THE BALANCE OF POWER.

WORTHY PRELATE—Now, my dear, take good care of that child and give it plenty of pap, or I'll take it away from you and hand it over to this other little party to nurse.

Some people have a habit of going away from home when they want a good thing, and are often willing to pay a double price for it. In photography there is no need of this, as you can no where else get portraits of equal merit, as at the Photo. Art Studio of J. Bruce & Co., 118 King St. W., Toronto.

BALDNESS!

Neither gasoline, vasoline, carboline, or Allen s, Aver's, or Hall's hair restorers have produced luxuriant hair on baid heads. That great discovery is due to Mr. Wintercrbyn, 6: King-street East, (late 132 Church-street), as can be testified to by hundreds of living witnesses in this city and Province. He challenges all the so-called restorers to produce a like result.

A Terrible State of Affairs.

Sm:—The people of this country are mad. Sin:—The people of this country are mau. They have gone entirely out of their senses, sir, if they ever were in them. I am convinced of it beyond all doubt by the event of last Thursday. I had a dread suspicion of it after what happened on the 17th of September, but I suspended judgment until I should see how the Ontario elections would be a conducted that they are at I have already said. go, and now, sir, as I have already said, I am convinced. The people have plainly said by their ballots that they demand corruptionists to rule over them, and as be-tween competent and incapable ministers they enthusiastically decide for the latter. Sir, these are bold statements, but I am going to prove them in a very few words. Why, did they do on the memorable 17th? sir, put JOHN A. and his besmire led companions back into power, and weren't they panions back into power, and weren't they aware from the columns of the Globe that these base persons had perpetrated scandals innumerable and squandered millions of the people's money; whereas, MACKENZUE and his compeers were a body of pure, patriotic and able men, against whom no charge could be successfully made? There, sir, the first position is established. Now, what dud they do lost Thursday? Why the what did they do last Thursday? Why, the same thing over again. They returned same thing over again. They returned MowAr and his ministry, notwithstanding that the Mail has informed them over and over again about the Proton outrage, the Fence Scandal, and the other most disreputable acts which these men have been guilty of, and rejected the services of Messrs.
Morris, Meredith and the other members of the Opposition, who are highly respectable and trustworthy persons. There, sir, is the second position made fast. And now am I not justified in coming to the conclusion that the people of Ontario are mad—or at all events, which is still worse, that they have no moral percention, and deliberately. have no moral perception, and deliberately prefer bad men to good?

Yours indignantly, MENS SANA.
