Local-D. Masson, M. P., Soulange: Messrs. J. P. Lantier, M. P. There were jealousies were kept anve around the senseless clay. What would have been a spontaneous manifestation of sorrow and respect by all classes was turned into a cold, formal, tiresome, glittering pageant. A crowd flocked to see just as a crowd flocks to see any show, and those who desembled in sorrow went the functional field between the formed of the functional field between the first point of the function fie

but the outspoken condemnation—not of opponents, but of friends—will save an individual or a Government from re-

The procession continued in the foregoing order, being observed by thousands on the line of route. Long before
its arrival at the Parish Church the approaches thereto were covered with
people, a clear passage, however, being
kept by the police. The outside was
draped in mourning, and the escutcheon
of the deceased hung over the main entrance. The funeral cortege arrived at
the church at eleven o'clock. The coffin
was removed from the car and borne inwas removed from the car and borne inside and placed on the catafalque which was tartely so imposing as the funeral car athles in design or acceptant. either in design or execution. It was planned by Abbe Chabert, and was constructed in the portico of the French Churc'i. The lower portion was a square Gabriel street and around into Norra Dame street to the music of several bands, and passed the hearse, which stood in front of the Court House Square. A strong guard from Battery B. were stationed around the car.

ORDER OF PROCESSION.

The Governor-General's Guards Band commanded by bandmaster Bonner, and composed of twenty-five pieces. The Brigade in Uniform. High School Cadets, under Capt. Cushing. Militia officers of the 5th and 6th Military District.

Churc'l. The lower portion was a square box 14 feet long, eight feet wide, and bout six feet high. It is constructed of common pine, which is covered with nany different kinds of paper. The sides are in imitation of flesh-colored marble, while in the centres are white marble tablets; at each corner were imitation variegated marbles, while three gold bands surround and follow the mouldings. Above the foundation was raised an arched campy, decorated at each corner with a pepper-ind-salt colored turret; the variegated marble tint is here shown. Above the
