Toronto, Ont., Jan. 18.—Harmony is said to have prevailed at the caucus of the U. F. PUBLIC PINS FAITH IN POLICE FORCES

Collapse of Gov't Said to be Coming About Jan. 20 When Allies May Step in.

Vienna, Jan. 18.—The threat of the workmen to take things into their own hands January 20, has created a decidedly panicky situation in Vienna notwithstanding the reassuring tone of the newspapers. It is reported that there have been large withdrawals of money from the banks and a decided exodus of those classes of the population directly threatened has set in.

Populace Very Nervous.
The recent demonstrations growing out of the postal strike, the character of the testimony before the Fair Price Conference last week and steady fall in the value of the crown all have served to bring the population to a high state of nervousness. But whether this nervousness is justified, Thursday alone will show.

Faith in Police.
The public is placing its faith on the police for the maintenance of order. It is reported the association of former officers and non-commissioned officers have been thoroughly organized as police auxiliaries in cases of need. Inasmuch as these men number about 20,000, it is believed they will prove a deterring factor against any really grave outbreak. The Austrian newspapers generally are refraining from mentioning Jan. 20, by government instruction, but today they contain the warning that no element should imperil the hoped-for entente aid by commencing lawlessness.

WOUNDED MAN DID NOT COME TO COURT

Herbert L. Stephenson Not Held Responsible for Shooting of Arthur L. Noble.

Special to The Standard
Frederickton, N. B., Jan. 18.—"No Bill" was the verdict brought in by the grand jury shortly before six o'clock in the case of the King vs. Herbert L. Stephenson, charged with wounding Arthur L. Noble, with intent to kill at Pennia on November 3rd last. The grand jury met for about two hours and a half. About fifteen minutes before the verdict was returned the jury through its foreman, Clarence Goodspeed, came in and asked for information from Mr. Justice Barry with regard to the power of the grand jury to take into consideration any provocation which might be considered to exist in connection with the case.

Asks for Instructions
His Honor replied that the grand jury must certainly have such power. I instructed you this morning that any circumstances which would upset a man's equality were to be taken into consideration. The grand jury has greater powers than the petit jury, in that it has the whole power.

With Other Man's Wife
The man who was shot was in the company of the wife of the accused at the time. The shots were fired in the dark and Stephenson was not seen. The following morning he made damaging admissions and his arrest followed. Public interest in the case has been high and the verdict has met with general expressions of approval.

Two True Bills
A true bill against Edward Burke and Charles O'Ree, the latter a colored man, was brought in after the grand jury had been out about three quarters of an hour. These men are charged with attempting to murder Arthur H. Hestry of Fredericton, near Christ Church Cathedral on the night of October 19th. The statement of the informant is that O'Ree accosted him and held him in conversation and that Burke stabbed him, wounding him slightly in the chest.

YOUTHFUL GANG CAPTURES MOTOR TRUCK OF MAIL

Five in Spectacular Hold-up of United States Mail at Union Station in Chicago.

POLICE SUSPECT AN INSIDE JOB IN CASE

None of the Thieves Were Over Twenty Years of Age and All Wore Heavy Masks

Chicago, Jan. 18.—Five youthful bandits held up a United States mail truck at the Union Station here early today escaping in an auto with 12 sacks of mail, ten of which contained registered mail. The best information obtainable this morning indicates the pouches contained part of a federal reserve bank money shipment, this was to have been placed on a train leaving for St. Paul, Minn., at two-thirty a. m.

Loaded Up Plunder.

The bandits surprised the three postal employees guarding the pouches, forcing them at the point of gun to take the mail to the back of the car. The regular mail was composed solely of city collections, the police says. The registered mail bags were supposed to contain currency and bonds whose value cannot be estimated yet.

Fear An Inside Job

One of the postal employees said that only a few minutes after they had arrived at the station with their trucks, the mail was missing. Police believe the robbery was an inside job as the bandits seemed to have known of the bank shipment as well as the time the truck would arrive and the number of men guarding it.

Thomas Carter, Richard J. Silney, and Philip Cahill, postal employees, said the five men, none of whom appeared to be more than twenty years of age, all wore black masks and carried out the robbery in such a short time that attention of a watchman and railroad mail foreman working near by was not attracted until the robbers were speeding away in their motor car with the 12 pouches.

FOSTER PARTY BOOSTS SALARY OF REGISTRAR

Westmorland Councillors Annoyed at Raise for Registrar From \$2,600 to \$4,000.

