The Fact of Conversion

By **REV. GEO. JACKSON, B.A.**

Cloth, \$1.00, net

Mr. Jackson has done wisely in the preparation and publication of this volume. He has collected and critically examined a large area of facts and illustrations bearing on the subject, and the product of his labors is a strikingly forceful and helpful work.

The Genius of Shakespeare and other Essays

By **WM. F. OSBORNE, M.A.**

Cloth, Gilt Top, \$1.00

Professor of English Literature, Wesley College, Winnipeg.

Rev. Dr. Sparling, Pastor of Grace Church, Winnipeg, writes: "I heard the one on 'The Genius of Shakespeare.' That struck me as being as good as the very best. If all the rest are as good, and I have no doubt they are, the book will be an admirable one. Prof. Osborne is popular in the West, and his book will sell rapidly."

Myths and Facts of the American Revolution

BY **ARTHUR JOHNSTON**

Cloth, \$1.25

"Mr. Johnston's work is a marvel of careful research. It brings out a mass of facts most necessary for a correct appreciation of the real history of the American Revolution. I look upon it as the most valuable contribution to the subject that I have seen."—*Col. Geo. T. Denison, G.C.B.*

Concerning the Christ

By **REV. J. D. FREEMAN, M.A.**, Author of "Life on the Uplands."

Cloth, \$1.00

The high reputation won by the author by means of his first book, "Life on the Uplands," will be materially enhanced by this new work, which consists of a series of studies of notable scenes and events in the life of Our Lord. It is marked by the same freshness and beauty of thought and exquisite literary charm as made that study of the 23rd Psalm a delight to many thousands of readers.

The Empire Builders and Other Poems

By **ROBERT J. C. STEAD**

Cloth, \$1.00

This is a really notable volume, much in the style of Kipling and Service, but with an individuality of its own. It contains many striking poems voicing the Imperialistic idea, that of a closer welding of the British Empire. We predict for the book a large sale.
