YOU SHOULD WORRY IF

it were difficult to find a safe and reliable remedy for the ailments due to irregular or defective action of the stomach, liver or bowels. These ailments are likely to attack anyone; likely, too, to lead to worse sickness if not relieved.

Beecham's Pills

are famous the world over, for their power to correct these troubles certainly and safely. They cleanse the system, purify the blood and act as a general tonic upon body, brain and nerves. Indigestion, biliousness, constipation might, indeed, cause you prolonged suffering and expose you to danger if Beecham's Pills were not on hand.

Prepared only by Thomas Beecham, St. Helens, Lancashire, England. Sold everywhere in Canada and U. S. America. In boxes, 25 cents.

PERMANENT CURE

for PIMPLES APPEARED ON HIS FACE AND HANDS.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble they make you appear unattractive both to your friends and yourself. What you need, when these pimples break out, is to get a real good blood purifying medicine such as Burdock Blood Bitters. Do not just build up the system by cleansing the blood of all the impurities and poisons which cause the skin to break out in these eruptions.

Mr. F. A. McKensie, Portage La Prairie, Man., writes: "Last summer I was all run down and unfit for work as my kind. All kinds of food seemed distasteful to me. Pimples appeared on my face and hands, and I seemed to grow worse every day. One day a friend advised me to try Burdock Blood Bitters. Half-heartedly I did so, and the results obtained were marvellous. I regained my health, I took on flesh, and in a short time the pimples and skin eruptions disappeared entirely; thanks to the healing powers of B.B.B. I really recommend it to all sufferers."

B.B.B. is manufactured only by The J. C. Williamson Co., Limited, Toronto, Ont.
