As Sheeley was on the train and using bad language Conductor Thomas McGovern asked Policeman Collins to put him off. Collins got the man out of the car but when walking down the steps Sheeley hit him a blow, causing him to reel. MANUFACTURERS OF BUILDERS SUPPLIES WANT GREEN HEAD LOTS

Stinson Reeb Company, Of Montreal, Ask Sixty Days' Option On Property Wanted By David Craig.

Opposition to Mr. David Craig in his application for the lease of the lots owned by the city at Green Head and vicinity has developed. At the Council meeting last evening a request was read for a sixty day option on the lots from Mr. Kennedy Stinson, of Montreal, who named as his representative, Mr. H. M. Navy, the Government engineer, well known in St. John and from all indications Mr. Stinson means business in his offer to buy the property. Mr. Stinson is manager of the Stinson Reeb Builders' Supply Company, of Montreal, a well known concern which operates a stone quarry and plaster mill at Montreal and is extensively engaged in the sale of builders' supplies. At present he is in the west. Mr. Navy, it is understood, looked over the property on a recent visit here. The Council is directed to send their reply to him at the Royal Hotel. Mr. Navy is the engineer who has in charge of the borings in Courtenay Bay.

It is said by the aldermen that Mr. Stinson's company is in no way connected with the cement merger. The lease with Mr. Craig is not yet confirmed by the Common Council, but was passed at a general committee meeting with one dissenting vote and one alderman absent. The delay has been caused by the time spent by the recorder and legal representatives of Mr. Craig in arranging the deal in the city. The offer of Mr. Stinson opens up interesting possibilities with regard to the action of the Council when the lease with Mr. Craig is considered. The lots applied for are numbered 13, 14, 12, 10, 8, 3, 2 and part of lot 1, in the city plan and the McManus lot in addition.

TRAINED NURSE TO BE ENGAGED WHEN \$1,000 IS IN HAND

St. John Anti-Tuberculosis Association Have \$250 Subscribed—Meeting Yesterday Reports 136 Enrolled.

At a meeting of the executive of the St. John Association for the Prevention of Tuberculosis yesterday afternoon it was decided to employ a trained nurse, as soon as funds permitted, for the purpose of teaching those suffering from tuberculosis and their families, how best to treat the disease, and to assist them in any way possible. There are at present time a number of persons suffering from tuberculosis in the city, and it is believed by the members of the association that this will be an excellent way to assist in the prevention of the disease.

Dr. G. G. Melvin reported that at the present time the association has a balance of \$250, but it was decided that it would be unwise to commence employing a nurse until about \$1,000 had been paid in. Collectors are at present engaged in obtaining membership fees.

It was reported that six persons had paid \$20 each, and become life members, and that there were 130 regular members. It was decided to have the list of members and their subscriptions published.
