RUN TO NEW ORLEANS.

C. P. R. Steamers Will Call There This Winter.

Montreal, Nov. 24.—The Canadian Pacific announces the establishment of a new steamship line to be run by them during the winter between New Orleans and various winter ports. Four of the Elder-Dempster steamers will be used, the Montrose, the Montreal, the Montezuma and the Milwaukee. It has been decided that the winter business for the two open Canadian ports, St. John and Halifax, will not be enough to keep the whole fleet of thirteen vessels in commission, so an effort will be made to capture some of the cotton-carrying trade of the southern ports. It is expected also that some grain that was unable to get away early in the season will be taken south for shipment by the ocean route.

Barbarous Surgical Operation

For the Cure of Piles

Is not only intensely painful, dangerous to life and very expensive, but in the light of modern medical research, and since the discovery of the Pyramid Pile Cure, wholly unnecessary. If you have any doubt on this point kindly read the following letter from one who knows that the claims regarding the merits of the Pyramid Pile Cure are borne out by facts.

"For a long time I suffered with blind piles. They gave me so much pain and uneasiness that they almost disqualified me for doing anything. I saw an advertisement in the Atlanta Journal of Pyramid Pile Cure and ordered a 50 cent box. I used them and they gave me relief; that encouraged me and I bought another 50 cent box and they cured me. Oh how glad that I am again!"

"The Pyramid cured me and I am satisfied they will cure anybody else who is suffering as I was, if they will use them."

"You may use this in any way you see proper, if my experience will encourage any sufferer to use your Pyramid Pile Cure, I shall be glad." H. K. Hicks, Calhoun, Ga.

The Pyramid Pile Cure is sold by druggists for 50 cents a package, and its merit is so well known that the sales exceed those of all similar remedies combined.

Write Pyramid Drug Co., Marshall, Mich., for their little book on the causes and cure of piles, which is sent free for the asking.

ARRESTED AT STRATHROY.

David Stackford Said to be Wanted in Several Cities.

Strathroy, Nov. 24.—David Stackford, alias Henry Shaver, who is wanted by the police at St. Thomas, Brantford, Woodstock and London, was arrested here Sunday by Chief of Police Wilson for stealing some clothing and jewellery from John Sinclair of Lobo. He was arraigned before Police Magistrate Noble this morning, who, hearing that he was wanted on other similar charges, decided to remand him until Monday, the 30th. He informed the Police Magistrate that Stackford was his proper name, but that he went under several aliases. He admitted having served four years in the reformatory at Penetang and three months in the Central Prison.

UNDER GAS 36 HOURS.

A Remarkable Experience of a Galt Woman.

Galt, Nov. 23.—Practically asphyxiated from Friday night until Sunday morning is the remarkable experience that Mrs. J. B. McKenzie, Brook street, and her ten-year-old daughter have passed through and live to tell the tale. On Friday a new coal stove was put in the McKenzie home, from which the gas escaped. Mrs. McKenzie and her daughter retired on Friday night, and from then until Sunday morning is a blank in their minds. That they were not asphyxiated beyond resuscitation is due to the fact that E. A. Smith, Mrs. McKenzie's brother-in-law, noticed that the little girl was not at Sunday school yesterday morning, and thinking some one was ill at the McKenzie home, proceeded there after church. He found the little girl wandering around the house in a dazed condition and the mother unconscious. He immediately had them removed to his home and summoned medical assistance. Today the doctors say they will recover. The local medical men state that such a strange case has never before come under their observation.

COLOMBIA TAKES ACTION.

A Decree White Hits at the Steamship Lines.

Colon, Nov. 24.—A decree was issued at Cartagena, November 16, setting forth that no steamers shall be allowed to clear from Cartagena, Colombia, for Colon, Panama, or enter Cartagena from Colon. All the foreign Consuls and steamship agents at Cartagena have protested without effect against the decree.

Paris, Nov. 24.—Foreign Minister Delcasse addressed the Chamber of Deputies to-day in reply to questions regarding foreign affairs. He said that Panama had pledged itself to protect French interests, and that France had but to follow the example set by the United States. The Foreign Minister's remarks were received with applause.

Berlin, Nov. 24.—Emperor William has directed the German authorities to officially recognize the Republic of Panama. An announcement of the recognition of the new State is expected daily.

SCARCITY OF LABOR.

Exodus From Ontario to the Northwest Continues.

Toronto, Nov. 24.—The Ontario Bureau of Industries, in its October report, says: Correspondents are agreed as to the great scarcity of farm labor, but they are much divided as to how to meet the difficulty. The exodus to the north and Northwest still continues, which means the loss to the Province of many of its most stalwart and experienced young men, and their places here are being taken by old-country youths, who suffer in comparison, although some of them give satisfaction. Wages show no tendency to lower, and some correspondents insist that it is impossible to pay current rate and make a profit. Improved machinery, however, is coming to the help of the farmer, and more land is also being devoted to pasture. The scarcity of rural labor is so greatly felt in some quarters that several correspondents seriously advocate the bringing into the country of Chinese and Japs to supply the deficiency. Domestic servants on the farm are exceedingly hard to procure. A number of correspondents assert that it is easier to get a wife than it is to find a female servant for a farm house.
