## THE BEST IS THE CHEAPEST.

All our different brands are put up in sacks of 200 lbs. Each package bears our Guaranteed Analysis.

All material used in the compounding of these manures are of the very choicest quality.

**No Rock, Horn, Leather or other inferior ingredients used.**

A leading American Fertilizer manufacturer states in plain terms that the basis of their manures is BONE, and that they use no Phosphate rock of any kind or any inferior materials. They offer to forfeit **\$10,000** to any one who will prove that they have ever used any **Phosphate Rock** in any of their manures.
