

Fifteen explosive and chemical plants
at a total cost of \$70,000,000;

Twenty-five armament plants at a cost
of \$66,000,000;

Forty ammunition plants at a cost of
\$36,000,000;

Additions to automotive plants at a
cost of \$5,000,000;

Further details and sub-divisions of these
expenditures will be given by the Minister of
Munitions and Supply.

The production of aircraft in Canada in the
three months from July to the end of September increased
more than three hundred per cent over the preceding
three months. This rapid acceleration of production
is still continuing.

In the production of munitions, some 70 companies
are now at work on orders; some 44 plants are now engaged
in the manufacture of gauges.

On the 10th October, of this year, the Minister
of Munitions and Supply announced that designs had been
approved of a new type of tank, and that preparations were
under way to manufacture 3,000 of them in Canada.

I have tried in very brief form to fix, at the
given specified dates, the increased momentum of our war
production. The curve is rising with remarkable rapidity.
