson waiting for him and in the latter showed that he was master of the situation at any style of fighting that Kaufman could bring to him. The round closed with ineffectual exchanges, Johnson having everything his own way.

ETIQUETTE OF TENNIS GETS A RUDE JOLT

Lawn tennis players are firm in belief that it is the most sportsmanlike of games. What, then, do they think of the unsportsmanlike intention of officials managing the American end of international matches soon to be played in Philadelphia?

In these matches England will be represented by Parke, Crayley and Dickson, a trio by no means the best in England, but sent by the English association as its best available players. The United States will be represented by Larned and Clothier in singles, and by Hackett and Little in doubles. With the exception of Little, who replaces Alexander, the strongest partner in the doubles championship, this team cannot be improved upon in America. If it wins, however, as it is almost certain to do, the body of the National Geographic Society was at odds over the matter or that suggestions were made that it would be well to await the submission of proofs by Cook and Peary.

WILL WAIT FOR PROOF

Washington Body Decides to Accept Statements of Both Explorers Pending Definite Proof of Their Adventures. Washington, Sept. 9.—At a meeting of the board of managers of the National Geographic Society today it was decided to take no action with regard to honors to Arctic explorers until after detailed observations are submitted and passed upon by competent authorities. Yesterday Prof. Willis L. Moore, president of the society, said that in all probability the organization would give a dinner in Washington this winter at which Cook, Peary and Shackleton would be presented with medals in recognition of their achievements in Polar regions.
