

THE BUILDING RECORD IN TORONTO.

The city of Toronto made substantial progress in the erection of buildings during the past year. The fire in the early spring necessitated the erection of many large and valuable buildings in the wholesale district, and all the burned area, except Front street, which is stagnant on account of the uncertainty of railway expropriation, has been largely built upon.

The building permits for the year show an increase over last year over one and a half million dollars. The following is the record by months:

January.....	\$ 61,450 00
February.....	154,380 00
March.....	261,845 00
