

The Carl subway still to  
come. The land carried  
to be measured, with the 35 million  
dollar assumed stock  
to be at something near  
their intrinsic value  
as far as we can see  
possible counts of the  
Coy. This should be  
assisted on & the result  
will be that the  
public will soon take  
up the stock.  
Always yours
