

Shaving Single Handed in a Military Hospital

Only those who have been there can realize what the Gillette Safety Razor is doing for the wounded!

Clean shaving on the firing line, possible only with a Gillette, has saved endless trouble in dressing face wounds. In the hands of orderly or nurse it shortens by precious minutes the preparations for operating. Later, in the hands of the patients, it is a blessing-indeed!

As soon as their strength begins to return, they get the Gillette into action, and fairly revel in the finishing touch which it gives to the welcome cleanliness of hospital life. For though he can use but one hand—and that one shaky—a man can shave himself safely and comfortably with a Gillette Safety Razor.

It may seem a little thing to you to send a Gillette to that lad you know Overseas, but to him it will mean so much! It will bring a touch of home comfort to his life on active service, and be even more appreciated if he gets "Blighty".

Wives Sometimes Object To Life Assurance But— Widows Never Do

Many a man has failed to insure because of his wife's noble but misguided scruples. She didn't want even to think of her husband being taken from her. The thought of money forcing itself into such a tragedy filled her with horror.

Such a woman overlooks the awful plight of a family left destitute. It's a husband's duty to protect his family from want and suffering after his death. A wife who opposes her husband in performing this duty is unfair to him, to herself and to her little ones.

A few dollars each year invested in an Imperial Income Policy will secure the payment of a regular, monthly income to a man's family after he's gone. We have an interesting booklet which tells all about it, and will send a free copy to any man or woman who asks for it.
