Brethren

You moved also Concerning the ancient Covenant made between our ancestors & me out of mind that wth Covenant Chain wherein they entered themselves & put in their hands you neither would nor desired to withdraw your hands that on the best and most proper methods you would keep that ^{Covenant} ~~inviolable~~ ^{the same} if any Bust might be on ~~it~~ if you did clean and make it bright and shining wherefore we do return the Brethren our most hearty thanks & Rejoice to hear it, We do now in like manner in name of the Six Nations Renew & Strengthen wth Covenant Chain & hope that our Childrens Children may live in such Amity and agree so friendly as we do

Brethren

We desire you not to hearken to any false Stories for in the Common Course of the World wth Brethren live peaceably Envious people will ^{endeavour} breed discord
