After spending some time in England, Mr. Auvache has returned to Ontario in improved health, and hopes soon to enter upon a pastorate. We trust that a suitable field will open up for him as soon as he is ready for it, and that he will be enabled in Canada to do mission work which he was providentially hindered from doing abroad.

THE ASSOCIATIONAL MEETINGS. It will not be the privilege of the editor to visit any of the Associational Meetings this year, but she wishes to express an earnest desire that they may one and all be well conducted, well attended, and fraught with divine blessing. Let each Circle make it a point to be well represented, and let each delegate feel the responsibility of contributing something to the interest of the meeting. We have a great work to do. Let us work while it is called to-day.

A FORTHCOMING BOOK ON OUR TELUGU MISSIONS. Mr. T. S. Shenston, the Treasurer of the General Society of Ontario and Quebec, and known all over Canada as one of the staunchest friends and most liberal supporters of our missions, has prepared an illustrated work on our Telugu Missions, which will soon be before the public. It is intended for very general circulation and will be distributed, we believe, either gratuitously or at a nominal price. He has bestowed much labor and expense upon the work, and we have no doubt it will prove highly useful in increasing interest in our missionary enterprises.

MISSIONARY PHOTOGRAPHS.—Brother E. Poole, of St. Catharines sends us a copy of a large picture (8 x 10) of our missionaries in India. The group was taken before the McLaurins left India, and, of course, before the new missionaries arrived. It consists of F. W. Auvache, J. R. Stillwell, J. R. Hutchinson, G. Churchill, J. Craig, I. C. Archibald, Mrs. Archibald, Miss Hatch, Miss Wright, Mrs. McLaurin, Mrs. Sandford, J. McLaurin, R. Sandford, Mrs. Churchill, Mrs. Craig, Mrs. Stillwell, Miss Gray, Mrs. Hutchinson. Mr. Poole paid a considerable sum for the negative, and has presented 1 doz. copies to Mr. McLaurin for mission purposes. He would like to help along the missionary cause and reconp himself in

in part at least, by selling a considerable number of these excellent pictures. He will send a copy to any address for 50 cents, and will send three copies for \$1.00. Circles can thus make a profit by ordering three or more.

OUR REPRESENTATIVES IN THE LONDON CONFERENCE.—Rev. James Grant, the Secretary of the General Society of Ontario and Quebec, has removed to Toronto, where he has accepted the pastorate of the Parliament Street Church. Some time ago Mr. Grant was appointed by the Board to represent the Society in the great mission meeting soon to be held in London, England, and arrangements were made to pay his expenses from private sources. He has decided to remain at home to look after the interests of his church, and of missions, and our honored missionary, Rev. John McLaurin, has gone in his stead. We trust that the trip will prove highly beneficial to Mr. McLaurin's health, which is still far from satisfactory, and that he will be permitted to receive and impart much good at the London meeting. We shall expect him to furnish to the readers of the LINK his impressions of what will probably be the greatest missionary convention ever assembled. Just as we go to press we learn that Mr. Shenston has gone likewise.

LOOK AT YOUR LABELS. We could wish that our readers would more generally observe the date on the labels of their papers, and would make it a point never to be in arrears. It sometimes happens that, through our own carelessness or that of the printer of the mailing list, due credit is not given for the money sent. If our subscribers would watch their labels and notify us as soon as they observe that credit has not been given they would confer a favor upon us and save themselves trouble in the long run. For, if the correction is not made, the time is sure to come when the name will be dropped, or when an unpleasant reminder in the shape of a post card will demand attention. It is too bad that any one who has paid should be put to further trouble and we hope in the future to guard more carefully against errors than we have done in the past; but when we have done our best errors will occur, and we request our friends to point them out promptly when they observe them.