GIVEN TO A FORMER MEMBER OF HOUSE

Sharp Discussion on the Action at First Session of Council and More to Follow.

Special to The Standard
Dorchester, N. B., Jan. 18.—That the members of the Municipal Council of Westmorland are anything but pleased with the action of the Foster government in boosting the salary of the registrar of Westmorland from \$2,600 to \$4,000 a year, was quite evident from the tone of the discussion that took place at the opening session of the council here this afternoon.

The fact that it apparently never occurred to the government to increase the salary of the office during the year that the duties were so satisfactorily performed by Mr. J. A. Bourgeois, deputy registrar, and only sprang a \$1,400 boost on the county after the appointment of Mr. C. M. Legere, ex-M.P.P., did not tend to make the case any more palatable for the representatives of the people.

Councillors Are Sharp.
Councillors expressed their disapproval of the big increase in salary of deeds at a time when private concerns are not increasing salaries, in no uncertain terms but in the end realized that they were powerless and had no alternative. The matter is to be further discussed. A number of other matters were before the council at its initial session of the January meeting this afternoon, and several items of importance were laid over for further consideration and discussion.

At The Meeting.
Warden C. B. Keith called the meeting to order shortly after two o'clock with the following councillors present: Salisbury, J. W. Carter and U. Z. King; Moncton, C. B. Keith, warden, and P. E. Bourgeois; Shediac, Wm. Murray and M. Richard; Dorchester, S. Melanson and H. B. Farrer; Sackville, C. Campbell and A. Chas. Fawcett; Westmorland, T. W. Wells and A. P. Carter; Botsford, W. J. Allen and T. M. Gould; Moncton City, L. McKinnon and W. E. Sheppard; Town of Sunbury, Geo. McClinton; Shelburne, Town, A. W. McQueen; Sackville Town, Mayor F. B. Doncaster.

Veterans Cannot Rule Government
Questions Not So Much What Soldiers Want as What They Can Get Decently.

Ottawa, Jan. 18.—The hope prevalent among a large section of ex-service men in Canada that the coming session of the Federal Parliament would again take up the question of a further cash gratuity to veterans is discouraged by C. Grant MacNeill, Dominion Secretary of the G. W. V. A. in a letter published in the January issue of "The Veteran."

Mr. MacNeill writing in reply to criticism of the editorial attitude of the "Veteran" on the subject, declared that it is not so much a question of what the returned men need, as one of what they can decently get. Attempting to dictate to the government, he declares, is mere "baying at the moon."

PRUSSIAN WAR ACADEMY AGAIN FUNCTIONING

Matter Raised by Vorwaerts Which Questions the Government on it.

WAS DISBANDED BY THE PEACE TREATY

Growth of Library Leads to Belief That Officers' Courses Are Being Taught.

(Copyright, 1921, by Public Ledger.)
Berlin, Jan. 19.—Is the Prussian war academy or preparatory school to the general staff rising again in defiance of the provisions of the peace treaty abolishing the general staff and similar institutions?

The Vorwaerts addresses that question to the government in connection with the remarkable development of the library of this institution which is taking on additional room and expanding its staff of "librarians" to an extent which has aroused Socialist suspicions that the German military lists are putting something over on the Entente and republican military lists and is reviving the war academy under that guise.

Library in Demand.
The academy buildings in the center of Berlin housed, under the imperial regime, hundreds of selected officers from whom the general staff ultimately are putting something over on the Entente and republican military lists and is reviving the war academy under that guise.

Dug Montreal Cellar To Hunt Small Body
Box Was Found Buried Deeply But There Was No Trace of the Missing Millionaire.

Montreal, Jan. 18.—Acting on information that the body of Ambrose J. Small, millionaire theatre owner of Toronto, missing since December 2nd, 1919, was buried in a cellar in this city, three Montreal detectives went down this morning armed with noise-making implements to excavate for the body.

Guy street, near to the corner of St. Antoine, and near His Majesty's Theatre, was the spot designated by the informant upon whose startling statements the detectives set to work, to investigate and if possible recover the body of the long lost theatre owner.

Three Officers There
Detectives Gorman, Savard and O'Donnell who were detailed, refused to say upon whose orders the search was carried out. The detectives dug in the collar of a private home. They found a box under a pile of stones beneath the cement floor. The box, however, on being opened, was found to be empty.
