Draft

June 12th 77

The undersigned has the honor to report that a Survey has been recently completed under his instructions of the tract of land on the North Shore of Lake Huron locally known as the Messalon River Indian Reserve - having an area of 23.852 acres.

The tract in question was surrendered by the Indians, who owned it on the 11th June 1859 to be sold and the proceeds invested for their benefit.

The Surveyor reports that there is a large average of good land in the tract.

The undersigned would respectfully recommend that lands purchased for agricultural purposes be sold in blocks of not more than 320 acres to each purchaser
